

## **Rubicon Technology, Inc. Completes Redomestication to Nevada**

Rubicon Technology, Inc. (OTCID: RBCN) (“Rubicon” or the “Company”) today announced that, effective March 31, 2026, the Company completed its redomestication to Nevada by converting from a Delaware corporation to a Nevada corporation (the “Redomestication”).

The Redomestication was approved by the Company’s board of the directors and subsequently approved by the stockholders of the Company at a special meeting of the stockholders held on March 20, 2026. The Redomestication did not result in any change in the Company’s day-to-day business, operations, management, assets, liabilities or net worth. The Company’s common stock continues to trade under the symbol RBCN on the OTC market. Holders of the Company’s shares of common stock did not need to exchange their existing stock certificates for new stock certificates, as the existing stock certificates will continue to represent shares of the Company as a Nevada corporation.

Additional information regarding the Redomestication is provided in the Company’s proxy statement for the special meeting of stockholders posted to the OTC website on March 5, 2026.
