

Alternative Reporting Standard: Pink® Basic Disclosure Guidelines

Federal securities laws, such as Rules 10b-5 and 15c2-11 of the Securities Exchange Act of 1934 (“Exchange Act”) as well as Rule 144 of the Securities Act of 1933 (“Securities Act”), and state Blue Sky laws, require issuers to provide *adequate current information* to the public markets. With a view to encouraging compliance with these laws, OTC Markets Group has created these Pink Basic Disclosure Guidelines (“Guidelines”).¹ These Guidelines set forth the disclosure obligations that make up the “Alternative Reporting Standard” for Pink companies. These Guidelines have not been reviewed by the U.S. Securities and Exchange Commission or any state securities regulator, although OTC Markets Group as a matter of policy welcomes comments from these and other regulators. We use information provided by companies under these Guidelines to designate the appropriate tier in the Pink Market: Current Information, Limited Information or No Information.² The information provided by companies under these Guidelines is subject to our [Privacy Policy](#).

These Guidelines may be amended from time to time, in the sole and absolute discretion of OTC Markets Group, with or without notice.

Strategic Asset Leasing, Inc.
Note to the Unaudited Financial Statements for the year ended 12/31/2018

NOTE 1 - ORGANIZATION AND OPERATIONS

Mammoth Energy Group, Inc. (A Development Stage Company) was incorporated on February 27, 2006 under the laws of the State of Nevada. Prior to its incorporation in Nevada, the Company had been incorporated as Technigen Corporation in Canada. It has had limited operations since its incorporation in the United States. In accordance with Accounting Standards Codification (“ASC”) 915, Development Stage Entities, the Company is considered to be in the development stage. In March of 2013, management decided to change jurisdiction to Wyoming, and to subsequently dissolve the Nevada Corporation. Mammoth Energy Group, Inc. was incorporated in Wyoming by filing Articles of Continuance on March 5, 2013.

On November 12, 2014, the certain corporate actions taken by the Company by the Board of Directors and a majority of the shareholders became effective. Among them was a change to the Articles of Incorporation of the Company’s name from Mammoth Energy Group, Inc. to Strategic Asset Leasing, Inc. The name change is the first step in moving the principal activity of the Company from lithium mining to a services oriented business line.

The Company is not currently subject to any legal action or in default of any debt covenants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Property and Equipment and Depreciation Policy

Property and equipment are recorded at cost, less accumulated depreciation. Cost of repairs and maintenance are expensed as they are incurred. Major repairs that extend the useful life of equipment are capitalized and depreciated over the remaining estimated useful life. When property and equipment are sold or otherwise disposed, the related cost and accumulated depreciation are removed from the respective accounts and the gains or losses realized on the disposition are reflected in operations. The Company uses the straight - line method in computing depreciation for financial reporting purposes.

Use of Estimates

The Company’s Consolidated Financial Statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of the Company’s Financial Statements requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and the related disclosure of contingent assets and liabilities at the date of the Financial Statements, and the reported amounts of revenues and expenses during the reporting period. The Company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. Accordingly, actual results may differ significantly from these estimates under different assumptions or conditions.

On November 12, 2014, the Company effected a reverse stock split if 1 common share for each 500 common shares held. These financial statements have been restated as if the reverse split occurred at the

beginning of the fiscal year.

Cash and Cash Equivalents

Cash consists principally of currency on hand, and demand deposits at commercial banks. The Company had \$7,000.00 on December 31, 2015 and \$0.00 on December 31, 2018.

Accounts Receivable

No Accounts Receivable as of December 31st, 2018.

Revenue Recognition

The company recognizes revenues when it is received. During the twelve (12) months ended December 31, 2015, the Company had an accumulated loss of \$(11,833,000) including a net loss of \$(179,738) for the three months ended December 31, 2015, a twelve (12) month loss of \$(1,003,450).

As of December 31st, 2018 all stock deficits and losses accrued are \$0.00.

Income Taxes

The Company uses the assets and liability method of accounting for income taxes pursuant to SFAS No. 109 "Accounting for Income Taxes". Under the assets and liability method of SFAS No. 109, deferred tax assets and liabilities are recognized for the future tax consequences attributable to temporary differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

In June 2006, the FASB issued FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes." Specifically, the pronouncement prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a STRATEGIC ASSET LEASING, INC. (Formerly: MAMMOTH ENERGY GROUP) Annual Report Year Ended December 31, 2015 tax return. The interpretation also provides guidance on the related de-recognition, classification, interest and penalties, accounting for interim periods, disclosure and transition of uncertain tax positions. The company adopted this interpretation effective January 1, 2007. The adoption of FIN 48 did not have a material impact on the Company's financial position, results of operations or cash flows.

Basic and Diluted Per Common Share

Under Statement of Financial Accounting Standards ("SFAS") No. 128 "Earning per Share" basic earnings per common share is computed by dividing income available to common stockholders by the weight average number of common shares assumed to be outstanding during the period of computation. Diluted earnings per share is computed similar to basic earnings per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the

potential common shares had been issued if the additional shares were dilutive.

Research and Development

The company expenses research and development cost as incurred.

Recently Adopted Accounting Pronouncements

The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new pronouncements that have been issued that might have a material impact on its financial position or results of operations.

NOTE 3 – GOING CONCERN

The financial statements have been prepared in accordance with generally accepted accounting principles applicable to a going concern, which contemplates the realization of assets and the satisfaction of liabilities and commitments in the normal course of business. However, as of December 31, 2015, the Company has an accumulated deficit of \$(11,833,000) . The company is able to pay its obligations to vendors from funds provided by loans. The Company intends on financing its future development activities from the same sources, until such time that funds provided by operations are sufficient to fund working capital requirements.

The Company was organized under the laws of the state of Nevada on February 27, 2006, and had authorized capital stock of 1,000,000,000 common shares with a par value of \$0.0001. On February 6, 2008, the Company amended its Articles of Incorporation to raise the authorized capital stock to 1,500,000,000 common shares at a par value of \$0.0001. On April 21, 2008, the Company amended its Articles raising the authorized capital stock to 7,000,000,000 common shares with a par value of \$0.0001.
