A. Summarize the issuer’s business operations (If the issuer does not have current operations, state “no operations”)

Medical Marijuana, Inc. (OTCMarkets: MJNA) manufactures and distributes CBD products via e-commerce, direct sales, retail and wholesale distribution channels throughout the world.

Medical Marijuana Inc. is the first publicly held company vested in the cannabis and industrial hemp space in America. We have brought about many industry firsts, including establishing in 2012 the world’s first supply chain of industrial hemp-derived cannabidiol (CBD) consumer products. Subsequently, we were awarded the first distribution rights for these products into the countries of Brazil (April 2014) and Mexico (February 2016). In the U.S., we developed and marketed the first fully THC-free version of CBD products.

Soon thereafter, the *World Anti-Doping Agency* approved CBD for professional sport and Olympic competition. We maintain our leadership through our international expansion efforts where today we now ship to over 40 countries worldwide making branded products available through e-commerce, direct sales, retail and wholesale distribution channels.

Medical Marijuana, Inc. was the first company to receive historic import permits for CBD products from the governments of Brazil, Mexico, Argentina, and Paraguay and in many countries has been directly responsible for changing laws and regulations to allow hemp-based CBD consumer products to be marketed. In November 2017, our HempMeds® CEO Raul Elizalde addressed the *World Health Organization* at its hearings on CBD – with favorable outcomes for the CBD movement.

MEDICAL MARIJUANA, INC.
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2021

Note 1: Summary of Significant Accounting Policies

Nature of Operations.

Medical Marijuana, Inc. ("MJNA" or "Company") is an Oregon corporation, which through its subsidiaries and investment holdings, focuses on the development, sale and distribution of hemp oil that contains naturally occurring cannabinoids, including Cannabidiol ("CBD") and other products containing CBD-rich hemp oil ("Legal Hemp"). Company products are formulated for the pharmaceutical, nutraceutical and cosmeceutical industries, including dietary supplements, skin care products and prescription-based hemp oil for sale in countries (such as Brazil and Mexico) that have approved, by doctor prescription, the Company's flagship hemp oil product, RSHO™, for the treatment of various illnesses and conditions. The Company does not sell or dispense recreational or medical marijuana, directly or indirectly.

Basis of Financial Statement Presentation. The accompanying unaudited condensed financial statements have been prepared in accordance with United States generally accepted accounting principles. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

Cash Equivalents. Holdings of highly liquid investments with maturities of three months or less when purchased are considered to be cash equivalents. Cash equivalents are stated at cost, which approximates quoted market value and includes amounts held in money market funds.

Marketable Securities. Management classifies all equity investments at fair value and recognizes any changes in fair value in net income pursuant to ASU 2016-01 which went into effect in 2018.

Property, Plant, and Equipment. Property, plant, and equipment are recorded at cost less depreciation and amortization. Depreciation and amortization are primarily accounted for on the straight-line method based on estimated useful lives. The amortization of leasehold improvements is based on the shorter of the lease term or the life of the improvement. Betterments and large renewals which extend the life of the asset are capitalized whereas maintenance and repairs and small renewals are expensed as incurred.

Revenue Recognition. Revenue is recognized in the financial statements (and the customer billed) either when materials are shipped from stock or when the vendor bills the Company for the order. Net sales are arrived at by deducting discounts, and sales taxes from gross sales.

Estimates. The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Examples of significant estimates include plant and equipment, the recoverability of intangible assets and other long-lived assets, fair value measurements, including those related to financial instruments, goodwill, and intangible assets, unrecognized tax benefits, contingencies and

identification and valuation of assets acquired and liabilities assumed in connection with business combinations.

Goodwill. The fair market value of the Company's investments in its subsidiaries that is in excess of the Company's consolidated tangible assets is recorded as goodwill. The Company tests goodwill for impairment on an annual basis. Impairment testing for goodwill is performed annually in the fourth fiscal quarter or more frequently if impairment indicators are present.

Income Taxes: Our effective tax rate is based on pre-tax income, statutory tax rates, tax laws and regulations and tax planning strategies available to us in the various jurisdictions in which we operate. Significant management judgment is required in evaluating our tax positions and in determining our effective tax rate. Income tax reserves are established to recognize the liability of prior year tax obligations.

Deferred income taxes are provided for temporary differences in the basis between financial statement and income tax assets and liabilities. Deferred income taxes are recalculated annually at tax rates in effect for the years in which those tax assets and liabilities are expected to be realized or settled. We record valuation allowances to reduce our deferred tax assets to the amount that is more likely than not to be realized.

Note 7: Related Party Transactions

On October 20, 2020 the Company entered into a Term Sheet whereby it agreed to sell between \$1.5 million and \$2.5 million of convertible securities to a third-party investor (the "Transaction") for the purpose of providing funds to the Company to be used to invest in General Hemp, the Company's 2nd largest shareholder. This investment by the Company in General Hemp was intended to facilitate the settlement of litigation related to the Probate Estate of the Company's deceased founder, Michael Llamas, who was the majority holder of General Hemp prior to his death (the "Settlement"). The Term Sheet for the Transaction was to expire on January 31, 2021, unless extended by the parties.

Effective January 5, 2021, the Term Sheet was extended to March 31, 2021 and the Company agreed to other amendments to the Term Sheet as follows: (i) the closing of the Transaction could close at any time between January 5, 2021 and the "Closing" of the Settlement (as that term is defined in the Settlement) as opposed to concurrent with the Closing of the Settlement, (ii) if, after a closing of the Transaction, the Settlement does not Close for any reason, the third-party investor shall have the right to rescind the Transaction, in whole or in part, and (iii) assuming the funds received by the Company from the Transaction are used to fund the Settlement (the "Settlement Funds"), the Company would have the flexibility to provide the Settlement Funds as either (a) an

investment into General Hemp upon terms mutually acceptable to General Hemp, the Company and the third-party investor, (b) an acquisition of assets from the Probate Estate of Michael Llamas upon terms mutually acceptable to General Hemp, the Company and the third-party investor, or (c) to another party, and upon terms, that are mutually acceptable to the Company, General Hemp and the third-party investor.

On March 9, 2021 the Company entered into the Settlement, along with the Estate of Michael Llamas, General Hemp, the third-party investor and a number of other parties not related to the Transaction. The Settlement was subject to probate court approval in the case of the Estate of Michael Robert Llamas in the San Diego Superior Court, Probate Division, and was approved by the Probate Court on May 6, 2021.

On March 30, 2021 the Company issued and sold 55,714,286 restricted shares of common stock and 230,000 restricted shares of Series B Preferred Stock in exchange for an aggregate total of \$2.0 million of "Settlement Funds," which the Company used to fund the Settlement. As a result of the Closing of the Settlement, the Company owns a 49.9% interest in General Hemp for its \$2.0 million investment. It is estimated that the major assets held by General Hemp consist of approximately 275 million shares of the Company's common stock, 6 million shares of Neuropathix, Inc. (fka, Kannalife, Inc. - "NPTX") and 2.7 million shares of Axim Biotechnologies, Inc. ("AXIM"). In addition to its 49.9% ownership stake, the Company is also a creditor of General Hemp in the amount of approximately \$2.4 million. Under the terms of the Settlement, the Company has agreed to sell its ownership stake in General Hemp for \$1,000 to a trust formed for the benefit of the sole heir of Michael Llamas, after it has received \$2 million (i.e., 100% of the principal amount of the Company's investment) in distributions and/or disbursements in connection with its 49.9% ownership stake. See also Footnote 6 - "Notes and Loans Receivable".

On July 19, 2021 the Company sold 50 million restricted shares of its common stock for \$0.01 per share to Blake N. Schroeder, the Chairman, CEO and President of the Company. Mr. Schroeder paid for the 50 million shares by issuing to the Company a Secured Note, face value \$500,000. The Secured Note is a full recourse obligation of Mr. Schroeder's and is secured by a Deed of Trust against Mr. Schroeder's home in Rancho Santa Fe, California and accrues interest of 0.25% per annum until maturity on July 29, 2024. If Mr. Schroeder remains in the continuous employ of the Company until July 19, 2022, the unpaid principal and interest on the Secured Note shall be automatically forgiven and waived effective as of July 19, 2022. As of December 31, 2021, the unpaid principal and interest totals \$500,573. If for any reason, other than death or disability, Mr. Schroeder does not remain in the continuous employ of the Company until July 19, 2022, the Company shall have the right to reacquire the 50 million shares from Mr. Schroeder for \$0.01 per share and shall be further entitled to use any amount due under the Secured Note as an offset against the payment to repurchase the 50 million shares. If Mr. Schroeder dies or becomes disabled prior to July 19, 2022, he (or his estate) shall have the right, but not the obligation, to put back to the Company an amount of the 50 million shares that is equal in value to the amount due under the Secured Note (the "Put Shares"). The value of the Put Shares for purposes of determining how many shares are needed to repay the Secured Note shall be equal to the greater of the closing price of the Company's common stock as of the date that Mr. Schroeder (or his estate) exercises his right to repay the Secured Note using Put Shares, or \$0.01 per share. See also Footnote 6 - "Notes and Loans Receivable" and Footnote 9 - "Stock Issuances".

On July 19, 2021, the Company sold an additional 50 million restricted shares of its common stock for \$0.01 per share to Blake N. Schroeder, the Chairman, CEO and President of the Company. Mr. Schroeder paid for the 50 million shares by issuing to the Company a promissory Note, face value \$500,000. The Note is a full recourse obligation of Mr. Schroeder's and accrues interest of

0.25% per annum until maturity on July 29, 2024. If Mr. Schroeder remains in the continuous employ of the Company until July 19, 2023, the unpaid principal and interest on the Note shall be automatically forgiven and waived effective as of July 19, 2023. As of December 31, 2021, the unpaid principal and interest totals \$500,573. If for any reason, other than death or disability, Mr. Schroeder does not remain in the continuous employ of the Company until July 19, 2023, the Company shall have the right to reacquire the 50 million shares from Mr. Schroeder for \$0.01 per share and shall be further entitled to use any amount due under the Note as an offset against the payment to repurchase the 50 million shares. If Mr. Schroeder dies or becomes disabled prior to July 19, 2023 he (or his estate) shall have the right, but not the obligation, to put back to the Company an amount of the 50 million shares that is equal in value to the amount due under the Note (the "Put Shares"). The value of the Put Shares for purposes of determining how many shares are needed to repay the Note shall be equal to the greater of the closing price of the Company's common stock as of the date that Mr. Schroeder (or his estate) exercises his right to repay the Note using Put Shares, or \$0.01 per share. In addition, if the Secured Note discussed in the preceding paragraph above is forgiven and waived as discussed above, Mr. Schroeder shall provide collateral at that time to secure the Note.
