NOTE 3 - GOING CONCERN

The accompanying unaudited financial statements have been prepared assuming that the Company will continue as a going concern. For the quarter ended June 30, 2021, the Company had no revenue and had a net loss of \$20,234 from operations and a net gain of \$2,978,187 from gain on settlement resulting in a net gain for the Company of \$2,957,953. The Company has a total stockholder's deficit of \$1,803,450. In view of these matters, the Company's ability to continue as a going concern is dependent upon the continued financial support from its management, its ability to identify future investment opportunities and obtain the necessary debt or equity financing, and its ability to grow operations and to achieve a level of profitability. The Company intends on financing its future development activities and its working capital needs largely from the sale of public equity securities and debt financing. However, there can be no assurance that these arrangements will be sufficient to fund its ongoing capital expenditures, working capital, and other cash requirements. These factors raise substantial doubt regarding the Company's ability to continue as a going concern. The unaudited financial statements of the Company do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classifications of liabilities that might be necessary should the Company be unable to continue as a going concern.
