

Echo Defense Projects Inc. Welcomes Donald Redman as New Board Member, Bringing Extensive Corporate Leadership and Strategic Expertise

FOR IMMEDIATE RELEASE

Las Vegas, NV - June 20, 2023 - Echo Defense Projects Inc. (OTC: ECDP), a leading technology company committed to revolutionizing the realms of national defense, security, and border control, is delighted to announce the appointment of Donald Redman to its esteemed Board of Directors. Mr. Redman, a seasoned corporate executive with a remarkable track record of success, brings a wealth of expertise in corporate leadership, strategic management, and business development to the organization.

This appointment comes at a pivotal moment, as the company recently entered into a significant licensing agreement with AMSI Labs, of which Mr. Redman is a part. This collaboration between Echo Defense Projects Inc. and AMSI Labs highlights the mutual recognition of their shared vision and commitment to advancing cutting-edge technology in the defense sector. The inclusion of Mr. Redman on the board further strengthens the strategic partnership between the two entities and signifies a promising future of innovation and growth for both organizations.

During his illustrious career, Donald Redman held prominent positions within renowned corporations, including The Diversey Corporation in Chicago and the DuBois Chemical Division of W.R. Grace and Company. Notably, he concluded his tenure at Grace as President of Chemical Specialties International, leaving a lasting impact on the organization's growth and performance. With extensive experience in company startups and reorganizations across multiple countries, including South Africa, Netherlands, Italy, Switzerland, and Great Britain, Mr. Redman has demonstrated his ability to navigate complex business landscapes and deliver exceptional results.

In addition to his corporate accomplishments, Mr. Redman has actively participated in several telecommunications startups, showcasing his entrepreneurial spirit and keen business acumen. He also played a pivotal role in the funding and reorganization of Buffalo Wild Wings restaurant group, which expanded to an impressive 1,250 restaurants and was subsequently taken private in 2017 for an impressive \$2.9 billion.

Furthermore, Mr. Redman's dedication to scientific advancement and medical research is commendable. He is not only one of the co-founders but also the chief funder of latest partner, AMSI Labs. He also served in the US Air Force Reserves Medical Corps during the Vietnam era, exemplifying his commitment to service and dedication to the well-being of others.

The appointment of Donald Redman to Echo Defense Projects Inc.'s Board of Directors further solidifies the organization's commitment to attracting top-tier talent and fostering a culture of innovation and excellence. His invaluable experience, strategic acumen,

and visionary leadership will undoubtedly contribute to the company's continued growth and success.

"We are thrilled to welcome Donald Redman to our esteemed Board of Directors, alongside Bill Shafely, former CEO of Best Buy Government and Education Inc.," stated Mr. Carlos Diericx, CEO of Echo Defense Projects Inc. "Their collective expertise and industry insights will be invaluable as we continue to augment our leadership committee and steer Echo into the robust security markets. With our current portfolio of cutting-edge technology and operations, we are poised to make significant strides in shaping the future of defense and security. The addition of Mr. Redman further strengthens our strategic positioning, and we are excited about the collaborative opportunities that lie ahead."
