

NEXT DYNAMICS, INC. SIGNS MANUFACTURING & DISTRIBUTION MOU WITH SHERBINY HOLDINGS

Wilmington, North Carolina, May 1, 2025 (NEXD:OTC) Next Dynamics, Inc. (OTC: NEXD) (“Next” or the “Company”), www.nextdyn.com, a Texas corporation, is pleased to announce the execution of a Memorandum of Understanding (“MOU”) with Sherbiny Holdings of Saudi Arabia (<https://sherbiny.com>) regarding the manufacture and distribution of small arms, machine guns, armed manned and unmanned vehicles, and ammunition for the military and commercial markets.

The agreement will cover major geographic regions in the middle east including the Kingdom of Saudi Arabia, Kingdom of Bahrain, State of Qatar, United Arab Emirates, Sultanate of Oman and the State of Kuwait.

Majed Sherbiny, CEO of Sherbiny, stated, “This MOU marks an important step in strengthening defense manufacturing and distribution capabilities within the region. By partnering with Next Dynamics, we are bringing cutting-edge technology and expertise, and leveraging our extensive manufacturing experience from the energy sector to enhance security and defense solutions. Our deep-rooted engineering and industrial capabilities position us to deliver high-quality, reliable products that meet the demands of our key markets. We look forward to a long and successful collaboration.”

Rob Macintyre, CEO of Next Dynamics noted, “I very much look forward to working with Majed and his team at Sherbiny to expand our current and new product lines in these regions. With increased military spending in these regions, Next Dynamics is positioning itself for significant growth.”

About Next Dynamics, Inc.: Next Dynamics, Inc. is an emerging global leader in developing, engineering & licensing some of the world’s best-performing small arms, nutritional meal replacements, specific sniper training programs, machine guns and light unmanned vehicles. The Company’s patented Advanced Small Arms Projectile (A.S.A.P.®) munitions, which offer unparalleled ballistics, cover the full spectrum of ground force applications across small and medium NATO calibers and weapons platforms. Next Dynamics also offers engineering services focused on artillery modernization and holds numerous other patents in small-arms munitions, armaments, and military engineering upgrades.

**Safe Harbor Forward-Looking Statements:**

This press release may contain forward looking statements that are based on current expectations, forecasts, and assumptions that involve risks as well as uncertainties that could cause actual outcomes and results to differ materially from those anticipated or expected, including statements related to the amount and timing of expected revenues related to our financial performance, expected income, distributions, and future growth for upcoming quarterly and annual periods. These risks and uncertainties are further defined in filings and reports by the Company with the U.S. Securities and Exchange Commission (SEC). Actual results and the timing of certain events could differ materially from those projected in or contemplated by the forward-looking statements due to a number of factors detailed from time to time in our filings with the SEC. Among other matters, the Company may not be able to sustain growth or achieve profitability based upon many factors including but not limited to the risk that we will not be able to find and acquire businesses and assets that will enable us to become profitable. Reference is hereby made to cautionary statements set forth in the Company's most recent SEC filings. We have incurred and will continue to incur significant expenses in our development stage, noting that there is no assurance that we will generate enough revenues to offset those costs in both the near and long term. New lines of business may expose us to additional legal and regulatory costs and unknown exposure(s), the impact of which cannot be predicted at this time.

Words such as “estimate,” “project,” “predict,” “will,” “would,” “should,” “could,” “may,” “might,” “anticipate,” “plan,” “intend,” “believe,” “expect,” “aim,” “goal,” “target,” “objective,” “likely” or similar expressions that convey the prospective nature of events or outcomes generally indicate forward-looking statements. You should not place undue reliance on these forward-looking statements, which speak only as of this press release. Unless legally required, we undertake no obligation to update, modify or withdraw any forward-looking statements, because of new information, future events or otherwise.
