

For Immediate Release

Rival Technologies Inc. – Property Acquisition

Las Vegas, Nevada, February 07, 2022 - Rival Technologies Inc. (Symbol: RVTI) announces that it has entered into an option agreement relating to a gold property called the Route property.

The Route gold property is located in Canada's largest gold district in the world-famous Abitibi Gold Belt, located in the mining friendly province of Quebec. The Abitibi Gold Belt is host to three of Canada's largest gold mines, and over 200M ounces of gold has been produced from the belt since 1901. The Detour Lake gold mine is located approximately 30km north-west of the Route gold property. Gold is hosted by a swarm of structures of shear zones and fault zones from near surface to various depths in greenstone-belt volcanic rocks. The Sunday Lake gold bearing fault zone is host to numerous gold properties and mines including Detour. Route is located along gold bearing faults in greenstone-belt volcanic rocks that are closely similar to those hosting gold at Detour. Route is located approximately 15km north of the Casa Berardi gold bearing fault zone that is host to the Casa Berardi gold mine, and approximately 25km west of the Selbaie gold mine."

The company is now focused on completing a financing, appointing new management with mining experience, and preparing the company to develop the Route property.

Further updates will be forthcoming on these expected developments.
