#### NOTE A – SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying financial statement follows.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included in this year-end report.

The consolidated financial statements include a company which is effectively controlled directly by the Parent Company, where control is defined as the power to govern the financial operation policies. This control is generally evidenced when the company directly or indirectly owns more than 50% of the voting rights of the company's share capital. Significant intercompany transactions have been eliminated in consolidation.

In May of 2006, the Company's former parent, Green Endeavors LTD., formerly Net2Auction, Inc., purchased 50,000 shares (50,000,000 shares prior to the pre-reverse stock split on June 27, 2006) to gain a 50.02% ownership of BizAuctions, Inc. On June 27, 2006, the Company had a reverse stock split whereby each shareholder received one (1) share for each 1,000 shares owned. On June 28, 2006, the former parent company, Green Endeavors LTD., acquired 50,000,000 post reverse split shares to gain a 99.9% ownership of the Company's outstanding common stock. In this transaction, the Company acquired 100% of BizAuctions, Corp. from its parent. This transaction was valued at \$154,400 or \$0.003, per share.

As of September 30, 2022, and December 31, 2021, Delmar Janovec and Brent Crouch, ("Parent" or its "Affiliates"), controlled approximately 65% and 69%, respectively, of the outstanding common stock of the Company. Upon the conversion of the Series A and Series D Preferred stock owned by Delmar Janovec and Brent Crouch would have approximately 92% and 92% voting control of the Company as of September 30, 2022, and December 31, 2021.

Effective August 17, 2006, a forward stock split was effective whereby each shareholder of record received two (2) shares of common stock for each share owned.

#### **Business and Basis of Presentation**

BizAuctions, Inc. was formed as a Delaware Corporation on May 5, 1995, as Topper's Brick Oven Pizza, Inc. Since the inception of the Company there have been four (4) subsequent name changes to its current name, CannaGrow Holdings, Inc.

CannaGrow Holdings changed its business model during the spring of 2014 and has entered into the Medical and Recreational Marijuana industry in the State of Colorado as a Lessor, Liaison, and Consultant to developers, licensed growers, and operators.

During the reporting period the Company worked as a property manager on a 20-acre lease in which the Company acted as a Liaison with the various County and State Agencies, and the Utility Companies. Also, the Company is exploring potential business development opportunities and ancillary services within the real estate industry.

#### NOTE A – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

#### Business and Basis of Presentation-(Continued)

## CannaGrow Holdings, Inc. does not and will not, until such time as Federal law allows, grow, harvest, distribute or sell marijuana or any substance that violate the laws of the United States of America.

The Company operates out of its office in Pueblo, Co., and has two (2) full time employees at the end of this reporting period, 2022.

CannaGrow Holdings revenue from operations for the quarter ending September 30, 2022, decreased to \$15,000 from \$215,585 for the corresponding quarter ending September 30, 2021. The change in revenues is due to business fluctuations, and changes in the business model.

#### Cash and Cash Equivalents

For the purposes of the Statements of Cash Flows, the company considers all highly liquid debt instruments purchased with a maturity date of three months or less to be cash equivalents.

#### Income Taxes

The Company has adopted Financial Accounting Standard No. 109 (SFAS 109) which requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of events that have been included in the financial statement or tax returns. Under this method, deferred tax liabilities and assets are determined based on the difference between financial statements and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. Temporary differences between taxable income reported for financial reporting purposes and income tax purposes are insignificant.

#### Net Loss Per Common Share

The Company computes earnings per share under Financial Accounting Standard No. 128, "Earnings Per Share" (SFAS 128). Net loss per common share is computed by dividing net loss by the weighted average number of shares of common stock and dilutive common stock equivalents outstanding during the year. Dilutive common stock equivalents consist of shares issuable upon conversion of convertible preferred shares. During the periods ended September 30, 2022, and December 31, 2021, common stock equivalents are not considered in the calculation of the weighted average number of common shares outstanding because they would be anti-dilutive, thereby decreasing the net loss per common share.

#### NOTE A – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Revenue Recognition

Revenue is recognized at the time the consulting services is provided to a client.

#### Advertising

The Company follows the policy of charging the costs of advertising to expenses as incurred. For the periods ended September 30, 2022, and December 31, 2021, advertising costs were not material to the statement of loss.

#### Liquidity

As shown in the accompanying financial statements, the Company has incurred a loss from operations of (\$15,153) during the period ended September 30, 2022. As of September 30, 2022, the Company had working capital deficit of (\$835,771). In order for the Company to sustain operations, additional working capital must be raised by increases in revenue realizing profitable margins, by the sale of equity securities, advances or loans from financial institutions or its affiliates.

#### Concentrations of Credit Risk

Financial instruments and related items, which potentially subject the Company to concentrations of credit risk, consist primarily of cash, cash equivalents and related party receivables. The Company places its cash and temporary cash investments with credit quality institutions. At times, such investments may be in excess of the FDIC insurance limit.

#### Stock Based Compensation

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure-an amendment of SFAS 123." This statement amends SFAS No. 123, "Accounting for Stock-Based Compensation," to provide alternative methods of transition for a voluntary change to the fair value-based method of accounting for stock-based employee compensation. In addition, this statement amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. The Company has chosen to continue to account for stock-based compensation using the intrinsic value method prescribed in APB Opinion No. 25 and related interpretations. Accordingly, compensation expense for stock options is measured as the excess, if any, of the fair market value of the Company's stock at the date of the grant over the exercise price of the related option. The Company has adopted the annual disclosure provisions of SFAS No. 148 in its financial reports for the reporting periods of September 30, 2022, and December 31, 2021.

#### NOTE A - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

#### Comprehensive Income

Statement of Financial Accounting Standards No. 130, "Reporting Comprehensive Income" (SFAS 130), establishes standards for reporting and display of comprehensive income, its components, and accumulated balances. Comprehensive income is defined to include all changes in equity except those resulting from investments by owners and distributions to owners. Among other disclosures, SFAS 130 requires that all items that are required to be recognized under current accounting standards as components of comprehensive income be reported in a financial statement that is displayed with the same prominence as other financial statements. The Company adopted SFAS 130 during the periods ended September 30, 2022, and December 31, 2021, and has no items of comprehensive income to report.

#### Segment Information

Statement of Financial Accounting Standards No. 131, Disclosures about Segments of an Enterprise, and Related Information (SFAS 131) establishes standards for reporting information regarding operating segments in annual financial statements and requires selected information for those segments to be presented in interim financial reports issued to stockholders. SFAS 131 also establishes standards for related disclosures about products and services and geographic areas. Operating segments are identified as components of an enterprise about which separate discrete financial information is available for evaluation by the chief operating decision maker, or decision-making group, in making decisions to allocate resources and assess performance. The information disclosed herein, materially represents all of the financial information related to the Company's principal operating segment.

#### New Accounting Pronouncements

SFAS No. 168. In June of 2009, the Financial Accounting Standards Board, ("FASB"), issued SFAS No. 168, The FASB Accounting Standards Codification, and the Hierarchy of Generally Accepted Accounting Principles-replacement of SFAS No. 162. No 168 established the FASB Accounting Standards Codification as the source of authoritative accounting principles recognized by the FASB to be applied in the preparation of financial statements in conformity with generally accepted accounting principles. #### NOTE M - SUBSEQUENT EVENTS

There were no Subsequent Events as of the filing of this report

#### NOTE N - INCOME TAXES

The Company has adopted Financial Accounting Standard No. 109 which requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of events that have been included in the financial statement or tax returns. Under this method, deferred tax liabilities and assets are determined based on the difference between financial statements and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. Temporary differences between taxable income reported for financial reporting purposes and income tax purposes are insignificant.

On September 30, 2022, the Company has available for federal income tax purposes a net operating loss carry forward of approximately, (\$8,500,000), beginning to expire in the year 2025, that may be used to offset future taxable income. The Company has provided a valuation reserve against the full amount of the net operating loss benefit, since in the opinion of management based upon the start-up status of the Company, the tax benefits will not be recognized until income is realized. Due to significant changes in the Company's ownership, the future use of its existing net operating losses may be limited.

Components of deferred tax assets as of September 30, 2022, are as follows:

Non-Current:	
Net operating loss carry forward	\$ 2,525,000
Valuation allowance	(2,525,000)
Net deferred tax asset	\$

#### NOTE O - GOING CONCERN

The accompanying consolidated statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the financial statements during the period ended September 30, 2022, the Company incurred a loss from operations of (\$15,153) and has not obtained positive cash flow from operation under its current operating plan. This may indicate that the Company will be unable to continue as a going concern for a reasonable period of time.

The Company's existence is dependent upon advances from its Parent company and its affiliates, the sale of additional equity stock, loans, and management's ability to develop profitable operations. Management anticipates the Company will attain profitable status and improve its liquidity through the continued developing, marketing, and selling of its products and additional equity investments in the Company. The accompanying financial statements do not include any adjustments that might result should the Company be unable to continue as a going concern. In order to improve the Company's liquidity, the Company is actively pursuing additional equity financing through discussions with investment bankers and private investors. There can be no assurance the Company will be successful in its effort to secure additional equity financing. If operations and cash flows continue to improve through these efforts, management believes that the Company can continue to operate and achieve profitability. However, no assurance can be given that management's actions will result in profitable operations or the resolution of its liquidity problems.
