

# **Good Gamer Entertainment Inc. Signs Letter of Intent with CommunityLogiq Software Inc. and Provides Corporate Update**

Vancouver, Canada – February 8, 2024 – Good Gamer Entertainment Inc. (the “Company”) (**TSXV: GOOD, OTCQB: GGAMF**), a technology company at the forefront of AI-driven content generation and digital advertising, is pleased to announce the signing of a Letter of Intent (“LOI”) with CommunityLogiq Software Inc. (“CommunityLogiq”). This LOI outlines a proposed transaction for the Company to acquire an exclusive software license for the UrbanLogiq Risk Management Platform, enhancing the Company’s technological capabilities and market reach.

Under the proposed terms of the LOI, the Company will acquire an exclusive, worldwide license for the UrbanLogiq Risk Management Platform. This acquisition represents a key step in the Company’s strategy to leverage cutting-edge technology to provide innovative solutions across various industries. The consideration will involve the issuance of 2,500,000 common shares of the Company and a cash payment of Cdn\$250,000 to CommunityLogiq.

The transaction is subject to the entry into a definitive agreement, including the customary conditions contained therein, as well as the acceptance of the TSX Venture Exchange.

## **Search Monetization Platform Progress**

From September 1, 2023, to January 31, 2024, our focus on search monetization has yielded approximately \$118,510 in revenue. This achievement underscores our dedication to building out our AI-driven search monetization platform, a cornerstone of our strategy to innovate within the digital advertising space. Our team is continuously working to enhance the platform’s capabilities, ensuring it remains at the cutting edge of technology and market needs.

## **Continued Development of TurboContent.ai**

The Company remains committed to the development of TurboContent.ai, our AI-powered content and image generation platform. Currently in beta, TurboContent.ai is designed to transform how businesses engage with their audiences, offering intuitive prompts that produce diverse, plagiarism-free content across various formats. This platform features advanced capabilities, including text-to-speech, speech-to-text, and the

creation of photorealistic images from simple prompts. As we continue to refine and enhance TurboContent.ai, we are excited about its potential to redefine content creation and digital engagement.

### **Playcash Loyalty Rewards App Surpasses 100,000 Installations**

Our innovative mobile Android application, has continued to captivate and engage users, surpassing over 100,000 installations by the end of 2023. This significant milestone reflects the app's compelling appeal and the successful expansion of our user base. Playcash has consistently provided users with a rich variety of downloadable and non-downloadable games, along with engaging surveys, reinforcing Good Gamer's expertise in creating captivating digital experiences. This achievement not only highlights our app's growing popularity but also supports our strategic vision as we evolve and expand our presence beyond the gaming sector.

### **Change of Directors**

The Company also announces the resignation of Russ McMeekin from the Board of Directors. Russ has been an invaluable member of the Good Gamer team, contributing significantly to our strategic direction and growth. The Company would like to express its sincere gratitude for his services and dedication during his tenure.

### **About Good Gamer Entertainment Inc.**

Good Gamer Entertainment Inc. (TSXV: GOOD, OTCQB: GGAMF) is a forward-thinking technology company dedicated to innovating and utilizing AI in technology. With a focus on developing cutting-edge solutions, Good Gamer is committed to enhancing how businesses engage with their audiences and data.

### **About UrbanLogiq:**

UrbanLogiq leverages advanced data integration to support governmental agencies, providing a cohesive platform designed to streamline decision-making processes in an efficient, economical, and data-centric manner.
