On March 1, 2011, the Company changed its name from Bosco Holdings Inc. to Caduceus Software Systems Corp. The Company was in the development stage as defined under Accounting Codification Standard ("ASC") 915, "Development Stage Entities", and its efforts were primarily devoted to marketing and distributing laminate flooring to the wholesale and retail markets throughout North America. Our goal is to be a leading and innovative provider of Software Services to medical practices around the world. Our Caduceus MMS® software provides a full suite of services for management of the entire medical practice bridging the gap of many software offerings by providing modular components that unite both the Electronic Health Record ("EHR") and the Electronic Medical Billing ("EMB") to streamline the management of any practice, anywhere in the world. Our overall strategy utilizes our core competencies in the design, deployment and management of software and systems to provide installations on small local networks in the medical practice office, to larger systems in medical facilities. With our software, there can, with proper planning, be nominal costs incurred as offices upgrade and gear up for larger client bases.

**(Unaudited)**

**NOTE 1 - NATURE OF OPERATIONS**

The Company was incorporated under the laws of the State of Nevada, U.S. on December 13, 2006 under the name Bosco Holdings Inc. On March 1, 2011, the Company changed its name from Bosco Holdings Inc. to Caduceus Software Systems Corp. On July 6, 2018, the Company redomiciled from the State of Nevada to the State of Wyoming.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of Presentation*

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). These unaudited financial statements should be read in conjunction with the audited financial statements and footnotes for the year ended March 31, 2019. The results of the nine months ended December 31, 2019 are not necessarily indicative of the results to be expected for the full year ending March 31, 2020.

In the opinion of management, all adjustments necessary to present fairly the financial position as of December 31, 2019 and the results of operations and cash flows presented herein have been included in the interim financial statements. All such adjustments are of a normal and recurring nature. Interim results are not necessarily indicative of results of operations for the full year.

*Cash and Cash Equivalents*

For purposes of Statements of Cash Flows, the Company considers all highly liquid debt instruments purchased with a maturity date of three months or less to be cash equivalents.

*Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

*Reclassifications*

Certain reclassifications have been made to the prior period financial information to conform to the presentation used in the financial statements for the three and nine months ended December 31, 2019.

*Recent accounting pronouncements*

The Company has implemented all new accounting pronouncements that are in effect. These pronouncements did not have any material impact on the financial statements unless otherwise disclosed, and the Company does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations. The Company is also evaluating the potential impact of new standards that have been issued but are not yet effective.

**NOTE 3 - GOING CONCERN**

The accompanying unaudited financial statements have been prepared assuming that the Company will continue as a going concern. For the nine-months ended December 31, 2019, the Company had a net loss of \$1,942,460. In view of these matters, the Company's ability to continue as a going concern is dependent upon the continued financial support from its management, its ability to identify future investment opportunities and obtain the necessary debt or equity financing, and its ability to grow operations and to achieve a level of profitability. The Company intends on financing its future development activities and its working capital needs largely from the sale of public equity securities and debt financing. However, there can be no assurance that these arrangements will be sufficient to fund its ongoing capital expenditures, working capital, and other cash requirements. These factors raise substantial doubt regarding the Company's ability to continue as a going concern. The unaudited financial statements of the Company do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classifications of liabilities that might be necessary should the Company be unable to continue as a going concern.
