PRESS RELEASE

Citizens Bank Welcomes Rich Greslick to Executive Team

Lafayette, TN - January 22, 2025 — Citizens Bank and its holding company, Citizens Bancorp Investment, Inc., are pleased to announce Rich Greslick has joined the executive team of the bank and the company. Greslick's hiring is part of the company's management succession efforts wherein he will work closely with current CEO Pete Williston until Williston's retirement in June 2026.

Greslick, a seasoned banking professional with over 26 years of community banking experience, comes from CNB Bank in Clearfield, Pennsylvania, where he served as Senior Executive Vice President and Chief Operating Officer. During his tenure at CNB Bank, a \$5.8 billion institution, Greslick played a pivotal role in the bank's expansion across Pennsylvania, Ohio, New York, and Virginia, while preserving the community bank culture that is so vital to its identity. He began his career at CNB in 1998 after obtaining an accounting degree from Indiana University of Pennsylvania, and his extensive expertise spans financial operations, acquisitions, and de-novo branching.

"Citizens Bank looks forward to the wealth of experience and leadership that Rich brings to the table," said CEO Pete Williston. "Our team is excited to work with Rich in his transition and to identifying more opportunities to grow and serve our communities with excellence."

A native of Clearfield, Pennsylvania, Rich, his wife Arianne, and their two sons, are excited to embrace the Southern hospitality that Tennessee offers. Their small-town roots and Midwestern values align perfectly with the principles of Citizens Bank, promising a seamless transition into the Citizens Bank team.

"Community Banking is something that I hold close to my heart," stated Greslick. "It's truly an honor to join Citizens Bank with its rich, longstanding history in strongly supporting the communities it serves, as well as the cohesive team which has assembled to continue and evolve our customer and community focus for years to come."

About Citizens Bank:

Citizens Bank was founded in Lafayette, Tennessee, in 1909 and has twenty locations in twelve counties in Middle Tennessee. The bank has grown to \$1.6 billion in assets and is now the 16th largest bank headquartered in the state of Tennessee.
