

Logipix International Corp. Announces Acquisition of Logipix US Corporation

For Immediate Release

Richmond, Virginia – Logipix International Corp. (OTC: TAMGD), a holding company, is pleased to announce the acquisition of Logipix US Corporation, an initial move establishing its portfolio in the fast-growing security technology sector.

Logipix US Corporation is the exclusive distribution partner of Logipix Technical Development Ltd. (Logipix) for the Americas region. Logipix is a technology market leader combining high-resolution panorama cameras with advanced Artificial Intelligence. Logipix manufactures and delivers systems which enable long-range detection and tracking of threats and enhanced situational awareness for critical commercial and military infrastructure, airport airside operations, and international borders.

The acquisition will accelerate the expansion of Logipix US Corporation's sales, marketing and strategic business development.

Michael Broggie Jr., CEO and executive director of Logipix US, will join Logipix International as COO and as a member of the Board of Directors, reporting to CEO and board chairman Douglas Solomon. Mr. Broggie will continue to serve as President of Logipix US Corporation.

Logipix International Corp. CEO and Chairman Douglas Solomon said, "adding Logipix US to our portfolio is essential to our worldwide expansion goals supporting Logipix. Logipix's unique technology solves immediate needs to improve safety and situational awareness at airports, seaports, and critical infrastructure worldwide, and we have a mandate to deliver and support this expansion."
