

APPOINTMENT OF NEW BOARD MEMBERS AND EXECUTIVE OFFICERS

Hong Kong, May 7, 2025 — International Endeavors Corporation (OTC: IDVV) is pleased to announce the appointment of a new Board of Directors and executive management team, effective February 10, 2025. These changes reflect the Company's commitment to strengthening its leadership and positioning itself for future growth across its core markets.

The newly appointed members bring a wealth of experience in construction, engineering, finance, and technology, with proven track records in global project execution, public company leadership, and strategic development.

About the New Leadership

Anthony Tam, our Chairman of the Board, is the founder of Zenith Group and a seasoned leader in the construction industry with over 30 years of experience. He has led landmark projects such as the Xiqu Centre in Hong Kong and specializes in international project management.

William Fu, our Director and CEO, is a technopreneur with expertise in technology innovation and supply chain management over 30 years of experience. He previously served as CEO and CFO of King Resources Inc. (OTC: KRFG).

Alex Au Yeung, our Director and CFO, has over 25 years of experience in finance and accounting, with leadership roles in listed companies in Hong Kong and Australia. He is a certified accountant with HKICPA, ISCA, and CPA Australia.

Alex Wong, our Non-Executive Director, is a veteran civil engineer with over 45 years of experience in large-scale property development and infrastructure projects across Asia, including leadership roles at Shui On Land Limited.

KK Fung, our Non-Executive Director, brings more than 50 years of experience in E&M engineering and has held senior positions at major property developers and contractors. He holds advanced degrees in engineering, business administration, and arbitration.

About IDVV

International Endeavors Corporation and its subsidiaries engage in the business of property development by implementing modular integrated construction technology ("MiC"), embedded with our proprietary atmospheric water generators ("AWG") and property management system by internet of things technology ("IoT"). We believe that these technologies support the development of sustainable and intelligent properties tailored for varieties of markets, including residential, commercial, industrial, and remote or resource-scarce environments.

Disclaimer

This press release contains forward-looking statements which are included within the meaning of Section 27A of the Securities Act of 1933, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements other than statements of historical fact are forward-looking statements, which are often indicated by terms such as "anticipate," "believe," "could," "estimate," "expect," "goal," "intend," "look forward to," "may," "plan," "potential," "predict," "project," "should," "will," "would" and similar expressions. These forward-looking statements may include, but are not limited to, statements regarding future business activities, financial position, results of operations, cash flows, financing plans, business strategy, products and services, competitive positions, growth opportunities, plans and objective of management for future operations.

These forward-looking statements are not promises or guarantees and involve substantial risks and uncertainties. Among the factors that could cause actual results to differ materially from those described or projected herein include uncertainties associated with operating a business in Hong Kong, risk of interference by the PRC government, ability to compete, that financial resources do not last for as long as anticipated. Existing and prospective investors are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. IDVV undertakes no obligation to (and expressly disclaim any such obligation to) update or revise the information contained in this press release, whether because of new information, future events or circumstances or otherwise.
