

Astra Veda Corporation Selects Fruci & Associates for Financial Statement Audit

Astra Veda Corporation (OTC PINK: ASTA), a pioneering force in launching disruptive technology startups, is pleased to announce its collaboration with Fruci & Associates II PLLC, a Certified Public Company Accounting Oversight Board (PCAOB) firm, to conduct a comprehensive audit of the company's financial statements for the two years ended December 31, 2021, and 2022.

This strategic move marks another significant promised milestone in Astra Veda's journey towards achieving the highest standards of financial and corporate governance. By retaining Fruci & Associates, a renowned name in the field of financial auditing, Astra Veda reaffirms its commitment to excellence and accountability in its financial reporting.

Astra Veda Corporation embarked on the path to becoming audit-ready at the end of 2021, engaging the expertise of Eventus Advisory Group. Over the past two years, our team has worked tirelessly to realign our practices to prepare and improve our financial accounting rigor with industry best practices and regulatory requirements. This diligent and costly preparation has staged Astra's financial operations to be seamless, ensuring that our financial statements lawfully and accurately represent the company's financial position, performance, and cash flows.

The process, overseen by Fruci & Associates, is a crucial objective towards achieving compliance with SEC Reporting Standards. Astra Veda anticipates that this comprehensive audit will be completed during the fourth quarter of 2023, paving the way for reliable financial reporting for stakeholders.

Commenting on this anticipated key performance metric, Mick Davis, CEO of Astra Veda Corporation, stated, "We are proud to have selected Fruci & Associates as our accounting assurance partner. This engagement underscores our vision for investor clarity, legal resilience and market excellence in accounting. We believe that this governance pillar will openly demonstrate that we are serious about our future scalable success. This PCAOB audit is a pivotal measure to assure our investors, partners, and the broader financial community that we mean business."

Fruci & Associates, known for its dedication to quality and professionalism, will bring its extensive experience and expertise to ensure that Astra Veda's financial statements meet the highest industry standards.
