PLURAL HOLDING INDUSTRY GROUP CO. LTD.
NOTES TO FINANCIAL STATEMENTS
FOR THE PERIOD TO DECEMBER 31, 2021 and DECEMBER 31, 2020

Note 1 – Organization and basis of accounting

Basis of Presentation and Organization

Plural Industry Holding Co Ltd. (the "**Company**") was established in Nevada in March 1999. The Company invests in, and designs financing structures and tools for, businesses in the sustainability sector, using both traditional and digital finance products and structures.

On November 19, 2019, a Motion to Appoint Custodian was filed in the Eighth Judicial District Court, Clark County, Nevada. On January 9, 2020, Custodian Ventures, controlled by David Lazar, was granted Custodianship of the Company. On September 16, 2020, an Order was entered Terminating Custodianship of the Company and David Lazar became the sole officer and director of the Company. On February 5, 2021 David Lazar, the managing director of Custodian Ventures, sold his controlling interest in the Company of 10,000,000 Shares Series A Preferred Stock to Plural Industry Holding Group Co. Limited for \$200,000.

In February 2022, the Company's officers and members of the Board of Directors resigned, and were replaced by Simon Littlewood as President, Guodong Chai as Treasurer & CFO, and Zhongji Liu as Secretary.

The accompanying financial statements are prepared on the basis of accounting principles generally accepted in the United States of America ("GAAP"). The Company is a development stage enterprise devoting substantial efforts to establishing a new business, financial planning, raising capital, and research into products which may become part of the Company's product portfolio. The Company has not realized significant sales through since inception. A development stage company is defined as one in which all efforts are devoted substantially to establishing a new business and, even if planned principal operations have commenced, revenues are insignificant.

The accompanying financial statements have been prepared assuming the continuation of the Company as a going concern. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and is dependent on debt and equity financing to fund its operations. Management of the Company is making efforts to raise additional funding until a registration statement relating to an equity funding facility is in effect. While management of the Company believes that it will be successful in its capital formation and planned operating activities, there can be no assurance that the Company will be able to raise additional equity capital, or be successful in the development and commercialization of the products it develops or initiates collaboration agreements thereon. The accompanying financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the possible inability of the Company to continue as a going concern.

Note 2 – Summary of significant accounting policies

Cash and Cash Equivalents

For purposes of reporting within the statements of cash flows, the Company considers all cash on hand, cash accounts not subject to withdrawal restrictions or penalties, and all highly liquid debt instruments purchased with a maturity of three months or less to be cash and cash equivalents.

Income Taxes

The Company accounts for income taxes pursuant to FASB ASC Topic 740, *Income Taxes*. Under FASB ASC Topic 740, deferred tax assets and liabilities are determined based on temporary differences between the bases of certain assets and liabilities for income tax and financial reporting purposes. The deferred tax assets and liabilities are classified according to the financial statement classification of the assets and liabilities generating the differences.

The Company maintains a valuation allowance with respect to deferred tax assets. The Company establishes a valuation allowance based upon the potential likelihood of realizing the deferred tax asset and taking into consideration the Company's financial position and results of operations for the current period. Future realization of the deferred tax benefit depends on the existence of sufficient taxable income within the carry-forward period under the Federal tax laws.

Changes in circumstances, such as the Company generating taxable income, could cause a change in judgment about the reliability of the related deferred tax asset. Any change in the valuation allowance will be included in income in the year of the change in estimate.

Employee Stock-Based Compensation

The Company accounts for stock-based compensation in accordance with ASC 718 Compensation - Stock Compensation ("ASC 718"). ASC 718 addresses all forms of share-based payment ("SBP") awards including shares issued under employee stock purchase plans and stock incentive shares. Under ASC 718 awards result in a cost that is measured at fair value on the awards' grant date, based on the estimated number of awards that are expected to vest and will result in a charge to operations.

Estimates

The financial statements are prepared on the basis of accounting principles generally accepted in the United States of America. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of December 31, 2021 and December 31, 2020, and expenses for the period ended December 31, 2021 and 2020, and cumulative from inception. Actual results could differ from those estimates made by management.

Subsequent Event

The Company evaluated subsequent events through the date when financial statements are issued for disclosure consideration.

Recent Accounting Pronouncements

The Company believes it has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

Note 3 – Related party transaction

There were no known material related party transactions during the period.
