

Alternative Reporting Standard: Pink® Basic Disclosure Guidelines

Federal securities laws, such as Rules 10b-5 and 15c2-11 of the Securities Exchange Act of 1934 (“Exchange Act”) as well as Rule 144 of the Securities Act of 1933 (“Securities Act”), and state Blue Sky laws, require issuers to provide *current information* to the public markets. With a view to facilitating compliance with these laws, OTC Markets Group has created these Pink Basic Disclosure Guidelines (“Guidelines”).¹ These Guidelines set forth the disclosure obligations that make up the “Alternative Reporting Standard” for Pink companies. These Guidelines have been designed to encompass the “Catch All” information required in Rule 15c2-11,² however they have not been reviewed by the U.S. Securities and Exchange Commission or any state securities regulator. We use information provided by companies under these Guidelines to designate the appropriate tier in the Pink Market: Current Information or Limited Information.³

These Guidelines may be amended from time to time, in the sole and absolute discretion of OTC Markets Group, with or without notice. The information provided by companies under these Guidelines is subject to our [Privacy Policy](#).

Pink Current Information Tier

Companies that make the information described below publicly available on a timely basis (90 days after fiscal year end for Annual Reports; 45 days after each fiscal quarter end for Quarterly Reports) may qualify for the Current Information Tier.

Qualification Process:

1. Subscribe to the OTC Disclosure & News Service by submitting an [OTCIQ Order Form](#) (available on www.otciq.com).
2. Upload the following documents through OTCIQ:
 - **Quarterly Reports** for Current Fiscal Year– must include Disclosure Statement and Financial Reports listed below
 - **Annual Report** for Most Recently Completed Fiscal Year– must include Disclosure Statement and Financial Reports listed below
 - **Annual Report** for Prior Completed Fiscal Year – must include Financial Reports listed below
 - **Disclosure Statements:** Disclosure information pursuant to these Guidelines for the applicable period. (see the fillable form starting on Page 4).
 - **Financial Statements:** Financial reports must be prepared according to U.S. GAAP or International Financial Reporting Standards (IFRS) but are not required to be audited. Required financial statements include:
 - Balance Sheet
 - Statement of Income
 - Statement of Cash Flows

¹ This is not legal advice, and OTC Markets Group makes no assurance that compliance with our disclosure requirements will satisfy any legal requirements.

² Publication of information pursuant to these Guidelines does not guarantee or ensure that the Company will be designated as having “current information” or eligible for public quotations pursuant to Rule 15c2-11 or any other applicable regulation.

³ OTC Markets Group may require companies with securities designated as Caveat Emptor to make additional disclosures in order to qualify for the Pink Current Information tier.

- Statement of Retained Earnings (Statement of Changes in Stockholders' Equity)
 - Notes to Financial Statements
 - Audit Letter, if audited
3. If financial statements are not audited by a PCAOB registered firm, provide the following:
 - **Attorney Letter Agreement:** Submit a signed Attorney Letter Agreement according to the [instructions](http://www.otcmarkets.com) on www.otcmarkets.com.
 - **Attorney Letter:** After following the appropriate procedures with a qualified attorney, upload an "Attorney Letter With Respect to Current Information" in accordance with the [Attorney Letter Guidelines](#) through OTCIQ. Attorney Letters must reference all required reports as set forth in Section 2 above.
 4. **Verified Profile:** Verify the Company Profile through OTCIQ. Profile information includes, but is not limited to, a complete list of officers, directors and service providers, outstanding shares, a business description and contact information.
 5. Allow OTC Markets Group to process the posted documents (typically three to five business days) and provide any comments.
 6. Companies will only be evaluated for Current Information once all required documentation has been submitted. A new Attorney Letter is required upon amendment of any referenced report.
 7. To qualify for Current Information on an ongoing basis, companies must:
 - Upload reports through OTCIQ on the following schedule:
 - Quarterly Report within **45 days** of the quarter end
 - Annual Report within **90 days** of the fiscal year end
 - Attorney Letter within **120 days** of the fiscal year end.
 - Maintain a Verified Profile. At least once every six months, review and verify the Company's profile information through OTCIQ.

Pink Limited Information Tier

Companies that make the information described below publicly available through OTCIQ may qualify for the Limited Information Tier.

8. **Annual Financial Statements:** Companies must upload the below financial statements for a completed Fiscal Year within the past 16 months. Financial reports must be prepared according to U.S. GAAP or International Financial Reporting Standards (IFRS) but are not required to be audited.
 - Balance Sheet
 - Statement of Income
 - Statement of Cash Flows
 - Statement of Retained Earnings (Statement of Changes in Stockholders' Equity)
 - Notes to Financial Statements
 - Audit Letter, if audited
9. **Verified Profile:** The Company must verify the Company Profile through OTCIQ, including, but not limited to, a complete list of officers, directors and service providers; outstanding shares; a business description and contact information.

10. To Qualify for Limited Information on an ongoing basis, companies must:

- Upload reports through OTCIQ on the following schedule:
 - **Annual Report** (including the required financial statements outlined in Item 8) within 120 days of the fiscal year end
- Maintain a Verified Profile. At least once every six months, review and verify their the Company's profile information through OTCIQ.

Current Reporting of Material Corporate Events

Companies are expected to release quickly to the public any news or information regarding corporate events that may be material to the issuer and its securities (including adverse information). Persons with knowledge of such events would be considered to be in possession of material nonpublic information and may not buy or sell the issuer's securities until or unless such information is made public. If not included in the issuer's previous public disclosure documents or if any of the following events occur after the publication of such disclosure documents, the issuer shall publicly disclose such events by disseminating a news release within 4 business days following their occurrence and posting such news release through an Integrated Newswire or OTCIQ.⁴

Material corporate events include:

- Entry into or termination of a material definitive agreement
- Completion of an acquisition or disposition of assets, including but not limited to merger transactions
- Creation of a direct financial obligation or an obligation under an off-balance sheet arrangement of an issuer
- Triggering events that accelerate or increase a direct financial obligation or an obligation under an off-balance sheet arrangement
- Costs associated with exit or disposal activities
- Material impairments
- Sales of equity securities
- Material modification to rights of security holders
- Changes in issuer's certifying accountant
- Non-reliance on previously issued financial statements or a related audit report or completed interim review
- Changes in control of issuer
- Departure of directors or principal officers; election of directors; appointment of principal officers
- Amendments to articles of incorporation or bylaws; change in fiscal year
- Amendments to the issuer's code of ethics, or waiver of a provision of the code of ethics
- Any changes to litigation the issuer may be involved in, or any new litigation surrounding the issuer
- Officer, director, or insider transactions in the issuer's securities
- Disclosure regarding stock promotion campaigns deemed material by the issuer
- Changes to the company's shell status
- Other events the issuer considers to be of importance

⁴ "Integrated Newswire" shall mean a newswire service that is integrated with the OTC Disclosure & News Service and is included on OTC Markets Group's list of Integrated Newswires, as published on <https://www.otcm Markets.com/corporate-services/products/disclosure-and-news-service>

ROBOSERVER SYSTEMS CORP.
(formerly, Equity Thunder, Inc.)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2021

NOTE A – SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying financial statement follows.

The consolidated financial statements include a company which is effectively controlled directly by the Company, where control is defined as the power to govern the financial operation policies. This control is generally evidenced when the company directly or indirectly owns more than 50% of the voting rights of the company's share capital. Significant intercompany transactions have been eliminated in consolidation.

As of June 30, 2021 and June 30, 2020, Delmar Janovec and Brent Crouch ("Parent" or "Affiliates") controlled approximately 35% and 47.2%, respectively, of the outstanding common stock of the Company. As of June 30, 2021 and June 30, 2020, Delmar Janovec and Brent Crouch owned 100% or 6,500,000 shares of the non-convertible Preferred stock outstanding. One share of SuperVoting Preferred stock has voting rights equal to 10 shares of common stock giving the Parent company effective control.

Business and Basis of Presentation

RoboServer Systems Corp. (the "Company") was formed under the laws of the state of Delaware, October 4, 2000 as Equity Thunder, Inc. During the year-ended December 31, 2004 the Company changed its name to RoboServer Systems Corp. RoboServer is a provider of self-service technologies to restaurant industries and are designed to work like ATM machines, allowing customers too quickly and easily place orders, pay, and go. Industry estimates and market observations show that a self-serve technology reduces time by as much as 33 percent.

RoboServer Systems Corp. is a provider of self-service technologies to the restaurant industries, and payment processing of parking tickets/citations for municipalities and governmental agencies. A pilot program was contracted with the City of St. Louis for a Parking Ticket Payment System Kiosk and the first unit was installed on July 3rd 2008. City officials report great success and are considering locations for more units City wide. Additional requests from Utility and Tax authorities of the City of St. Louis are being developed for implementation during the 4th quarter and the City has asked that we partner with their payment processing company to create a seamless product with one point of contact.

Additionally, a new system in the medical sector has been developed for pilot testing called RoboMedOffice. The new Robo Medical Office Software and kiosk system coincides nicely with the strict HIPAA regulations and allows patients to check in, fill in medical system/condition forms in privacy, and then automatically populates the patient's medical records without anyone seeing or overhearing sensitive data except for the authorized medical staff. A copy of the forms can be printed at the kiosk for patient use or to be attached to the patient's file during the exam or electronically sent to the physician's tablet for immediate use during the exam. Additional features such as selecting and scheduling their next appointment can be done at the kiosk and the reminder card printed right at the kiosk, as well as the system sending email or phone reminders automatically, greatly reducing the manpower currently required to handle administrative paperwork and reminder calls. Income opportunities are available by selling the patient copies of their personal medical records printed right at the kiosk with proper security code. Charges for records will be collected at the kiosk by accepting debit/credit cards. Patients will also be able to review outstanding balances and make full or partial payments.

RoboServer developed its first pilot of the "Assisted Server" two-screen model that was shown at the Las Vegas Restaurant, Hospitality, and Night Club Expo in March of 2007. The pilot "Assisted Server" was well received and resulted in numerous leads with various business owners in both the restaurant and night club segments. Business owners have expressed a need to migrate customers to self-service without losing contact with the

customer during their ordering process. The "Assisted Server" can be used as self-service, assisted service or counter service since the unit has two screens, one facing the customer and a mirrored screen facing the cashier/counter helper. Businesses are very excited about the "Assisted Server," because it is a natural progression from traditional POS line-ordering to self-service.

RoboServer has installed pilot self-serve units in two (2) different fast-food franchisees, with the first installation at Angelo's Burgers in Encinitas, CA, and the second installation at Dairy Queen in Oceanside, CA. The Angelo's Burgers installation was completed in the fall of 2005, and the Dairy Queen in the spring of 2006. Since the installation of the pilot self-serve free-standing kiosk in Dairy Queen, RoboServer installed a 2nd model, a counter-top self-serve unit in the fall of 2007. RoboServer continues to receive numerous inquiries from some of the leading fast-food chains for the RoboServer self-serve kiosks. Self-Serve Technologies, Inc. is a wholly owned subsidiary of RoboServer and is the entity that has performed all of the research, development, and modifications since the POS software and self-serve technologies were acquired in May, 2004.

Cash and Cash Equivalents

For the purposes of the Statements of Cash Flows, the company considers all highly liquid debt instruments purchased with a maturity date of three months or less to be cash equivalents.

Property and Equipment

Property and equipment are stated at cost. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets.

Long-Lived Assets

The Company has adopted Statement of Financial Accounting Standards No. 144 (SFAS 144). The Statement requires that long-lived assets and certain identifiable intangibles held and used by the Company be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Events relating to recoverability may include significant unfavorable changes in business conditions, recurring losses, or a forecasted inability to achieve break-even operating results over an extended period. The Company evaluates the recoverability of long-lived assets based upon forecasted undercounted cash flows. Should impairment in value be indicated, the carrying value of intangible assets will be adjusted, based on estimates of future discounted cash flows resulting from the use and ultimate disposition of the asset. SFAS No. 144 also requires assets to be disposed of be reported at the lower of the carrying amount or the fair value less costs to sell.

Research and Development

The Company accounts for research and development costs in accordance with the Financial Accounting Standards Board's Statement of Financial Accounting Standards No. 2 ("SFAS 2"), "Accounting for Research and Development Costs. Under SFAS 2, all research and development costs must be charged to expense as incurred. Accordingly, internal research and development costs are expensed as incurred. Third-party research and developments costs are expensed when the contracted work has been performed or as milestone results have been achieved. Company-sponsored research and development costs related to both present and future products are expensed in the period incurred.

Income Taxes

The Company has adopted Financial Accounting Standard No. 109 (SFAS 109) which requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of events that have been included in the financial statement or tax returns. Under this method, deferred tax liabilities and assets are determined based on the difference between financial statements and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. Temporary differences between taxable income reported for financial reporting purposes and income tax purposes are insignificant.

Net Loss Per Common Share

The Company computes earnings per share under Financial Accounting Standard No. 128, "Earnings Per Share" (SFAS 128). Net loss per common share is computed by dividing net loss by the weighted average number of shares of common stock and dilutive common stock equivalents outstanding during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly actual results could differ from those estimates.

Revenue Recognition

Revenue for product sales is recognized at the time the product is shipped to or picked up by the customer.

Concentrations of Credit Risk

Financial instruments and related items, which potentially subject the Company to concentrations of credit risk, consist primarily of cash, cash equivalents and related party receivables. The Company places its cash and temporary cash investments with credit quality institutions. At times, such investments may be in excess of the FDIC insurance limit.

Stock Based Compensation

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure-an amendment of SFAS 123." This statement amends SFAS No. 123, "Accounting for Stock-Based Compensation," to provide alternative methods of transition for a voluntary change to the fair value-based method of accounting for stock-based employee compensation. In addition, this statement amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. The Company has chosen to continue to account for stock-based compensation using the intrinsic value method prescribed in APB Opinion No. 25 and related interpretations. Accordingly, compensation expense for stock options is measured as the excess, if any, of the fair market value of the Company's stock at the date of the grant over the exercise price of the related option. The Company has adopted the annual disclosure provisions of SFAS No. 148 in its financial reports.

Comprehensive Income

Statement of Financial Accounting Standards No. 130, "Reporting Comprehensive Income" (SFAS 130), establishes standards for reporting and display of comprehensive income, its components and accumulated balances. Comprehensive income is defined to include all changes in equity except those resulting from investments by owners and distributions to owners. Among other disclosures, SFAS 130 requires that all items that are required to be recognized under current accounting standards as components of comprehensive income be reported in a financial statement that is displayed with the same prominence as other financial statements. The Company adopted SFAS 130 during the periods ended June 30, 2021 and June 30, 2020, and has no items of comprehensive income to report.

Segment Information

Statement of Financial Accounting Standards No. 131, Disclosures about Segments of an Enterprise and Related Information (SFAS 131) establishes standards for reporting information regarding operating segments in annual financial statements and requires selected information for those segments to be presented in interim financial reports issued to stockholders. SFAS 131 also establishes standards for related disclosures about products and services and geographic areas. Operating segments are identified as components of an enterprise about which separate discrete financial information is available for evaluation by the chief operating decision maker, or decision-making group, in making decision show to allocate resources and assess performance. The information disclosed herein, materially represents all of the financial information related to the Company's principal operating segment.

Recent Accounting Pronouncements

In February 2006, the FASB issued Statement of Financial Accounting Standards No. 155, Accounting for No. 155, Accounting for Certain Hybrid Financial Instruments ("SFAS No. 155"), which amends Statement of Financial Accounting Standards No. 133, Accounting for Derivative Instruments and Hedging Activities ("SFAS No. 133") and Statement of Financial Accounting Standards.

No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities ("SFAS No. 140"). SFAS No. 155 permits fair value measurement for any hybrid financial instrument that contains an embedded derivative that otherwise would require bifurcation, establishes a requirement to evaluate interests in securitized financial assets to identify interests that are freestanding derivatives or hybrid financial instruments containing embedded derivatives. The Company does not expect the adoption of SFAS 155 to have a material impact on the consolidated financial position, results of operations or cash flows.

In June 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes-an interpretation of FASB Statement No. 109" (FIN 48), which clarifies the accounting for uncertainty in tax positions. This Interpretation requires that we recognize in our financial statements the benefit of a tax position if that position is more likely than not of being sustained on audit, based on the technical merits of the position. The provisions of FIN 48 become effective as of the beginning of our 2008 fiscal year, with the cumulative effect of the change in accounting principle record as an adjustment to opening retained earnings. We do not expect the adoption of FIN 48 to have a material impact on the Company's consolidated financial position, results of operations or cash flows.

In September 2006, the FASB issued SFAS NO. 157 "Fair Value Measurements". SFAS No. 157 defined fair values established a framework for measuring fair value in generally accepted accounting principles and expand disclosure about fair value in generally accepted accounting principles and expands disclosure about fair values. This statement is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within these fiscal years. Management believes that the adoption of SFAS No. 157 will not have a material impact on the consolidated financial results of the Company.

In September 2006, the Securities and Exchange Commission issued State Accounting Bulletin No. 108, "Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements", (SAB 108), which addresses how to quantify the effect of financial statement errors. The provisions of SAB 108 become effective as of the year ended 2007, our fiscal year. We do not expect the adoption of SAB 108 to have a significant impact on the financial statements.

SFAS No. 141(R). In December 2007, the FASB issued SFAS No. 141 (Revised 2007), Business Combinations. SFAS No. 141(R) will significantly change the accounting for business combinations. Under SFAS No. 141(R), an acquiring entity will be required to recognize all the assets acquired and liabilities assumed in a transaction at the acquisition-date fair value with limited exceptions. It also amends the accounting treatment for certain specific items including acquisition costs and non-controlling minority interests and includes a substantial number of new disclosure requirements. SFAS No. 141(R) applies prospectively to business combinations for which the acquisition date is on or after January 1, 2009. The Company is currently evaluating the impact that the SFAS No. 141(R) will have on its financial statements.

SFAS No. 160. In December 2007, the FASB issued SFAS No. 160, "Non-controlling Interests in Consolidated Financial Statements" - An Amendment of ARB No. 51. SFAS No. 160 establishes new accounting and reporting standards for the non-controlling interest in a subsidiary and for the deconsolidation of a subsidiary. Specifically, this statement requires the recognition of a non-controlling interest (minority interest) as equity in the consolidated financial statements and separate from the parent's equity. The amount of net income attributable to the non-controlling interest will be included in consolidated net income on the face of the income statement. SFAS No. 160 also includes expanded disclosure requirements regarding the interests of the parent and its non-controlling interest. SFAS No. 160 is effective for fiscal years, and interim periods beginning after January 1, 2009. The Company is currently evaluating the impact that the SFAS No. 160 will have on its financial statements.

SFAS No. 161. In March 2008, the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities-an amendment of FASB Statement No. 133" ("FAS 161"). FAS 161 changes the disclosure requirements for derivative instruments and hedging activities. Entities are required to provide enhanced disclosures about (a) how and why an entity uses derivative instruments, (b) how derivative instruments and related hedged items are accounted for under Statement 133 and its related interpretations, and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. The guidance in FAS 161 is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008, with early application encouraged. This Statement encourages, but does not require, comparative disclosures for earlier periods at initial adoption. The Company is currently assessing the impact of FAS 161.
