INNERSCOPE HEARING TECHNOLOGIES, INC Notes to the Financial Statement March 31, 2022 (Unaudited)

THE COMPANY

InnerScope Hearing Technologies, Inc. ("Company," "InnerScope") is a Nevada Corporation incorporated on June 15, 2012, with its principal place of business in Roseville, California. The Company was originally named InnerScope Advertising Agency, Inc. and was formed to provide advertising and marketing services to retail establishments in the hearing device industry. On August 25, 2017, the Company changed its name to InnerScope Hearing Technologies, Inc. to better reflect the Company's current direction as a hearing health technology company that manufactures, develops, distributes, and sells numerous innovative hearing health-related products, hearing treatments, and hearing solutions direct to consumer (DTC) with a scalable business model.

The Company is a manufacturer and a distributor/retailer of Direct-to-Consumer ("DTC") FDA (Food and Drug Administration) registered hearing aids, personal sound amplifier products (PSAPs), and hearing-related treatment therapies, and doctor-formulated dietary hearing supplements ("Hearing Products"). The Company's mission is to improve the quality of life of the 70 million people in North America and the 1.5 billion people worldwide who suffer from hearing impairment and/or hearing-related issues. The management team of InnerScope is applying decades of industry experience and believes it is well-positioned with its innovative instore point-of-sale Free Self-Check Hearing Screening Kiosks ("Hearing Kiosks") to directly benefit when the Overthe-Counter (OTC) Hearing Aid Act (the "OTC Hearing Aid Law") becomes enacted (expected in late 2020) (the OTC Hearing Aid Law allows OTC hearing aids for mild to moderate hearing losses to be sold in retail stores without having to see a professional). The Hearing Kiosk is designed for the tens of millions of Americans with undetected/untreated mild-to-moderate hearing losses to treat themselves with the Company's easy, convenient, and affordable hearing products.

The Company's Hearing Products and its business model allow breaking through the persistent barriers that prevent access to effective hearing solutions. For example, the Company's recent acquisition of iHear Medical Inc., a DTC cloud-based hearing solution provider, gives access to over 40 patents and an FDA-registered manufacturing and R&D facility. In addition, the Company has acquired HearingAssist, an established leader in the direct-to-consumer hearing aid market with a customer base of over 400,000. These acquisitions, combined with a partnership with Atlazo Inc., a semiconductor innovator for next-generation AI smart devices, will allow the Company to take the lead position in the direct-to-consumer hearing solutions market by selling innovated proprietary advanced hearing products through Walmart and other major Big Box retailers.

The Company's full line of Hearing Health products is currently available through multiple retail/wholesale channels: Walmart, Walmart.com, Walmart Canada, RiteAid.com, BestBuy.com, Amazon.com, Giant Eagle, Hy-Vee, Hartig Drug, Food City, and Cardinal Health dba RGH Enterprises Inc., which provides the Company's products to FSAStore.com, HSAStore.com, and WellDeservedHealth.com. In addition, the Company's Hearing Health products will soon be available with more major retailers and pharmacy chains for in-store and online purchases.

ASC Topic 805, "Business Combinations," requires that all business combinations be accounted for using the acquisition method and that certain identifiable intangible assets acquired in a business combination be recognized as assets apart from goodwill. ASC Topic 350, "Intangibles-Goodwill and Other" ("ASC 350"), requires goodwill and other identifiable intangible assets with indefinite useful lives not to be amortized, such as trade names, but instead tested at least annually for impairment and be written down if impaired. NOTE PAYABLE - UNDIVIDED INTEREST IN REAL ESTATE

On May 9, 2017, the Company and LLC1 purchased certain real property from an unaffiliated party. The Company and LLC1 have agreed that the Company purchased and owns 49% of the building, and LLC1 purchased and owns 51% of the building. The contracted purchase price for the building was \$2,420,000, and the total amount paid at closing was \$2,501,783, including fees, insurance, interest, and real estate taxes. The Company is a coborrower on a \$2,057,000 Small Business Administration Note (the "SBA Note"). The SBA Note carries a 25-year term, with an initial interest rate of 6% per annum, adjustable to the Prime interest rate plus 2%, and is secured by a first position Deed of Trust and business assets located at the property. The Company initially recorded a liability of \$1,007,930 for its portion of the SBA Note, with the offset being to Investment in undivided interest in real estate on the balance sheet presented herein.

DERIVATIVE LIABILITY

The Company determined that the conversion features of the convertible notes represented embedded derivatives since the Notes are convertible into a variable number of shares upon conversion. Accordingly, the notes are not considered to be conventional debt under EITF 00-19, and the embedded conversion feature is bifurcated from the debt host and accounted for as a derivative liability. Accordingly, the fair value of these derivative instruments is recorded as liabilities on the consolidated balance sheet, with the corresponding amount recorded as a discount to each Note, with any excess of the fair value of the derivative component over the face amount of the Note recorded as an expense on the issue date. Such discounts are amortized from the date of issuance to the maturity dates of the Notes. The change in the fair value of the derivative liabilities is recorded in other income or expenses in the condensed consolidated statements of operations at the end of each period, with the offset to the derivative liabilities on the balance sheet.

GOING CONCERN

The accompanying unaudited condensed consolidated financial statements have been prepared assuming the Company will continue as a going concern, which assumes the realization of assets and satisfaction of liabilities and commitments in the normal course of business. The Company experienced a net loss of \$2,905,321 for the period ended March 31, 2022. (The net loss of \$2,905,321 includes \$2,238,778 in Derivative Expense that is considered a non-cash expense). This raises doubt about the Company's ability to continue as a going concern and to operate in the normal course of business. These consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might result from this uncertainty.
