FOR IMMEDIATE RELEASE

Western Funding Inc. (WFDI: OTCID) To Begin Trading on the OTCID Market

Las Vegas, NV – 04/16/2026 – Western Funding, Inc. (WFDI: OTCID), a subsidiary of Westlake Technology Holdings, is announcing that its common stock shares are set to begin trading on the OTCID this month.

Founded in 1962 and acquired by its parent company in 2013, Western Funding is an indirect auto lender operating in all 50 States. Western Funding is designed to complement Westlake’s offerings across the automotive finance credit spectrum and leverage the scale and services available. In an effort to unlock the company’s value potential, Western Funding has elected to list its shares on the OTCID market. Notably, Western Funding is not seeking to raise equity capital at this time.

As of December 31, 2025, Western Funding’s consumer loan portfolio totaled approximately \$1.3 billion. For the full year 2025, the company generated pre-tax income of \$56.7 million and net income of \$39.4 million. Shares of companies with similar profiles typically trade in a range of 10x to 18x after-tax earnings.

“We are excited to achieve this milestone of listing Western Funding’s stock for trading on the OTC market! Our primary focus will continue to be driving profitable growth and increasing the value of the Company,” said Jim Murray, President of Western Funding.

“This milestone underscores the strength of Western Funding’s business and our focus on unlocking value across the Westlake portfolio,” said Ian Anderson, Group President of Westlake Technology Holdings.
