July 22, 2019

Huntwicke Capital Group Inc. (HCGI:OTC), based in Topsfield Massachusetts, is delighted to announce that we have closed on the acquisition of Mercury Brewing and Distribution Company and Ipswich Brewery Partners LLC.

The Ipswich Ale Brewery was first introduced to the North Shore in the spring of 1991. It has been operating longer than almost every other craft brewer in New England. Since then, Ipswich Ale has grown to contract brew many notable beers that are distributed around Massachusetts and New England, including Newburyport Brewing Company and Peak Organic.

With over 36,000 square feet of space, the brewery is comprised of the Brewer's Table Restaurant and the production facility. The Brewer's Table restaurant gives customers a first-hand look into the production facility. Huntwicke Capital Group is the parent company to multiple local businesses and commercial real estate, and is focused on investing in the North Shore of Massachusetts.

"The acquisition of Ipswich Ale Brewery certainly aligns with our mission to invest in great properties and great businesses on the NorthShore. It is a special property and Ipswich Ale is a great brand. Like a few others in the craft beer industry, Ipswich helped change and industry and the way many of us enjoy different style beers. We are very excited to welcome Ipswich Ale Brewery team to Huntwicke Capital Group." – Brian Woodland, President, Huntwicke Capital Group

"We at Ipswich Ale Brewery couldn't be more excited to be partnering with Huntwicke Capital Group going forward. Having opened in 1991, we have seen the industry grow from its formative stages to the mature, vibrant state that it is in today. It is great to know that through our partnership with Huntwicke Capital group we will be prepared to act on some of the new and exciting the opportunities that the craft brewing world is creating. The first of these opportunities is our partnership with Newburyport Brewing Company as their brewing partner. Look for more exciting news in the future!" – Robert Martin, President, Ipswich Ale Brewery
