WOWI Inc. by vote at a special meeting change from fiscal Year End to a Calendar Year End, Ending December 31st, 2024.

WOWI Inc. via a special meeting voted for changes to its year end from September 30th to December 31st. We had to do this in order to financially account properly and to do it in a cost-effective manner. WOWI Inc. also cleared and closed all open agreements with WOWI LLC. and all other companies under contractual agreement. WOWI's management is looking at current market opportunities and new agreements with various companies under their licensing, trademark and management agreements. As WOWI Inc. is in an environment of change and a tough economic environment it and its management will do a serious and deep dive look into viable revenue options that will be the cornerstone of its active operations going forward.

We have been and will continue to work tirelessly for our shareholders to realize the best changes for risk adjusted gains. It has been a great undertaking but I as interim CEO see a lot of positives on building on past success while entering the future paths we set in motion.
