

PHOENIX, ARIZONA / Disclosure and News Service / October 30, 2023 / PetroSun, Inc (OTC PINK: PSUD) (the “Company”) announced today an Update to Our Website. [www.petrosun.us](http://www.petrosun.us)

The website update accurately reflects the focus and market segments that the company operates within. Our patented and proprietary Separation Technologies and Processes enable the corporation to pursue development and production in a wide variety of natural resource markets and services.

The corporate mission of revenue growth and increasing shareholder value is centered in our portfolio of patented and proprietary Separation Technologies and Processes as the result of our research and development focus, which continues to be one of our highest priorities.

Our portfolio of intellectual property in gases, solids, and liquids allow for the potential of production, services, and licensing, increasing the breadth of our market penetration and revenue stability.

From Gordon LeBlanc Jr, Executive Chairman, CEO, and President of PetroSun, Inc.

“PetroSun’s website update makes clear our priorities, resources and opportunities going forward to shareholders and the investment community.”

#### About PetroSun

PetroSun, Inc. is a fully integrated energy and mining business focusing on Lithium, Helium, Natural Gas, Oil, Potash, Zeolite Clays, Water Processing, Mine Tailings, Rare Gases, and Rare Earth Metals Processing through the use of cutting-edge technologies, a broad portfolio of assets and leases, and a management team with decades of research, development, and production experience. PetroSun is vertically integrated with control of all aspects of the business from exploration and production to delivery to end users, providing customers direct customized solutions and shareholders maximum returns by participating in profitability at each stage in the supply chain.

PetroSun, Inc. owns significant leasehold acreage that is prospective for helium exploration and production in the Holbrook Basin of Arizona and for natural gas and helium in the Paradox Basin of Utah. The Company holds mineral leases on approximately 280,000 gross acres in the Holbrook Basin and Pedregosa Basin of Arizona and over 26,000 gross acres in the Paradox Basin.

PetroSun’s greatest assets are its shareholders, partners, advisors, employees, and its patented and proprietary technologies. We seek to provide global solutions to some of the most critical challenges the world faces today and into the future.

The Company trades on the OTC Pink Sheets under the symbol “PSUD”.
