5) Issuer's Business, Products and Services

Company is a media production and distribution enterprise, involved in book publishing, feature film and video production, and distribution of feature films and videos through various media platforms and territories worldwide.

Wholly-owned subsidiaries are Medallion Releasing, Inc. (for handling non-Hannover House producer clients), Vodwiz, Inc. and Bookworks, Inc., a special purpose entity utilized for signatory purposes with the Screen Actors Guild. Both Medallion Releasing, Inc., Vodwiz, Inc. and Bookworks, Inc. are Arkansas domiciled corporations. Income, assets and costs (if any) from these three subsidiaries are incorporated into the Company's consolidated financial statements.

Company publishes fiction and non-fiction books; Company's media distribution includes the release of films to theatres, home video, digital streaming formats, television outlets and international licensors. Company is working with MyFlix, LLC for the development and launch of a new digital streaming site to be named "MyFlix." The business model for MyFlix is to consolidate feature films and television series programming owned by a wide range of studios and content owners, into a single destination digital streaming site. The revenue model for MyFlix will be to pay third-party streaming and billing costs off the top and divide remaining revenues on a fifty-fifty basis between the program suppliers and with MyFlix. Consumers visiting the MyFlix website (*or accessing the service through mobile APPS or over-the-top devices such as Roku, AppleTV or hardware installed APPS*) can purchase movies or TV episodes on a

“per transaction basis” (ala Amazon) or alternatively, can open a monthly subscription with MyFlix for unlimited access to approximately half of the programming otherwise available for per-transaction access. A third revenue model, inspired by the billion-plus dollar success of TUBITV.com, is to offer programs to be viewed by consumers “for free” but with advertising commercial breaks (AVOD). As of the date of this filing, forty-three program suppliers, collectively representing over 12,000 titles, had agreed to participate in the MyFlix service, which would position the site as number two only to Amazon in terms of total programming. The growth of digital streaming services has created both a boom and bust in the independent film sectors. Consumers are less likely now to purchase DVDs of unknown movies knowing that the same ten-dollar cost could cover a month’s subscription to a service such as Netflix with over 1,000 titles at any given time. As other studios scramble to open “studio specific” streaming services, Hannover House believes that the MyFlix model is more like the successful Walmart retail strategy of offering a wider selection of programming at everyday low prices. Hannover House has an option to purchase MyFlix subject to the achievement of obtainable corporate benchmarks which include the filing of the Form 10 Registration and the resolution or dismissal of four foreign judgments for which the Company has meritorious defenses and legal strategies to oppose.

6) Issuer’s Facilities

As of the date of this filing, the Company does not hold a direct lease on offices; however, as a trade-out for marketing services with MyFlix, Company has been granted occupancy of offices at 355 N. College Ave., Suite N, Fayetteville, AR, 72701, consisting of approx. 1,380 square feet, including four executive offices, a conference room, two bathrooms and a kitchen. For purposes of accounting and revenue and expense recognition, Company is accruing costs of \$2,050 per month for office space value, and matching this sum with a ledger entry for marketing services. The principal assets for the company are the intellectual property rights granted to the company through distribution licenses or sales agency agreements, none of which are transferrable under the terms of the agreements. The granting of sales rights to film and television programs is very specialized and dependent upon the quality of long-standing relationships between the company as seller, and the outlets (which for HHSE products range from USA based retail stores, to digital streaming platforms, television broadcasters and international licensors). As of the applicable filing period of this report, the company has approximately 17,036 units of DVD and BluRay inventory stored at Technicolor Labs in Memphis, TN, plus approximately 2,896 units of DVD and BluRay inventory at the company’s principal offices. Inventory of viable book products is 1,466 units, held in the Arkansas Warehouse. Equipment, fixtures, DVD and BluRay replication equipment, and motion picture related support equipment is held at the company’s principal offices, along with standard office furnishings, desktop computers and fixtures customarily needed for a staff of ten persons. Most of the equipment, fixtures and other gear are aged at greater than ten years, and as a result, the Company has elected to significantly reduce the valuation of these items by increasing the reserve for depreciation as of this reporting period. The company plans to move into a larger facility in June, 2022 to accommodate the additional work stations, office space and storage requirements for the forthcoming launch of the MYFLIX streaming service.

* **Notes to Officer, Directors, and Control Persons – stock ownership** – former company President D. Frederick Shefte retired in March of 2021 due to health issues, and passed away on April 18, 2022. . Until such time that a replacement President can be engaged, Company CEO Eric Parkinson will assume the duties as President, in addition to his existing duties as CEO and Secretary. Per the

bylaws and other internal agreements with officers, upon cessation of employment for any reason, an officer (in this case, Shefte), is required to surrender "Preferred" (voting) shares. As of the date of this report, Shefte had 1,600,000 Preferred shares that the company is moving to cancel and return to treasury stock for that class of shares.

8) Legal/Disciplinary History

A. Please identify whether any of the persons listed above have, in the past 10 years, been the subject of:

1. A conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses);

Not Applicable

2. The entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, or banking activities;

Not Applicable

3. A finding or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended, or vacated; or

Response: On October 8, 2019, Company was advised of an order from the Arkansas Securities Commission regarding their concerns regarding the issuance of a convertible debt instrument to JSJ Investments, Inc. in 2014, which transaction was not registered with the Arkansas Securities Commission. Company was ordered to not issue any convertible debt instruments from within the State of Arkansas if such instruments are not registered within the State of Arkansas Securities Commission. Although the Arkansas letter purported to cite a violation, Company was not at that time, nor ever since, found to have actually violated any such State securities rules, and a response call to the Arkansas Securities Department resulted in their confirmation that the incident cited in the letter did not involve Arkansas entities and therefore Arkansas jurisdiction. The company is seeking to have the claims made in this letter removed and expunged as erroneous. The initial step of the appeal process occurred in late November 2019, at which time, a representative of the Arkansas Dept. of Securities again concurred that the transaction in question was from an out-of-state issuer and was not with an Arkansas resident or Arkansas entity, and therefore not subject to Arkansas Laws. A December 2020 zoom call was rescheduled to accommodate counsel's availability. There will be an additional appeal process hearing at such time that the COVID-19 pandemic shut-down of courthouses and non-essential hearings has been lifted. Based upon prior calls with the Arkansas Securities Commission and with appropriate counsel, Company will present the appropriate evidence at this upcoming hearing that Company's counsel believes should result in a dismissal and expungement of the Arkansas C&D order. As of the filing of this quarterly report, there has been no meeting scheduled for a hearing and review, dismissal and expungement of this claim against HHSE; the company will prioritize this dispute following the completion of registration actions.

4. The entry of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities.

Not Applicable

B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date

instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

During 2018, the Company neglected to defend selected producer disputes if such disputes were filed outside of the State of Arkansas (*in violation of the governing law and jurisdiction as prescribed in the representation agreements*). The rationale in not defending such court actions occurring outside of Arkansas is that sister-state judgment enforcement laws enable a foreign default judgment to be adjudicated in Arkansas if a meritorious basis exists. The business sector of independent film distribution is litigious across all major industry entities – due primarily to the difficulties of marketing independent films not conforming to expectations of the program suppliers. Accordingly, company has found itself the target of 17 lawsuits over a 25+ year span from program suppliers with false claims of monies owed. While this may seem to be a large number of disputes – the vast majority of which were adjudicated in favor of Hannover House – it represents what we believe to be the best track record in the industry (e.g., 3.7% of programs distributed by Hannover House have resulted in producer disputes, specifically 17 out of 454 titles handled). These disputes meet the standard of ordinary routine litigation incidental to the business, and therefore do not merit further detail.

As recommended by counsel, in order to mitigate any potential concerns that these defaults could impede the company's activities as a going concern, the three foreign (sister-state) default judgments of concern have each been addressed and responded to as of the date of this Q1 disclosure filing. The "Lewin New York Default" had been listed as a liability with a potential value in excess of \$2-million; however, this matter has now been settled, with a remaining payment obligation balance of \$150,000 as of 3-31-2022, and due within the next year (*the adjustment of the "reserve" previously listed on the company's balance sheet has resulted in a gain of over \$1.3-mm in shareholder equity as of this filing*); the UPTONE defamation claim has been addressed in California; however, the court rejected Company's motion to set aside the default judgment. However, a settlement was reached in March, 2022, and the liability impact of settlement payments that Hannover House has agreed to pay are reflected in the current balance sheet. With respect to the "Daisy Winters-Shuttlewoods" – a court hearing was held on or about Jan. 7, 2022 hearing. As of this filing date, the "default judgment" previously awarded in the Daisy Winters-Shuttlewoods dispute was ruled in favor of HHSE, due to the factual merits of the HHSE response. In order to clear the path for the company's registration filing, a settlement was made in March, 2022 and the liability impact is reflected in the balance sheet to this disclosure filing. HHSE Form 10 counsel is reviewing all remaining, unresolved or unsettled legal matters in order to update the registration opinion to reflect the meritorious actions of HHSE and the non-material impact of these cases.

**NOTES TO FINANCIAL STATEMENTS
FOR THE PERIOD ENDING 3-31-2022**

The following notes refer to those items marked on Item F1 (consolidated balance sheets) as indicated with red note reference markers.

- (1) Accounts Receivable has been adjusted to include newly invoiced on-boarding & metadata services performed for MyFlix program suppliers. It is relevant to note that the majority of Accounts Receivable are for deferred on-boarding / mastering fees on MyFlix supplier titles, which must be earned-out from digital deliveries of titles in a first position priority payment. The other receivables, the majority of which are to Cinedigm (*as principal wholesaler to Walmart, Target & Best Buy*) are disputed by Cinedigm due to a claim of offset for marketing fees;
- (2) Notes Receivable includes additional loans of \$184,827 made by the Company to Snowy Morning, Inc. to assist with production costs for the film “WILDFIRE,” which loan is to be considered as a fully-recoupable advance against Snowy Morning’s share of theatrical revenues in the film. Company holds a lien against other revenue sources, in the event that the producer’s share of net theatrical revenues from “WILDFIRE” is not sufficient to fully repay the loan. This item increased during Q1, 2022 not due to any new funds loaned, but due to a calculation and addition of accrued interest;
- (3) Company has mostly written off the value of office furnishing and computers due to age and changing technologies impacting resale values;
- (4) The prior Hannover House Film & Television Library report was conducted ten years ago, and may no longer accurately represent the realistic and anticipated revenues that each title in the library (approx. 476) will ultimately generate during the term of their sales agency representation by Hannover House. For instance, the DVD and BluRay video projections have not been realized over the past few years, whereas the sums previously projected for digital streaming have been exceeded in most cases. As of this filing, the Company is awaiting final completion of a new, updated library valuation report – as now listed as an auditor’s requirement for the Form 10 disclosures. It is relevant to note that in the motion picture industry, a Film Library is not a physical or liquid asset, but is essentially an informed projection of the likely revenues that a particular title should generate from the applicable media represented by the sales agency. This form of “ultimate” valuation impacts the timeframe for the application of capitalized marketing costs, prepaid producer advances or recoupable marketing expenses, and may contribute to a lender’s analysis of a distributor’s likely ability to generate future revenues. Most of the titles in the Hannover House Film & Television Library are represented by the Company under sales agency agreements, which do not allow the sales rights to be sold, transferred or otherwise disposed of by Company or successors; a majority of the titles additionally include provisions allowing for the termination of sales rights in the event that Hannover House ceases to operate or that Eric Parkinson (as “key man”) ceases to perform his duties as principal executive of Hannover House. These are customary protections that independent producers usually require when engaging independent distributors for the representation of their title assets;
- (5) The Company has listed the amount of total cash payments to be made in the Shuttlewoods settlement;
- (6) Notes Payable – although the Company did enter into new loans during Q1 totaling \$40,000 - the additional sums listed are after reconciliation of all prior notes and activities and allocation to the proper line-item description.
- (7) The Company has listed the amount of total cash payments to be made in the Uptone settlement;
