Fort Lauderdale, FL – February 3, 2022 – Graystone Company, Inc. (OTC: GYST), is pleased to provide its preliminary unaudited financial results for the month ending January 31, 2022.

Preliminary results for our total unaudited revenues have increased to approximately \$185,000 for January, consisting of (1) cryptocurrency mining, (2) sales of mining equipment and (3) realized gain on sales of digital currencies. The beginning of 2022 has been very productive for the company and financial results for the first month of the new year have already exceeded our revenues for our entire Fiscal Year of 2021.

In terms of revenues, January of 2022 was GYST's best month to date. With the steady growth of our company, we are committed to expand our bitcoin mining operations and are actively exploring opportunities on the Metaverse platforms. We are constantly seeking strategic partners, creative business solutions and additional revenue sources that are complementary to GYST's core business plan. With our on-going strategic initiatives, the Company is very well positioned for the rest of 2022 and beyond," said Anastasia Shishova, CEO of The Graystone Company.
