

July 20, 2021

Welcome to our OTC Market disclosure desk. We are pleased to be here and to be able to provide information directly to shareholders and stakeholders in a meaningful and transparent manner. We are still getting our feet wet here but we begin contributing with this letter and will then add some historic documents for context.

Our next phase is to begin posting financial disclosure documents; both past and current information is posted so there will be continuity from last filing up to and including the filing of more recent year ends. We are also working with counsel to ensure the correct as well as timely information is posted based on actual and arbitrary deadlines that we see being imposed within the marketplace.

With the benefit of hindsight, we are able to provide additional information and ensure the filings are representative of the state of the Company. We all have been managing under a tremendous amount of pressure these past eighteen months and while also facing unique circumstances, so we really appreciate your support and patience as we gear up. Thank you.

Sincerely,
