5) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. In answering this item, please include the following:

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

All Things Mobile Analytic Inc. (hereinafter "ATMA" or the "Company") had limited operations through January 31, 2021 while management worked to restructure the Company and conclude the acquisition of identified targets with revenue generating operations.

Commencing with a change in management control in 2019, the Company has been focused on acquiring and developing brands that provide disruptive technology for mobile applications for Telecommunications and Fintech services & solutions. To this end, on March 24, 2020, retroactive to October 1, 2019, the Company entered into a cooperation agreement with World International Services (WIS), a New York corporation controlled by one of our officers and directors, and Vox On Line Servicios De Comunicadoes Ltda (VOX) (d/b/a PayToGO), a corporation formed under the laws of Brazil, also controlled by one of our officers and directors, wherein WIS has agreed to pay expenses up to a maximum of \$50,000, on behalf of the Company, incurred by VOX, for its development of the software application "PayToGo" that will allow for electronic payment transactions, purchase of gift cards, GSM Top Ups, and sending payment processing. The PayToGo platform is centered around a proprietary Wallet Application ("Wallet") and will assist consumers and businesses to process payment transactions and manage their payments efficiently. The Company has expended a total of \$40,836 on the associated software development to date under its agreement with WIS. VOX launched the PaytoGo app in its local market, Brazil, in February 2021. The application is currently in the final testing phase for subsequent launches in Peru, Argentina, Mexico and the United Kingdom anticipated during this current fiscal year. On June 10, 2022 the agreements were concluded.

⁴ The financial statements requested pursuant to this item must be prepared in accordance with US GAAP or IFRS by persons with sufficient financial skills.

While during October 2020 the Company entered into an Acquisition and Exchange of Shares Agreement (the “Agreement”) with Nextchampions Ltd., a corporation incorporated under the laws of the United Kingdom and the parent corporation of VOX, both entities being controlled by an officer and director of the Company, the Agreement did not close, and the parties agreed subsequently to enter into a licensing and usage agreement for the app PayToGo. Under the terms of agreements under negotiation, the ownership of PayToGo is to be transferred to VOX, and the Company would receive a royalty on all gross revenue generated in the local Brazilian market. Additionally, the Company is expected to have exclusive rights to the app and all revenues derived therefrom in all markets outside Brazil. On June 10, 2022 the agreements were concluded.

B. Please list any subsidiaries, parents, or affiliated companies.

None.

C. Describe the issuers’ principal products or services.

The Company has expended a total of \$65,000 up to June 30, 2022 on the associated software development for its recently launched “PayToGo” app, which is currently operating in Brazil. NOTE 1 - NATURE OF OPERATIONS

Description of Business:

All Things Mobile Analytic Inc., previously Toron, Inc. (“the Company” or “ATMA”) was incorporated in Nevada on January 3, 2008 for the purpose of creating a web-based retail business for domain names.

On January 9, 2020, by way of a resolution, a majority of the voting shares and the Board of Directors of the Company voted to effect a reverse split of the shares of common stock of the Company on the basis of 1 new share of common stock for each 200 shares of common stock currently held. Further, the Company changed its name to All Things Mobile Analytic, Inc. in order to more accurately reflect its branding, and future business plans. On August 6, 2020, FINRA finalized the processing of the Company’s application for the name change and reverse split. The impact of the split has been retroactively applied to all share and per share data included herein.

Commencing with a change in management control in 2019, the Company has been focused on acquiring and developing brands that provide disruptive technology for mobile applications for Telecommunications and Fintech services & solutions. To this end, on March 24, 2020, retroactive to October 1, 2019, the Company entered into a cooperation agreement with World International Services (WIS), a New York corporation controlled by one of our officers and directors, and Vox On Line Servicos De Comunicacoes Ltda (VOX) (d/b/a PayToGO), a corporation formed under the laws of Brazil, also controlled by one of our officers and directors, wherein WIS has agreed to pay expenses up to a maximum of \$50,000, on behalf of the Company, incurred by VOX, for its development of the software application “PayToGo” that will allow for electronic payment transactions, purchase of gift cards, GSM Top Ups, and sending payment processing. The PayToGo platform is centered around a proprietary Wallet Application (“Wallet”) and will assist consumers and businesses to process payment transactions and manage their payments efficiently. The Company has expended a total of \$40,836 on the associated software development to date under its agreement with WIS. VOX launched the PaytoGo app in its local market, Brazil, in February 2021. The application is currently in the final testing phase for subsequent launches in Peru, Argentina, Mexico and the United Kingdom anticipated during this current fiscal year.

While during October 2020 the Company entered into an Acquisition and Exchange of Shares Agreement (the “Agreement”) with Nextchampions Ltd., a corporation incorporated under the laws of the United Kingdom and the parent corporation of VOX, both entities being controlled by an officer and director of the Company, the Agreement did not close, and the parties agreed subsequently to enter into a licensing and usage agreement for the app PayToGo. Under the terms of the new agreement, the ownership of PayToGo is transferred to VOX, and the Company will receive a royalty on all gross revenue generated in the local Brazilian market. Additionally the Company will have exclusive rights to the app and all revenues derived therefrom in all markets outside Brazil.

In February 2021, Nextchampions, VOX and the Company commenced negotiations on a licensing and usage agreement for the app “PayToGo” upon completion of its development and launch into the Brazilian marketplace. Under the terms of the agreement, the ownership of PayToGo shall be transferred to VOX, and the Company will receive a royalty on all gross revenue generated in the local Brazilian market. Additionally the Company will have exclusive rights to the app and all revenues derived therefrom in all markets outside Brazil. As of July 31, 2022, the Company has not yet been able to conclude this agreement.

It is the intent of management that the Company, through various acquisitions and partnerships, will ultimately undertake operations that will allow it to offer one ubiquitous global platform to securely connect communication providers worldwide.

The Company continued to have limited operations through July 31, 2022, while management worked to conclude pending acquisitions and monetize its first software app with revenue generating operations.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of these financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Fair Value of Financial Instruments

The Company applies the provisions of Accounting Standards Codification (“ASC”) 820-10, “Fair Value Measurements and Disclosures.” ASC 820-10 defines fair value, and establishes a three-level valuation hierarchy for disclosures of fair value measurement that enhances disclosure requirements for fair value measures. For certain financial instruments, including cash and cash equivalents, accounts receivable, accounts payable and short-term debt, the carrying amounts approximate fair value due to their relatively short maturities. The carrying amounts of the convertible note receivable and the long-term debt approximate their fair values based on current interest rates for instruments with similar characteristics.

The three levels of valuation hierarchy are defined as follows:

Level 1: Valuations consist of unadjusted quoted prices in active markets for identical assets and liabilities and has the highest priority.

Level 2: Valuations rely on quoted prices in markets that are not active or observable inputs over the full term of the asset or liability.

Level 3: Valuations are based on prices or third party or internal valuation models that require inputs that are significant to the fair value measurement and are less observable and thus have the lowest priority.

The Company computed basic and diluted loss per share amounts pursuant to the ASC 260 “Earnings per Share.” There are no potentially dilutive shares outstanding and, accordingly, dilutive per share amounts have not been presented in the accompanying statements of operations.

Income Taxes

Income taxes are recognized in accordance with ASC 740, “Income Taxes”, whereby deferred income tax liabilities or assets at the end of each period are determined using the tax rate expected to be in effect when the taxes are actually paid or recovered. A valuation allowance is recognized on deferred tax assets when it is more likely than not that some or all of these deferred tax assets will not be realized.
