#### 5. ISSUER'S BUSINESS, PRODUCTS AND SERVICES

## A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Medical Marijuana, Inc. (OTCMarkets: MJNA) manufactures and distributes CBD products via ecommerce, direct sales, retail and wholesale distribution channels throughout the world.

Medical Marijuana Inc. is the first publicly held company vested in the cannabis and industrial hemp space in America. We have brought about many industry firsts, including establishing in 2012 the world's first supply chain of industrial hemp-derived cannabidiol (CBD) consumer products. Subsequently, we were

awarded the first distribution rights for these products into the countries of Brazil (April 2014) and Mexico (February 2016). In the U.S., we developed and marketed the first fully THC-free version of CBD products. Soon thereafter, the *WorldAnti-DopingAgency* approved CBD for professional sport and Olympic competition. We maintain our leadership through our international expansion efforts where today we now ship to over 40 countries worldwide making branded products available through e-commerce, direct sales, retail and wholesale distributionchannels.

Medical Marijuana, Inc. was the first company to receive historic import permits for CBD products from the governments of Brazil, Mexico, Argentina, and Paraguay and in many countries has been directly responsible for changing laws and regulations to allow hemp-based CBD consumer products to be marketed. In November 2017, our HempMeds® Co-CEO Raul Elizalde addressed the *World Health Organization* at its hearings on CBD – with favorable outcomes for the CBD movement.

<u>Basis of Financial Statement Presentation</u>. The accompanying unaudited condensed financial statements have been prepared in accordance with United States generally accepted accounting principles. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

<u>Cash Equivalents</u>. Holdings of highly liquid investments with maturities of three months or less when purchased are considered to be cash equivalents. Cash equivalents are stated at cost, which approximates quoted market value and includes amounts held in money market funds.

<u>Marketable Securities</u>. Management classifies all equity investments at fair value and recognizes any changes in fair value in net income pursuant to ASU 2016-01 which went into effect in 2018.

<u>Property, Plant, and Equipment</u>. Property, plant, and equipment are recorded at cost less depreciation and amortization. Depreciation and amortization are primarily accounted for on the straight-line method based on estimated useful lives. The amortization of leasehold improvements is based on the shorter of the lease term or the life of the improvement. Betterments and large renewals which extend the life of the asset are capitalized whereas maintenance and repairs and small renewals are expensed as incurred.

<u>Revenue Recognition</u>. Revenue is recognized in the financial statements (and the customer billed) either when materials are shipped from stock or when the vendor bills the Company for the order. Net sales are arrived at by deducting discounts, and sales taxes from gross sales.

<u>Estimates</u>. The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Examples of significant estimates include plant and equipment, the recoverability of intangible assets and other long-lived assets, fair value measurements, including those related to financial instruments, goodwill, and intangible assets, unrecognized tax benefits, contingencies and identification and valuation of assets acquired and liabilities assumed in connection with business combinations.

<u>Goodwill</u>. The fair market value of the Company's investments in its subsidiaries that is in excess of the Company's consolidated tangible assets is recorded as goodwill. The Company tests goodwill for impairment on an annual basis. Impairment testing for goodwill is performed annually in the fourth fiscal quarter or more frequently if impairment indicators are present.

<u>Income Taxes:</u> Our effective tax rate is based on pre-tax income, statutory tax rates, tax laws and regulations and tax planning strategies available to us in the various jurisdictions in which we operate. Significant management judgment is required in evaluating our tax positions and in determining our effective tax rate.

Deferred income taxes are provided for temporary differences in the basis between financial statement and income tax assets and liabilities. Deferred income taxes are recalculated annually at tax rates in effect for the years in which those tax assets and liabilities are expected to be realized or settled. We record valuation allowances to reduce our deferred tax assets to the amount that is more likely than not to be realized.

#### Note 12: Subsequent Events

On October 20, 2020 the Company entered into a Term Sheet whereby it agreed to sell between \$1.5 million and \$2.5 million of convertible securities to a third-party investor (the "Transaction") for the purpose of providing funds to the Company to be used to invest in General Hemp, LLC ("General Hemp") (the Company's 2nd largest shareholder). This investment by the Company in General Hemp will facilitate the settlement of litigation related to the Probate Estate of the Company's deceased founder, Michael Llamas, who was the majority holder of General Hemp prior to his death (the "Settlement"). The Term Sheet for the Transaction was to expire on January 31, 2021, unless extended by the parties.

Effective January 5, 2021, the Term Sheet was extended to March 31, 2021 and the Company agreed to other amendments to the Term Sheet as follows: (i) the closing of the Transaction could close at any time between January 5, 2021 and the "Closing" of the Settlement (as that term is defined in the Settlement) as opposed to concurrent with the Closing of the Settlement, (ii) if, after a closing of the Transaction, the Settlement does not Close for any reason, the third-party investor shall have the right to rescind the Transaction are used to fund the Settlement (the "Settlement Funds"), the Company would have the flexibility to provide the Settlement Funds as either (a) an investment into General Hemp upon terms mutually acceptable to General Hemp, the Company and the third-party investor, (b) an acquisition of assets from the Probate Estate of Michael Llamas upon terms mutually acceptable to General Hemp, the Company, General Hemp and the third-party investor.

On March 9, 2021 the Company entered into the Settlement, along with the Estate of Michael Llamas, General Hemp, the third-party investor and a number of other parties not related to the Transaction. The Settlement is at this time subject to probate court approval in the case of the Estate of Michael Robert Llamas in the San Diego Superior Court, Probate Division. Upon a Closing and consummation of the Settlement, the Company will own a 49.9% interest in General Hemp for its \$2.0 million investment. It is anticipated that upon the full consummation of the Settlement, the major assets held by General Hemp will consist of approximately 275 million shares of the Company's common stock, 6 million shares of Neuropathix, Inc. (fka Kannalife, Inc. - "NPTX") and 2.7 million shares of Axim Biotechnologies, Inc. ("AXIM"). In addition to its 49.9%

ownership stake, the Company will also be a creditor of General Hemp in the amount of approximately \$2.4 million. Under the terms of the Settlement, the Company has agreed to sell its ownership stake in General Hemp for \$1,000 to a trust formed for the benefit of the sole heir of Michael Llamas, after it has received \$2 million (i.e., 100% of the principal amount of the Company's investment) in distributions and/or disbursements in connection with its 49.9% ownership stake. Although the Company believes that the Settlement will be approved by the probate court and will Close, there can be no assurance that such approval and Closing will occur.

On March 30, 2021 the Company authorized 230,000 shares of a new Series B Preferred Stock. The Series B Preferred Stock is non-voting, has no liquidation preference or dividend rights or preferences and each share of Series B Preferred Stock is convertible at any time in the discretion of the holder into 1,000 shares of the Company's common stock; provided however, such conversion would not be permitted if it would result in the converting holder, and its affiliates, having a beneficial ownership of more than 9.9% of the Company's outstanding common stock as of the date of conversion.

On March 30, 2021, a Transaction was entered into pursuant to the Term Sheet whereby the third-party investor (itself and through wholly-owned entities) acquired from the Company (i) 230,000 shares of the Series B Preferred Stock at a price of \$7 per share, and (ii) 55,714,286 shares of restricted common stock at a price of \$0.007 per share. The total proceeds to the Company for (i) and (ii) above totaled \$2 million. If for any reason the Settlement described above does not Close on or before April 30, 2021 (or an extension of that date if agreed to by the Company and the third-party investor), the third-party investor shall have the right to rescind the Transaction, in whole or in part. If no such rescission occurs, and the Settlement does not Close, the Company will retain the third-party investment proceeds for its general corporate purposes.
