

## **Alternative Reporting Standard: Pink® Basic Disclosure Guidelines**

Federal securities laws, such as Rules 10b-5 and 15c2-11 of the Securities Exchange Act of 1934 (“Exchange Act”) as well as Rule 144 of the Securities Act of 1933 (“Securities Act”), and state Blue Sky laws, require issuers to provide *current information* to the public markets. With a view to facilitating compliance with these laws, OTC Markets Group has created these Pink Basic Disclosure Guidelines (“Guidelines”).<sup>1</sup> These Guidelines set forth the disclosure obligations that make up the “Alternative Reporting Standard” for Pink companies. These Guidelines have been designed to encompass the “Catch All” information required in Rule 15c2-11,<sup>2</sup> however they have not been reviewed by the U.S. Securities and Exchange Commission or any state securities regulator. We use information provided by companies under these Guidelines to designate the appropriate tier in the Pink Market: Current Information or Limited Information.<sup>3</sup>

These Guidelines may be amended from time to time, in the sole and absolute discretion of OTC Markets Group, with or without notice. The information provided by companies under these Guidelines is subject to our [Privacy Policy](#).

### **Pink Current Information Tier**

Companies that make the information described below publicly available on a timely basis may qualify for the Current Information Tier.

Qualification Process:

1. **Subscribe to the OTC Disclosure & News Service:** by submitting an application through [Gateway](#). Allow OTC Markets 2-4 weeks of application processing time.
2. **Upload Initial Disclosure:** Upload the following documents through OTCIQ:
  - **All Quarterly Reports** for Current Fiscal Year – must include Disclosure Statement and Financial Reports listed below
  - **Annual Report** for Most Recently Completed Fiscal Year– must include Disclosure Statement and Financial Reports listed below
  - **Annual Report** for Prior Completed Fiscal Year – must include Financial Reports listed below
    - **Disclosure Statements:** Disclosure information pursuant to these Guidelines for the applicable period. (see the fillable form starting on Page 4).
    - **Financial Statements:** Financial reports must be prepared according to U.S. GAAP or International Financial Reporting Standards (IFRS) but are not required to be audited. Required financial statements include:
      - Audit Letter, if audited
      - Balance Sheet
      - Statement of Income
      - Statement of Cash Flows
      - Statement of Retained Earnings (Statement of Changes in Stockholders’ Equity)
      - Notes to Financial Statements

---

<sup>1</sup> This is not legal advice, and OTC Markets Group makes no assurance that compliance with our disclosure requirements will satisfy any legal requirements.

<sup>2</sup> Publication of information pursuant to these Guidelines does not guarantee or ensure that the Company will be designated as having “current information” or eligible for public quotations pursuant to Rule 15c2-11 or any other applicable regulation.

<sup>3</sup> OTC Markets Group may require companies with securities designated as Caveat Emptor to make additional disclosures in order to qualify for the Pink Current Information tier.

3. **Attorney Letter** (only required if not providing audited financials): If financial statements are not audited by a PCAOB registered firm, companies must retain U.S. counsel to review their disclosure and provide a letter to OTC Markets Group with respect to adequate current information by providing the following:
  - Attorney Letter Agreement: The attorney must submit a signed Attorney Letter Agreement according to the [Attorney Letter Agreement Instructions](#). The attorney is required to submit an Attorney Letter Agreement for each company that engages the attorney for the purpose of providing this Letter.
  - Attorney Letter: After a qualified attorney reviews the Disclosure Statement, upload the “Attorney Letter With Respect to Current Information” in accordance with the [Attorney Letter Guidelines](#) through OTCIQ. Attorney Letters must reference all required reports as set forth in Section 2 above.
4. **Verified Profile**: The Company must verify the Company Profile through OTCIQ, including, but not limited to, a complete list of officers, directors, and service providers; outstanding shares; a business description; contact information; and the name of all company insiders. Company insiders are defined as the beneficial owner of more than 10% of the outstanding units or shares of any class of any equity security of the issuer.
5. **OTC Markets Group Processing of Disclosure**: Allow OTC Markets Group to process the posted documents (typically three to five business days) and provide any comments. Companies will only be evaluated for Current Information once all required documentation has been submitted. A new Attorney Letter is required upon amendment of any referenced report.
6. **Ongoing Disclosure Requirements**: To qualify for Current Information on an ongoing basis, companies must:
  - Upload reports through OTCIQ on the following schedule:
    - Quarterly Report within **45 days** of the quarter end
    - Annual Report within **90 days** of the fiscal year end
    - Attorney Letter within **120 days** of the fiscal year end
  - Maintain a Verified Profile. At least once every six months, review and verify the Company’s profile information through OTCIQ.

### **Pink Limited Information Tier**

Companies that make the information described below publicly available through OTCIQ may qualify for the Limited Information Tier.

7. **Annual Financial Statements**: Companies must upload the below financial statements for a completed Fiscal Year within the past 16 months. Financial reports must be prepared according to U.S. GAAP or International Financial Reporting Standards (IFRS) but are not required to be audited.
  - Audit Letter, if audited
  - Balance Sheet
  - Statement of Income
  - Statement of Cash Flows
  - Statement of Retained Earnings (Statement of Changes in Stockholders’ Equity)
  - Notes to Financial Statements
8. **Verified Profile**: The Company must verify the Company Profile through OTCIQ, including, but not limited to, a complete list of officers, directors, and service providers; outstanding shares; a business description; contact information; and the name of all company insiders. Company insiders are defined as the beneficial owner of more than 10% of the outstanding units or shares of any class of any equity security of the issuer.
9. **Ongoing Disclosure Requirements**: To Qualify for Limited Information on an ongoing basis, companies must:
  - Upload reports through OTCIQ on the following schedule:
    - Annual Report (including the required financial statements outlined in Item 8) within 120 days of the fiscal year end

- Review and Verify the Company's profile information through OTCIQ at least once every 12 months.

### **Current Reporting of Material Corporate Events**

In addition to the disclosure requirements above, companies are expected to release quickly to the public any news or information regarding corporate events that may be material to the issuer and its securities (including adverse information). Persons with knowledge of such events are considered to be in possession of material nonpublic information and may not buy or sell the issuer's securities until or unless such information is made public. If not included in the issuer's previous public disclosure documents or if any of the following events occur after the publication of such disclosure documents, the issuer shall publicly disclose such events by disseminating a news release **within four (4) business days** following their occurrence and posting such news release through an Integrated Newswire or OTCIQ.<sup>4</sup>

Material corporate events include:

- Entry into or termination of a material definitive agreement
- Completion of an acquisition or disposition of assets, including but not limited to merger transactions
- Creation of a direct financial obligation or an obligation under an off-balance sheet arrangement of an issuer
- Triggering events that accelerate or increase a direct financial obligation or an obligation under an off-balance sheet arrangement
- Costs associated with exit or disposal activities
- Material impairments
- Sales of equity securities
- Material modification to rights of security holders
- Changes in issuer's certifying accountant
- Non-reliance on previously issued financial statements or a related audit report or completed interim review
- Changes in control of issuer
- Departure of directors or principal officers; election of directors; appointment of principal officers
- Amendments to articles of incorporation or bylaws; change in fiscal year
- Amendments to the issuer's code of ethics, or waiver of a provision of the code of ethics
- Any changes to litigation the issuer may be involved in, or any new litigation surrounding the issuer
- Officer, director, or insider transactions in the issuer's securities
- Disclosure of investor relations, marketing, brand awareness, and stock promotion activities which might reasonably be expected to materially affect the market for its securities or otherwise deemed material by the issuer
- Changes to the company's shell status
- Other events the issuer determines to be material

**Security Description:**

*The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:*

**1. For common equity, describe any dividend, voting and preemption rights.**

The holders of Common Stock are entitled at all times to vote for each share and to such dividends as the Board of Directors may in its sole discretion, from time to time, legally declare, subject, however to the voting and

dividend rights, if any of the holders of the Serial Preferred Stock. In the event of any liquidation, dissolution or winding up of the Corporation, the remaining assets of the Corporation after the payment of all debts and necessary expenses, subject, however, to the rights of the holders of the Serial Preferred Stock then outstanding, if any, shall be distributed among the holders of the Common Stock pro rata in accordance with their respective holdings. The Common Stock is subject to all of the terms and provisions of the Serial Preferred Stock as fixed by the Board of Directors as hereinafter provided.

**2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.**

The Serial Preferred Stock may be issued, from time to time, in one or more series with such distinctive serial designations as the Board of Directors may establish and such Serial Preferred Stock: (a) may have such voting powers, full or limited, or may be without voting powers; (b) may be subject to redemption at such time or times and at such prices; (c) may be entitled to receive dividends (which may be cumulative or non-cumulative) at such rate or rates, on such conditions, and at such times and payable in preference to, or in such relation to, the dividends payable on any other class or classes or series of stock; (d) may have such rights upon the dissolution of, or upon any distribution of the assets of, the Corporation; (e) may be made convertible into, or exchangeable for, shares of any other class or classes or of any other series of the same or any other class or classes of stock of the Corporation, at such price or prices or at such rates of exchange, and with such adjustments; and (f) shall have such other relative, participating, optional or special rights, qualifications, limitations or restrictions thereof, all as shall hereafter be stated and expressed in the resolution or resolutions providing for Directors pursuant to the authority to do so which is hereby vested in the Board.

**3. Describe any other material rights of common or preferred stockholders.**

The shares of all classes of stock of this corporation are non-assessable.

**4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.**

**Example:** A company with a fiscal year end of December 31<sup>st</sup>, in addressing this item for its Annual Report, would include any events that resulted in changes to any class of its outstanding shares from the period beginning on January 1, 2021 through December 31, 2022 pursuant to the tabular format above.

Use the space below to provide any additional details, including footnotes to the table above:

1,000,000 shares of restricted common stock issued on 09/18/2018 to Tyler Tiede were cancelled because the shares were issued in error due to a clerical error on the stock order. Tyler Tiede had purchased 1,000,000 shares but 2,000,000 shares were issued because of a clerical error on the stock transmittal. The error has been noted and corrected in financial reports and disclosures. The cancellation was completed, and shareholder records have been updated by Pacific Stock Transfer, our Stock Transfer Agent. The error was unintentional, and no fraud was intended. The 3,000,000 shares issued to Robert McCulley are shares issued to replace shares he was previously issued in 2003, 2004 and 2006 that were cancelled in error. The error

was unintentional, and no fraud was intended. The 500,000 shares issued to Adam Matson on 06/26/2021 should have been issued on 06/20/2020 but were not because of a data transfer error. The error was unintentional, and no fraud was intended. The 1,000,000 shares issued to Greg Monfre on 06/26/2021 should have been issued on July 1, 2020 but was not issued because of a data transfer error. The error was unintentional, and no fraud was intended. The 800,000 shares of restricted stock issued to Robert Schaff on 8/10/2021 were paid for in FY2014 but was not issued because of a data transmission error with our previous stock transfer agent. The error was unintentional, and no fraud was intended. The 400,000 shares of common restricted stock that was issued to Vance Freer for services should have been issued in FY2014 but was not because of a data transmission error with our previous stock transfer agent. The error was unintentional, and no fraud was intended. Leland Minerals information: Ward Leland, Owner, 2828 E 32nd Ave Suite A Spokane, WA 99223, 509-532-8330. On January 24, 2022, Sidney Resources Corporation was advised by Pacific Stock Transfer that CEDE & Co had located 22 certificates issued in error with no listed owners and requested cancellation of the certificates resulting in the cancellation of 44,500 shares of common stock. On January 31, 2022, Sidney Resources Corporation was advised by Pacific Stock Transfer that an error was located a negative share balance in a certificate under Columbia Stock Transfer and to correct the error a total of 4000 shares was issued bringing the share balance to zero. Stock issued to the following shareholders: Alfred Eckhart, Brent Wyland, Carol & Jerome Liss, Clarence Watts, James & Lori Heinen, Jody Eckhart, Joseph Haak, Kim Thomas, Mary Wyland, Michael Wyland, Phillip Campbell, Sara Diaz & Jose Guerrero, Scott Raymond, Shurts Living Trust, Tom & Jeanne Binder, Wayne Houpt, & Wesley Cathcart were issued for investments made in 2014 under a revenue sharing agreement. The revenue sharing agreement was cancelled, and those investments were converted to shares. The shares issued to Ashton Lindner was for an investment made in 2013. The shares should have been issued in 2013 but because of a clerical error had not been issued. The shares issued to Mitch Mortensen were issued under and agreement between Mortensen and Mike Drew, CEO & President for services in 2012. The shares had not been issued per the agreement for services that Mortensen had provided. The issuance of shares corrected the error. The shares issued on 10/27/2022 to Barry Scott Chavin 1999 Irrevocable Living Trust were acquired on 6/25/2020 but were not issued because of a communication error with the stock transfer agent. The shares issued on 10/27/2022 to Adam Matson were acquired on 5/21/2021 but were not issued because of a communication error with the stock transfer agent.

## 4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. (Please ensure that these descriptions are updated on the Company's Profile on [www.otcm Markets.com](http://www.otcm Markets.com)).

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Over the past year Sidney Resources Corporation made significant progress at the Lucky Ben Project in Warren, Idaho and on the development of the laser technology. That progress includes the following:

Work began on the construction of the new shop and office building. By the end of the quarter the building was 75% complete. The facility will be used to store equipment over the winter months. Site security was improved to the area and work to develop a solar power Wi-Fi network is underway.

We completed 217 feet of slabbing work on the original Lucky Ben tunnel which provides access to heavy equipment and ore sampling operations. These efforts to widen the tunnel included bolting operations and the installation of air and water lines. We drove an additional 73.5 feet of new tunnel and mucked and cleared an additional 213 feet of tunnel.

Construction began on the lower tunnel which is now referred to as Lucky Ben #2. Extensive work was done to secure the portal and 60.7 feet of drift work was completed. Mineralization of the rock was beginning to show as we worked closer to intersecting the vein structure. Worked on this tunnel ended because of deteriorating weather conditions including heavy snow. We estimate we are within six feet of intersecting the vein

#### Image of LB Tunnel #1 & #2 survey program

An ore sampling program was completed along a length of 200 feet of the exposed vein in tunnel #1 between known previously mined areas. The fire and chemical assays results prepared by Liberty Refiners are included as addendum 1.

Long-term production plans are being developed for the life of the project. Geological information indicates the vein structure of Lucky Ben is the same vein structure known as the Little Giant and extends over 9000 feet that will be accessible from the Lucky Ben site. We estimate the structure of the vein to continue beyond a depth of 800 feet. Planning includes recovering ore at a width of 6 feet with an average weight of 3300 pounds per cubic yard. We are using three sets of data to develop inferred estimates for recovery. The three data sets are drill results data, historical data, and chemical analysis data. Drill results indicate an average of 29.33 g/t for gold and 118 g/t for silver. Historical data indicates an average of 99.26 g/t for gold and 110.47 g/t for silver. Chemical analysis data indicates an average of 196 g/t for gold and 218 g/t for silver.

We have filed an additional provisional patent application with the U.S. Patent Office with the legal assistance provided by law offices of Randall | Danskin for a method and the apparatus based on using a commercial, adjustable power level, multi-kW Electromagnetic Radiation source, (fiber laser) to thermally fracture or melt and/or vaporize geologic material normally found in precious metals mining operations. Our engineering team has designed a unit that is configured so that a variety of specialty directional radiation pointing devices and their inherent custom software control are interchangeable for use in various operations such as explosive installation preparation, safety rock bolting operations, drifting, expanding raises and winzes and stope mining. An added usage is for any need to cut/fracture/spall any geologic material in areas such as trenching, foundations, road or dam building and rescue operations.

Sidney Resource Corporations remains disciplined in the focus in developing companies and technologies that are both disruptive and transformative in their industry. That focus includes building partnerships with institutions who have a proven track record of having a similar focus and we are pleased to announce we have reached an agreement with the prestigious Colorado School of Mines for testing of our new laser mining technology. Colorado School of Mines (CSM) is one of the country's oldest and most distinctive STEM universities and is known for working closely with industry professionals to engineer solutions to the world's most pressing Earth, energy, and environment challenges. Specialties are science and engineering, as they apply to the Earth, energy, and the environment. CSM's roughly 6,000 students get personal and hands-on experience in programs like geological engineering, metallurgical and materials engineering, and petroleum engineering. In 2020 Money Magazine listed CSM as one of the top five engineering schools in the country.

The testing of the new laser mining technology has been coordinated with the assistance of IPG Photonics and will utilize the 4 KW IPG Photonics laser housed at CSM. With the assistance of the team at CSM, our engineering team will test our newly designed unit that is configured so that a variety of specialty directional laser pointing devices and their inherent custom software control are interchangeable for use in various mining operations. Testing will evaluate the ability to cut, fracture, and spall various samples of geologic materials. The patent pending technology is designed for use in mining operations such as explosive installation preparation, rock bolting operations, drifting, expanding raises, winzes, and stope mining.

Testing at Colorado School of Mines will be a major step forward in our pursuit of technology that will provide tremendous value for not just Sidney Resources, but for the mining industry as a whole and can be deployed across multiple verticals. We are exploring additional transformative and disruptive technologies to expand our impact on the mining industry while reducing the impact on the environment. We are committed to protecting the environment and reducing our impact on the Anthropocene, our human centered planet, as a shared passion for our team, and look forward to building additional partnerships with institutions like the Colorado School of Mines that shares these same values.

The laser test unit was fully assembled in September of this quarter and for the purpose of testing motion control systems polished aluminum mirrors are being used temporarily while we await the delivery of the highly reflective and specialized optics being manufactured by Raytheon ELCAN. We have experienced delays in the delivery of those optics from Raytheon ELCAN and have been updated to expect delivery in late December. This will push back testing of the laser technology at Colorado School of Mines into 2023. We have reached an agreement with Washington State University's Materials Science and Engineering Program for their participation in the final assembly of the optics to the specialized unit optics control bench. We continue discussions with both educational institutions on the topic of internships for students attending either institution.

### **Environmental, Sustainability, and Governance**

We are developing transformative technology to ensure mineral supply needs to support the transition to clean energy are met while improving the health of our planet. We're committed to incorporating sustainability as a core value within our organization. We have actively engaged Federal, State, Local and Tribal Governments within our area of operations to build the networks necessary for the success of our goals and objects. We have identified a significant number of historic and/or abandoned mine sites near the town of Warren, Idaho where untreated mine water discharge is a major source of arsenic contamination in environmentally sensitive waterways. Our mission is to create technology that reduces water consumption, pollution and reduce the carbon footprint of mining globally while improving the health and safety of employees.

These efforts in conjunction with our developing technologies and potential revolutionary smelt free refining processes can change the World recovers all Rare Earth Elements from ore in captive capacity that creates zero toxic or free radical waste to the environment. We believe these projects fall within the scope of the Federal Funding is programs under or related to the Securing America's Critical Minerals Act. We have been in discussion with the offices of Federal representatives. It is Sidney's closely held belief that our laser technology could be to the Secure America's Critical Minerals Act and through efficient and environmentally friendly technology it could be pivotal to the Nation's goals for autonomy in securing rare earth element for our Nation's security and energy needs.

We believe our commitment to pursuing ESG initiatives can be achieved in parallel with building the long-term interests of our shareholders. The integration of sustainable business practices creates lasting results that benefit all our stakeholders, including our customers, employees, shareholders, investors, and the communities in which we live and

operate. Our approach to corporate sustainability is based on the U.N. Sustainable Development Goals and our commitment to achieving a more sustainable future.

Progress in all areas of operations continued to move forward during the fourth quarter. Significant progress was made in the planning for expansion of ESG integration, the Lucky Ben, and laser technology development. The following is a summary of our commitment to developing ESG compliance and summaries for the Lucky Ben and the Technology Division.

Sidney's Board of Directors is responsible for reviewing and overseeing corporate responsibility policies and programs. Sidney's executive team, including the Chief Executive Officers and Chief Operations Officer, oversees the implementation of these policies and coordinates our efforts to identify, address, train and report on our ESG risks and opportunities and foster a dialogue on these issues with ESG experts, employees, shareholders and other stakeholders. We are committed to strengthening the ESG segment of our operations and ensuring that our governance and operational approach addresses the ESG pillars as identified by the Exponential Education Institute.

Through ESG practices to include the transition from diesel- and gas-powered generators to solar power at the crew housing facilities and the Lucky Ben project site we will significantly reduce the carbon emissions at these locations. Significant efforts have been made to improve working conditions and the overall health and safety of personnel. Our efforts to engage the local communities and the Nez Perce Tribe for partnerships in clean water projects that focus on the eliminating pollutants from abandoned mine sites being discharged into environmentally sensitive waterways. These efforts are essential components as we expand the positive social and environmental impacts of the company.

### **Board Expansion Announced**

On September 23, 2022, Cameron Curriden joined the Board of Directors. Mr. Curriden is a highly successful, Investor, Entrepreneur, Web 3 Enthusiast and Family Man. He is the Principal and CEO of CJC Esteemed Partners. Cameron had

his beginnings in marketing and business development and in the early 2010's ventured into real estate investing, building a company from scratch to multimillion dollar valuation in 18 months. In the last 5 years, Cameron has been actively involved in over \$6.5 Billion in transactions. During that time, Cameron has founded and exited 3 companies and also has invested in and has sat on the advisory boards for multiple startup companies in the tech, entertainment and digital securities space. In 2020, he was nominated for the Top 100 people in Finance and in 2021 was listed as the top 40 under 40 Professionals in the US. Cameron is also very active in several charitable foundations involved in building homes for women coming off the streets in Houston and providing jobs and education as well as Microfinance in one of the poorest countries in the world, Burundi, Africa.

On September 28, 2022, Dr. Ryan Norman joined the Board of Directors. Dr. Norman is a scientist with 21 years of research experience. Dr. Norman received his Ph.D. in physics from Worcester Polytechnic Institute in 2008. His dissertation focused on the nuclear and particle physics of space radiation. He was a recipient of the NASA Graduate Student Research Program Fellowship from 2005-2008. After graduation, Dr. Norman was a postdoctoral scholar in the Nuclear Engineering department at the University of Tennessee, then was a postdoctoral scholar with the NASA Postdoctoral Program at Langley Research Center. Dr. Norman has served as a research professor of nuclear engineering and an adjunct professor of physics. He also has extensive project management experience, having managed multiple projects, including a \$4 Million per year research project with 14 investigators. Dr. Norman has co-authored over 60 research articles, presented at numerous international conferences, and is the recipient of multiple awards including the 2021 NASA Early Career Achievement Medal for "exceptional achievement in developing understanding of the radiation environment affecting aircraft and spacecraft". Dr. Norman is the co-founder of Coastal Virginia Gaelic Athletic Association, a 501c3 nonprofit, and served as the chairman for the 4 years and a board member for an additional 2 years before stepping down in 2018.

### **Technology Division**

We received the specialized optics from Raytheon ELCAN in December. Arrangements have been finalized with the Institute of Materials Research located at Washington State University for the mounting of optics manufactured by Raytheon ELCAN to the substrates of the optical bench. The optical bench is the critical component of the aiming system for the 4kw fiber laser. This mounting of the optics is a critical step in preparing for testing the laser unit at Colorado School of Mines.

### **Lucky Ben**

Early snow forced the shutdown of operations at the Lucky Ben project. We estimate we are within 6 feet of intersecting the primary vein structure. Progress was made on rehabilitation efforts on the main tunnel. The new storage and shop building is near completion and will be finished early next spring. The engineers with our contractor, Groundhog Mining & Milling Company, have advised us the goal of production within the next two seasons is achievable based upon the current progress at the Lucky Ben and the results of past and current geological sampling results. The mill permitting process for a mill and processing facility to be located at Lucky Ben.

Construction of the new shop and office building is nearly complete. The facility will be used to store equipment over the winter months. Site security was improved to the area and work to develop a solar power WiFi network is underway. We have identified two locations for solar power systems that will be set up once we are able to access the site. These systems will provide power for lighting in the mine and in the buildings. The solar systems will also power a full security and communication system that includes cameras equipped with artificial intelligence features and full night vision. The security systems are motion activated and have the capability to distinguish between a human, animals and movement of trees and shrubs caused by the wind.

We opened up access to approximately 150 additional feet of the original Lucky Ben tunnel in this quarter. These efforts to widen the tunnel included bolting operations and the installation of air and water lines. Construction began on the lower tunnel which is now referred to as Lucky Ben #2. Extensive work was done to secure the portal. Mineralization of the rock was beginning to show as we worked closer to intersecting the vein structure.

Talks with the Idaho Department of Commerce confirmed information that identifies the Lucky Ben Project and the Warren, Idaho area are within a federally designated opportunity investment zone. Management is continuing to develop information and identify what opportunities this will provide the company and our investors.

### **Forward Looking Statements**

Certain statements in this release constitute forward-looking statements. These statements include the capabilities and success of the Company's business and any of its products, services or solutions. The words "believe," "forecast," "project," "intend," "expect," "plan," "should," "would," and similar expressions and all statements, which are not historical facts, are intended to identify forward-looking statements. These forward-looking statements involve and are subject to known and unknown risks, uncertainties and other factors, any of which could cause the Company to not achieve some or all of its goals or the Company's previously reported actual results, performance (finance or operating) to change or differ from future results, performance (financing and operating) or achievements, including those expressed or implied by such forward-looking statements. More detailed information about the Company and the risk factors that may affect the realization of forward-looking statements is set forth in the Company's filings with OTC Markets, copies of which may be obtained from the OTC Markets website at <https://www.otcmarkets.com/index.html>. The Company assumes no, and hereby disclaims any, obligation to update the forward-looking statements contained in this press release. Please note that the Company believes that any revenue related calculations contained in this release are accurate and based on factual information, there can be no assurance that the Company will be able to achieve all projections due to number of business-related factors.

B. List any subsidiaries, parent company, or affiliated companies.

None

C. Describe the issuers' principal products or services.

Exploration and development of mineral deposits. Research and development of mining equipment and technology. Development of partnerships for the advancement of clean energy projects and clean water projects focused on mine water discharges from operating and abandoned mines.

### **5) Issuer's Facilities**

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

Sidney Resources Corporation currently leases the patented mining claims known the Lucky Ben Claim, Lucky Ben Extension, Hornet Claim, and the unpatented mining claims known as the Lucky Ben Extension West Claim and the Lucky Ben Extension South Claim, the Lucky Leland Claim, the Royal Richard Claim and the Dandy

Don Claim. All of these claims are located in the historical mining district of Idaho known as the Warren Mining District. The Lucky Ben Claim was in previous production that ended in 1921. Sidney Resources paid \$60,000.00 for a five-year lease with an option to renew the lease for 5 additional years. The Board of Directors has signed a lease amendment extending the lease for the Lucky Ben Properties an additional 5 years beyond when the lease that was scheduled to expire at the end of 2019 and with the option to renew the lease an additional 5 years as long as work on the properties remains active. Under the terms of the Lease Amendment, Lessor will be issued 20,000,000 shares of restricted common stock as payment for the lease amendment. Under the terms of the new lease amendment, Sidney Resources Corporation has the option to continue to lease the properties for an indefinite period of time with the condition that development work continues each year

Sidney Resources Corporation has 3 portable storage buildings located on the property. In addition, 3 above ground fuel storage tanks are located on the above properties. A large supply of mining timbers are now being stored on the Lucky Ben Claim. An ore pulverizer, sluice box, electrical generators, water tanks, water pumps and miscellaneous equipment and supplies are stored on site. A 12-foot heavy duty trailer. Sidney Resources Corporation issued 7 million shares of restricted common stock to Gary Mladjan for his designs of the Graduated Optical Collimator. Sidney Resources Corporation issued 750,000 shares of restricted common stock to Merger Mines Corporation for all patents and intellectual properties related to the Graduated Optical Collimator and all historic mine records and maps held which included over 200 maps and records of mines with a history of production of valuable minerals.

## 6) Officers, Directors, and Control Persons

Using the table below, please provide information, as of the period end date of this report, regarding any officers, or directors of the company, individuals or entities controlling more than 5% of any class of the issuers securities, or any person that performs a similar function, regardless of the number of shares they own. **If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity in the note section.**

Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

The goal of this section is to provide an investor with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial shareholders.
