CLEAN VISION CORPORATION
Notes to Unaudited Consolidated Financial Statements
September 30, 2022

NOTE 1 – ORGANIZATION AND NATURE OF BUSINESS

Clean Vision Corporation ("Clean Vision," "we," "us," or the "Company") is a new entrant in the clean energy and waste-to-energy industries focused on clean technology and sustainability opportunities. Currently, we are focused on providing a solution to the plastic and tire waste problem by recycling the waste and converting it into saleable byproducts, such as hydrogen and other clean-burning fuels that can be used to generate clean energy. Using a technology known as pyrolysis, which heats the feedstock (i.e., plastic or tires) at high temperatures in the absence of oxygen so that the material does not burn, we are able to turn the feedstock into i) low sulfur fuel, ii) clean hydrogen and iii) carbon black or char (char is created in the pyrolysis of plastic, while carbon black is created when tires are pyrolyzed). We intend to generate revenue from three sources: service revenue from the recycling services we provide, revenue generated from the sale of the byproducts, and revenue generated from the sale of fuel cell equipment. Our mission is to aid in solving the problem of cost-effectively upcycling the vast amount of waste plastic generated on land before it flows into the world's oceans, as well as to reduce the amount of tire waste.

We currently operate through our wholly-owned subsidiary, Clean-Seas, Inc. ("Clean-Seas"), which we acquired on May 19, 2020. Clean-Seas acquired its first pyrolysis unit in November 2021 for use in a pilot project in India, which began operations in early May 2022. We believe that this pilot project will showcase our ability to pyrolyze waste plastic (using pyrolysis), which will generate three byproducts: i) low sulfur fuel, ii) clean hydrogen, AquaH[tm], and iii) char. We intend to sell the majority of the byproducts, while retaining a small amount of the low sulfur fuels and/or hydrogen to power our facilities and equipment. To date we have not generated any revenue from the provision of pyrolysis services nor have we generated any revenue from the sale of byproducts from our operations in India or fuel cell equipment and we do not currently have any contracts in place to sell these byproducts or fuel cell equipment. However, we believe that there is a strong market for low sulfur fuel and clean hydrogen, upon which we intend to focus our byproduct sales.

Clean-Seas, Inc. is Clean Vision Corporation's first investment within its newly expanded scope. The acquisition of 100% of Clean Seas is Clean Vision Corporation's first entrance into the clean energy space. Clean Seas has made significant progress in identifying and developing a new business model around the clean energy and waste to energy sectors. Clean Vision Corporation's management team will incorporate the two companies into a single-minded, clean energy-focused entity.

Clean-Seas India Private Limited which was incorporated on November 17, 2021, as a wholly owned subsidiary of Clean-Seas, Inc.

Clean-Seas, Abu Dhabi PVT. LTD was incorporated in Abu Dhabi on December 9, 2021, as a wholly owned subsidiary of the Company. On January 19, 2022, the Company changed the name of its wholly owned subsidiary, Clean-Seas, Abu Dhabi PVT. LTD, to Clean-Seas Group. As of July 4, 2022, the Company ceased operations and is in the process of dissolving the corporation.

EndlessEnergy was incorporated in Nevada on December 10, 2021, as a wholly owned subsidiary of the Company. EndlessEnergy does not currently have any operations, but it was incorporated for the purpose of investing in wind and solar energy projects.

EcoCell was incorporated on March 4, 2022, as a wholly owned subsidiary of CVC. EcoCell does not currently have any operations, but we intend to use EcoCell for the purpose of licensing fuel cell patented technology.

Clean-Seas Arizona was incorporated on September 19, 2022, as a wholly owned subsidiary of Clean-Seas..

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Company's unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP"), and pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC") and reflect all adjustments, consisting of normal recurring adjustments, which management believes are necessary to fairly present the financial position, results of operations and cash flows of the Company as of and for the nine month period ending September 30, 2022 and not necessarily indicative of the results to be expected for the full year ending December 31, 2022. These unaudited financial statements should be read in conjunction with the financial statements and related notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2021.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Concentrations of Credit Risk

We maintain our cash in bank deposit accounts, the balances of which at times may exceed federally insured limits. We continually monitor our banking relationships and consequently have not experienced any losses in our accounts. At times, such deposits may be in excess of the Federal Deposit Insurance Corporation insurable amount ("FDIC").

Cash equivalents

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. There were no cash equivalents for the periods ended September 30, 2022 and December 31, 2021.

Principles of Consolidation

The accompanying consolidated financial statements for the nine months ended September 30, 2022, include the accounts of the Company and its wholly owned subsidiaries, Clean-Seas, Inc and Clean-Seas India Private Limited, Clean-Seas Group, EndlessEnergy, EcoCell, Clean-Seas Arizona and Clean-Seas Morocco. As of September 30, 2022, there was no activity in Clean-Seas Group, EndlessEnergy or Clean-Seas Arizona.

Reclassifications

Certain reclassifications have been made to the prior period financial information to conform to the presentation used in the financial statements for the three and nine months ended September 30, 2022.

Translation Adjustment

For the nine months ended September 30, 2022, the accounts of the Company's subsidiary Clean-Seas India Private Limited, are maintained in Rupees. According to the Codification, all assets and liabilities were translated at the current exchange rate at respective balance sheets dates, members' capital are translated at the historical rates and income statement items are translated at the average exchange rate for the period. The resulting translation adjustments are reported under other comprehensive income in accordance with the Comprehensive Income Topic of the Codification (ASC 220), as a component of members' capital. Transaction gains and losses are reflected in the income statement.

Comprehensive Income

The Company uses SFAS 130 "Reporting Comprehensive Income" (ASC Topic 220). Comprehensive income is comprised of net income and all changes to the statements of members' capital, except those due to investments by members, changes in paid-in capital and distributions to members. Comprehensive income for the three and nine months ended September 30, 2022 is included in net loss and foreign currency translation adjustments.

Basic and Diluted Earnings Per Share

Net income (loss) per common share is computed pursuant to section 260-10-45 of the FASB Accounting Standards Codification. Basic net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding during the period. Diluted net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of shares of common stock and potentially outstanding shares of common stock during the period. The weighted average number of common shares outstanding and potentially outstanding common shares assumes that the Company incorporated as of the beginning of the first period presented. As of September 30, 2022, there are warrants to purchase up to 9,000,000 shares of common stock. As of September 30, 2022 and 2021, there are 20,000,000 and 20,000,000 potentially dilutive shares of common stock, respectively, if the Series C preferred stock were to be converted. There are 2,000,000 shares of Series B preferred stock outstanding. The Series B Preferred Stock will automatically be converted on January 1, 2023 into shares of common stock at the rate of 10 shares of Common Stock for each share of Preferred Stock. As of September 30, 2022 and 2021, the Company's diluted loss per share is the same as the basic loss per share, as the inclusion of any potential shares would have had an anti-dilutive effect due to the Company generating a loss.

Stock-based Compensation
In June 2018, the FASB issued ASU 2018-07, *Compensation – Stock Compensation (Topic 718): Improvements to Nonemployee Share-Based Payment Accounting.* ASU 2018-07 allows companies to account for nonemployee awards in the same manner as employee awards. The guidance is effective for fiscal years beginning after December 15, 2018, and interim periods within those annual periods. We adopted this ASU on January 1, 2019.

Recently issued accounting pronouncements
The Company has implemented all new applicable accounting pronouncements that are in effect. These pronouncements did not have any material impact on the financial statements unless otherwise disclosed, and the Company does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

NOTE 3 - GOING CONCERN

The accompanying unaudited consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company has an accumulated deficit of $16,221,150 at September 30, 2022, and had a net loss of $3,060,160 for the nine months ended September 30, 2022. The Company's ability to raise additional capital through the future issuances of common stock and/or debt financing is unknown. The obtainment of additional financing, the successful development of the Company's contemplated plan of operations, and its transition, ultimately, to the attainment of profitable operations are necessary for the Company to continue operations. These conditions and the ability to successfully resolve these factors raise substantial doubt about the Company's ability to continue as a going concern. The financial statements of the Company do not include any adjustments that may result from the outcome of these aforementioned uncertainties.

Management plans to continue to implement its business plan and to fund operations by raising additional capital through the issuance of debt and equity securities. The Company's existence is dependent upon management's ability to implement its business plan and/or obtain additional funding. There can be no assurance that the Company's financing efforts will result in profitable operations or the resolution of the Company's liquidity problems. Even if the Company is able to obtain additional financing, it may include undue restrictions on our operations in the case of debt or cause substantial dilution for our stockholders in the case of equity financing.

NOTE 4 - PROPERTY & EQUIPMENT

Property and equipment are recorded at cost. The Company capitalizes purchases of property and equipment over $5,000. Depreciation is computed using the straight-line method over the estimated useful lives of the various classes of assets as follows between three and five years.

Long lived assets, including property and equipment, to be held and used by the Company are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of the assets may not be recoverable. Impairment losses are recognized if expected future cash flows of the related assets are less than their carrying values. Measurement of an impairment loss is based on the fair value of the asset. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to sell.

Maintenance and repair expenses, as incurred, are charged to expense. Betterments and renewals are capitalized in plant and equipment accounts. Cost and accumulated depreciation applicable to items replaced or retired are eliminated from the related accounts with any gain or loss on the disposition included as income.

Clean-Seas, Inc. has purchased a pyrolysis unit for piloting and demonstration purposes which has been commissioned in Hyderabad, India as of May 2022. The unit will be used to showcase the Company's technology and services, turning waste plastic into environmentally friendly commodities, to potential customers.

Property and equipment stated at cost, less accumulated depreciation consisted of the following:

	September 30, 2022	December 31, 2021
Pyrolysis unit	$ 184,389	$ 150,505
Equipment	20,830	—
Less: accumulated depreciation	—	—
Property and equipment, net	$ 205,219	$ 150,505

Depreciation expense
As of September 30, 2022, the Company's fixed assets have not yet been placed into service. Depreciation will begin on the date the assets are placed into service.

NOTE 5 – LOANS PAYABLE

As of December 31, 2020, a third party loaned the Company a total of $114,500. The loan was used to cover general operating expenses, is non-interest bearing and due on demand. During the year ended December 30, 2021, the Company repaid $100,000 of the loan. During the nine months ended September 30, 2022, the same individual provided consulting/IR services to the Company valued at $100,000. The amount due was added to the note payable for a balance due of $114,500 as of September 30, 2022.

Effective January 1, 2022, the Company acquired a financing loan for its Director and Officer Insurance for $26,381. The loan bears interest at 10.45%, requires monthly payments of $3,060.36 and is due within one year. As of September 30, 2022, the balance due is $3,034.

On August 17, 2022, a third party loaned the Company $14,000. The loan has an original issue discount of $3,500, for a total note payable of $17,500. The note bears interest at 8% and is due in one year.

NOTE 6 – CONVERTIBLE NOTE

On March 31, 2022, the Company issued a Promissory Note to Silverback Capital Corporation ("Silverback") in the amount of $360,000. The Company received $300,000, net of a $60,000 OID. The note bears interest at 8% per annum and matures in one year. The note may be converted to shares of common stock at $0.02 per share, provided, that if the Company effects a Qualified Offering (as defined in the note) the conversion price will be such price that represents a 20% discount to the offering price of the Company's common Stock in the Offering. In the event of a default Silverback will have the option to convert at the lower of 1) .02 per share, or 2) a 20% discount to the five day trailing VWAP of the common stock.

NOTE 9 – PREFERRED STOCK

The Company is authorized to issue 10,000,000 shares of Preferred Stock at $0.001 par value per share with the following designations.

Series A Redeemable Preferred Stock
On September 21, 2020, the Company created a series of Preferred Stock designating 2,000,000 shares as Series A Redeemable Preferred Stock ranks senior to the Company's Common Stock upon the liquidation, dissolution or winding up of the Company. The Series A Preferred Stock does not bear a dividend or have voting rights and is not convertible into shares of our Common Stock.

Series B Preferred Stock
On December 14, 2020, the Company designated 2,000,000 shares of its authorized preferred stock as Series B convertible, non-voting preferred Stock. The Series B Preferred Stock does not bear a dividend or have voting rights. The Series B Preferred Stock will automatically be converted on January 1, 2023 into shares of common stock at the rate of 10 shares of Common Stock for each share of Preferred Stock. Holders of our Series B Preferred Stock have anti-dilution rights protecting their interests in the Company from the issuance of any additional shares of capital stock for a two year period following conversion of the Preferred Stock calculated at the rate of 20% on a fully diluted basis.

On December 17, 2020, the Company entered into a three-year consulting agreement with Leonard Tucker LLC. Per the terms of the agreement, Leonard Tucker LLC received 2,000,000 shares of Series B Preferred Stock for services provided. Clean-Seas, Inc. has established Clean-Seas Arizona as a joint venture pursuant to a Memorandum of Understanding (the "MOU") signed on November 4, 2022 with Arizona State University and the Rob and Melani Walton Sustainability Solution Service. Pursuant to the MOU, the parties intend to establish a 100 ton per day waste plastic to clean hydrogen conversion facility in Arizona.

Item 4 Management's Discussion and Analysis or Plan of Operation.

Clean Vision Corporation ("Clean Vision," "CVC" or the "Company") was incorporated on September 15, 2006 in Nevada under the name Emergency Pest Services. On November 4, 2017, the Company finalized a reverse merger with Byzen Digital, Inc., a Seychelles Corporation. On March 12, 2021, the Company amended its Articles of Incorporation to change its name from Byzen Digital Inc. to Clean Vision Corporation. The Company now has operations currently being conducted through its subsidiary, Clean Seas, Inc. In addition, Clean-Seas India Private Limited was incorporated on November 17, 2021, as a wholly owned subsidiary of the Clean-Seas, Inc. Clean-Seas Group was incorporated in Abu Dhabi on December 9, 2021, as a wholly owned subsidiary of Clean- Seas, Inc. As of July 4, 2022, the Company ceased operations of Clean-Seas Group and is in the process of dissolving the corporation.
Endless Energy was incorporated in Nevada on December 10, 2021, as a wholly owned subsidiary of CVC for the purpose of acquiring Synergistics companies in the clean energy space. EcoCell was incorporated on March 4, 2022, as a wholly owned subsidiary of CVC. Clean Seas is currently the only operating subsidiary. Clean-Seas Arizona was incorporated on September 19, 2022, as a wholly owned subsidiary of Clean-Seas, Inc.

CVC's scope of interest is to include companies operating within the clean energy and sustainable market sector. Acquisitions of strategic interest for the Company include renewable energy, including wind, solar and sustainable fuels, sustainable packaging, water purification, AI technologies, and blockchain-based data collection, management, and delivery.

On April 1, 2022, the Company's wholly owned subsidiary, Clean-Seas, Inc. has signed a binding term sheet with ECOSYNERGIE (ESG), an Agadir, Morocco-based company in the waste plastic-to-energy pyrolysis conversion business, to develop a commercial scale waste plastic-to-energy pyrolysis plant to serve as a host facility for C-S' patent-pending Plastic Conversion Network (PCN). ESG owns two ten-ton per day (TPD) pyrolysis units.

Three Months Ended September 30, 2022 Compared to the Three Months Ended September 30, 2021

Revenue
The Company had no revenue for the three months ended September 30, 2022 and 2021.
