A. Business Operations

1. AMERICAN GREEN

The Company was one of the first publicly traded companies to address the legal medical marijuana business in 2009. It now is embarking on the strategy to become a major participant in the expanding medical and adult-use cannabis market on a national scale.

The Company continues to offer retailing, branding, and commercial cultivating strategies in conjunction with its ongoing business with various licensed medical marijuana medical and retail dispensaries. Being located in Arizona, a very effectively regulated legal cannabis market, the Company is focusing on providing goods and services that operators of licensed nonprofit cannabis dispensaries in regulated environments require. This strategy will allow the Company to further penetrate the market and to leverage its existing brands, products and services. As a result, technical applications, products and services are being owned, licensed or being created; and consulting opportunities involving compliance, business development and financial services have been identified.

B. Subsidiaries

1. AMERICAN GREEN INVESTMENT IN CANNAWAKE CORPORATON

On September 19, 2017, the Company purchased the town of Nipton, California, a 100-year-old community in San Bernardino county.

During March of 2018, the Company entered into a Purchase Agreement (the "Agreement") with CannAwake Corporation, a Delaware corporation ("CannAwake" and formerly, "Delta International Oil & Gas, Inc."), and Nipton, Inc., a California corporation, a wholly-owned subsidiary of the Company. Pursuant to the Agreement, CannAwake agreed to acquire 100% of the issued and outstanding equity securities of Nipton, Inc. (the assets of which are comprised of all of the real estate properties included in the unincorporated township of Nipton, California ("Nipton")) from the Company in exchange for shares of 160,000 shares of Series A Convertible Preferred Stock, convertible into 160,000,000 shares of the CannAwake's Common Stock (the "Nipton Acquisition").

CannAwake and the Company closed the Nipton Acquisition on April 5, 2018. Following the closing, Nipton, Inc. became a wholly-owned subsidiary of the CannAwake, and CannAwake became a majority owned subsidiary of the Company, with the Company holding approximately 82% of the voting power of CannAwake.

Additionally, CannAwake and the Company have finalized a management agreement between Nipton, Inc and Mohave Hospitality, Inc. who are the managers of the Nipton Trading Post, The Nipton Hotel, and The Whistle Stop Café, "the stores". The term of the leases total 15 years each and call for monthly payments by Mohave Hospitality of approximately \$12,500 with periodic cost of living Increases.

While under CannAwake's control, the original seller foreclosed on the town on November 19, 2019, but leases of the stores remain uninterrupted whereby Mohave Enterprises retains management control of all of the stores and their resulting revenues. Interest holders will be able to keep up to date on events in Nipton by navigating to Its website, <http://www.nipton.com>.

C. PRINCIPAL PRODUCTS OR SERVICES, AND THEIR MARKETS

1. DEVELOPMENT OF CBD PRODUCTS

The Company and MediaTechnics Corporation had entered into a joint-venture to develop an Industrial Hemp based CBD extraction facility in Nipton. The Company intends, with the assistance of CannAwake, to develop a CBD-infused drinking water product line. See <https://americangreencbd.com/faq/>. Due to the previously aforementioned foreclosure by the original Nipton sellers, all plans to expand on land not currently utilized in Nipton have come to a standstill, until and if current negotiations with the original Nipton seller have been realized.

American Green has a consulting relationship with renowned CBD and Cannabis Chef named Dee Russell where Ms. Russell has agreed to work with the company to develop unique and proprietary food products which the company believes will become popular choices in the marketplace. Discussions are underway with several well-established edible and extraction companies that have expressed interest in having production facilities in Phoenix and other potential locations to be determined -- all done paying strict adherence to all applicable federal, state and county regulatory requirements.

2. AMERICAN GREEN CULTIVATION MANAGEMENT

The cultivation site that the company financed and built for the licensee, Natural Herbal Remedies, was approved to commence cultivation on July 23, 2018.

Natural Herbal Remedies commenced operations and had their first harvest during November of 2018. Per our agreement to finance and manage the facility for its licensee, American Green has received significant rental income and management payments as disclosed in the financial statements, and the operation has reached operationally profitable as of January 2020.

On May 28, 2019 the Arizona Supreme Court ruled that medical marijuana extracts are legal under the Arizona Marijuana Act. As a result we will look into ways for the cultivation operation to increase its revenue generation thru the production of extracts.

3. AMERICAN GREEN MACHINE

American Green's AGM "Smart" Vending Division has redesigned its AGM Machine so that it no longer requires licensing from the Tomassi Patents # 6,711,465 and 7,493,190. The Company's two different patent attorneys both agree that the Company no longer requires the Tomassi intellectual property to produce and sell its AGM Machine. Further, they have recommended to American Green's AGM president, Lindel Creed, that he begin the process of applying for patents on the company's current machine configuration, which are believed to be unique in the marketplace. That process has begun.

Currently the Company possesses the rights to technology which integrates into existing machines aspects of the Silkron vending platform, M2SYS biometrics, and any additional hardware or software as required by client needs. The American Green Machine will allow purchasers or partners to white [private] label the machine, if desired, as well as sell and track controlled inventory with complete transparency to regulatory groups or the client with respect to revenues and goods sold. The Company leases a space in North Carolina where it assembles custom-ordered machines for sale.

4. AMERICAN GREEN E-COMMERCE STORE

In addition, an e-commerce store unique to the company as well as a store in the Amazon marketplace drives revenues while extending the brand and providing continuity between the other initiatives. Each of those described and any that may be added can stand on its own but naturally interface well and increase the overall value of the products themselves, the American Green brand and the Company as a whole. The Company expects revenues for the online store to double between 2019 and 2020 with improving margins on all products. The online store is showing a profit which the Company expects to continue throughout 2020.

5. AMERICAN GREEN COORDINATED INITIATIVES

During 2016, the Company began greater focus on how ongoing initiatives including, but not limited to, those described previously in this section could be linked together for efficiency and economies of scale. Mobile applications, branded products, the American Green Machine, and partners producing unique products for distribution with an emphasis on CBD-focused edibles dovetail together to produce a unique cross-platforming opportunity for the company that includes potential co-marketing and future product acquisitions.

6. Issuer's Facilities

The Company manages a grow operation and leases an industrial building that has approximately 12,000 square feet with a yard. The building is located in Phoenix, Arizona and is secured; therefore, the exact location is not disclosed. Shareholders can call American Green for information pertain to the building. The rent expense is approximately \$8,000 a month and the lease will expire on November 30, 2020. The lease has three five renewal options subsequent to November 30, 2020.

The Company subleases a lease space from Vendweb for the production of its smart vending machines. The sublease is \$2,500 a month on a month to month basis. The lease space is located at 1820 Spencer Mountain Road in Gastonia, North Carolina.
