RE: ANNUAL Report For the Period Ending: December 31, 2022

Upon final review of the full year 2022 and Q4 financial statements, President and CEO Danny Alex identified a material error which greatly overstated the Cost of Goods Sold for Q4 and therefore full year financials as well.

A review of the journal entries is being conducted to correct the error, and when completed, the company will promptly release its annual report. This is expected to be completed before April 23, 2023.

A handwritten signature in black ink, appearing to read 'Danny Alex', is written over a horizontal line.

Danny Alex
President & CEO BRAVADA International Ltd

April 17, 2023
