Title: Chairman, CEO & SECY / President

## 5) Issuer's Business, Products and Services

Company is a media production and distribution enterprise, involved in book publishing, feature film and video production, and distribution of feature films and videos through various media platforms and territories worldwide.

Wholly-owned subsidiaries are Medallion Releasing, Inc. (for handling non-Hannover House producer clients), Vodwiz, Inc. and Bookworks, Inc. Both Medallion Releasing, Inc., and Vodwiz, Inc. are Arkansas domiciled corporations. Bookworks, Inc., as the Screen Actors Guild signatory entity, was previously registered in Arkansas, but is being moved to a registration in Oklahoma to conform to film incentive requirements. Income, assets and costs (if any) from these three subsidiaries are incorporated into the Company's consolidated financial statements.

Company publishes fiction and non-fiction books; Company's media distribution includes the release of films to theatres, home video, digital streaming formats, television outlets and international licensors. Company is working with MyFlix, LLC for the development and launch of a new digital streaming site to be named "MyFlix." The business model for MyFlix is to consolidate feature films and television series programming owned by a wide range of studios and content owners, into a single destination digital streaming site. The revenue model for MyFlix will be to pay third-party streaming and billing costs off the top and divide remaining revenues on a fifty-fifty basis between the program suppliers and with MyFlix. Consumers visiting the MyFlix website (*or accessing the service through mobile APPS or over-the-top devices such as Roku, AppleTV or hardware installed APPS*) can purchase movies or TV episodes on a "*per transaction basis*" (ala Amazon) or alternatively, can open a monthly subscription with MyFlix for unlimited access to approximately half of the programming otherwise available for per-transaction access. A third revenue model, inspired by the billion-plus dollar success of TUBITV.com, is to offer programs to be viewed by consumers "for free" but with advertising commercial breaks (AVOD). As of the date of this filing, forty-three program suppliers, collectively representing over 12,000 titles, had agreed to participate in the MyFlix service, which would position the site as one of the largest sources for total streaming programming. The growth of digital streaming services has created both a boom and bust in the independent film sectors. Consumers are less likely now to purchase DVDs of unknown movies knowing that the same ten-dollar cost could cover a month's subscription to a service such as Netflix with over 1,000 titles at any given time. As other studios scramble to open "studio specific" streaming services, Hannover House believes that the MyFlix model is more like the successful Walmart retail strategy of offering a wider selection of programming at everyday low prices. The success of TUBI.TV (a Disney-Fox owned streaming service) supports the validity of the MyFlix business model. Hannover House has an option to purchase MyFlix subject to the achievement of obtainable corporate benchmarks which include the filing of the Form 10 Registration and the resolution or dismissal of four foreign judgments for which the Company has meritorious defenses and legal strategies to oppose.

## 6) Issuer's Facilities

As of the date of this filing, the Company does not hold a direct lease on offices; however, as a trade-out for management consultation, Company has been granted occupancy of production offices at 133 N. Muskogee Road, Tahlequah, OK 74464, although all service providers and the company's CEO will continue to work remotely. Company is accruing costs of \$1,420 per month for office space value, and matching this sum with a ledger entry for production management consultation services. The principal assets for the company are the intellectual property rights granted to the company through distribution licenses or sales agency agreements, none of which are transferrable under the terms of the agreements. The granting of sales rights to film and television programs is very specialized and dependent upon the quality of long-standing

relationships between the company as seller, and the outlets (which for HHSE products range from USA based retail stores, to digital streaming platforms, television broadcasters and international licensors). As of the applicable filing period of this report, the company has approximately 17,036 units of DVD and BluRay inventory stored at Technicolor Labs in Memphis, TN, plus approximately 2,896 units of DVD and BluRay inventory at the company's principal Fayetteville, Arkansas storage units. Inventory of viable book products is 1,466 units, held in the Arkansas Warehouse. Equipment, fixtures, DVD and BluRay replication equipment, and motion picture related support equipment is held at the company's storage unit in Arkansas, along with standard office furnishings, desktop computers and fixtures customarily needed for a staff of ten persons. Most of the equipment, fixtures and other gear are aged at greater than ten years, and as a result, the Company has elected to significantly reduce the valuation of these items by increasing the reserve for depreciation as of this reporting period. The company plans to move into a larger facility in January, 2023 to accommodate the additional work stations, office space and storage requirements for the forthcoming launch of the MYFLIX streaming service.

\* **Notes to Officer, Directors, and Control Persons – stock ownership** – former company President D. Frederick Shefte retired in March of 2021 due to health issues, and passed away on April 18, 2022. . Until such time that a replacement President can be engaged, Company CEO Eric Parkinson will assume the duties as President, in addition to his existing duties as CEO and Secretary. Per the bylaws and other internal agreements with officers, upon cessation of employment for any reason, an officer (in this case, Shefte), is required to surrender "Preferred" (voting) shares. As of the date of this report, Shefte had 1,600,000 Preferred shares that the company is moving to cancel and return to treasury stock for that class of shares. Christian K. Large and Kyle Martens have provided board consultation services to the Company, and Desiree Garnier has taken over the daily responsibilities for the management and launch of the MyFlix service (as of March 13, 2023).

## 8) Legal/Disciplinary History

A. Please identify whether any of the persons listed above have, in the past 10 years, been the subject of:

1. A conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses);

Not Applicable

2. The entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, or banking activities;

Not Applicable

3. A finding or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended, or vacated; or

Response: On October 8, 2019, Company was advised of an order from the Arkansas Securities Commission regarding their concerns regarding the issuance of a convertible debt instrument to JSJ Investments, Inc. in 2014, which transaction was not registered with the Arkansas Securities Commission. Company was ordered to not issue any convertible debt instruments from within the State of Arkansas if such instruments are not registered within the State of Arkansas Securities Commission. Although the Arkansas letter purported to cite a violation, Company was not at that time, nor ever since, found to have actually violated any such State securities rules, and a response call to the Arkansas Securities Department resulted in their confirmation that the incident cited in the letter did not involve Arkansas entities and therefore Arkansas jurisdiction. Additionally, as of the date of this filing, Company does not operate an office or warehouse within the State of Arkansas.

4. The entry of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities.

Not Applicable

- B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

During 2018, the Company neglected to defend selected producer disputes if such disputes were filed outside of the State of Arkansas (*in violation of the governing law and jurisdiction as prescribed in the representation agreements*). The rationale in not defending such court actions occurring outside of Arkansas is that sister-state judgment enforcement laws enable a foreign default judgment to be adjudicated in Arkansas if a meritorious basis exists. The business sector of independent film distribution is litigious across all major industry entities – due primarily to the difficulties of marketing independent films not conforming to expectations of the program suppliers. Accordingly, company has found itself the target of 17 lawsuits over a 25+ year span from program suppliers with false claims of monies owed. While this may seem to be a large number of disputes – the vast majority of which were adjudicated in favor of Hannover House – it represents what we believe to be the best track record in the industry (e.g., 3.7% of programs distributed by Hannover House have resulted in producer disputes, specifically 17 out of 454 titles handled). These disputes meet the standard of ordinary routine litigation incidental to the business, and therefore do not merit further detail.

As recommended by counsel, in order to mitigate any potential concerns that these defaults could impede the company's activities as a going concern, the three foreign (sister-state) default judgments of concern have each been addressed and responded to as of the date of this Q1 disclosure filing. The "Lewin New York Default" had been listed as a liability with a potential value in excess of \$2-million; however, this matter has now been settled, with a remaining payment obligation balance of \$150,000 as of 3-31-2022, and due within the next year (*the adjustment of the "reserve" previously listed on the company's balance sheet has resulted in a gain of over \$1.3-mm in shareholder equity as of this filing*); the UPTONE defamation claim has been addressed in California; however, the court rejected Company's motion to set aside the default judgment. However, a settlement was reached in March, 2022, and the liability impact of settlement payments that Hannover House has agreed to pay are reflected in the current balance sheet. With respect to the "Daisy Winters-Shuttlewoods" – a court hearing was held on or about Jan. 7, 2022 hearing. As of this filing date, the "default judgment" previously awarded in the Daisy Winters-Shuttlewoods dispute was ruled in favor of HHSE, due to the factual merits of the HHSE response. In order to clear the path for the company's registration filing, a settlement was made in March, 2022 and the liability impact is reflected in the balance sheet to this disclosure filing. HHSE Form 10 counsel is reviewing all remaining, unresolved or unsettled

legal matters in order to update the registration opinion to reflect the meritorious actions of HHSE and the non-material impact of these cases.

## F 6 (OTC ITEM “4-G”)

### NOTES TO FINANCIAL STATEMENTS FOR THE PERIOD ENDING 9-30-2022

**The following notes refer to those items marked on Item F1 (consolidated balance sheets) as indicated with red note reference markers.**

- (1) Accounts Receivable has been adjusted to include newly invoiced on-boarding & metadata services performed for MyFlix program suppliers. It is relevant to note that the majority of Accounts Receivable are for deferred on-boarding / mastering fees on MyFlix supplier titles, which must be earned-out from digital deliveries of titles in a first position priority payment. The other receivables, the majority of which are to Cinedigm (*as principal wholesaler to Walmart, Target & Best Buy*) are disputed by Cinedigm due to a claim of offset for marketing fees;
- (2) Notes Receivable includes additional loans of \$7,500 during Q3 (in addition to a prior balance of \$184,827) made by the Company to Snowy Morning, Inc. to assist with production costs for the film “WILDFIRE,” which loan is to be considered as a fully-recoupable advance against Snowy Morning’s share of theatrical revenues in the film. Company holds a lien against other revenue sources, in the event that the producer’s share of net theatrical revenues from “WILDFIRE” is not sufficient to fully repay the loan. This item increased during Q1, 2022 not due to any new funds loaned, but due to a calculation and addition of accrued interest; Subsequent funds provided by or through the Company for the benefit of the “WILDFIRE” production, as well as for “THE LAST DAYS OF BELLE STARR” and “MODERN ANTIQUITIES” have been categorized under production costs.
- (3) Company has mostly written off the value of office furnishing and computers due to age and changing technologies impacting resale values;
- (4) The prior Hannover House Film & Television Library report was conducted ten years ago, and this item adjustment represents the new valuation report from a reputable, third-party specialty firm (as required for auditors and Form 10 filing). This valuation represents seventy-seven (77) titles as the majority of titles previously listed in the HHSE library report (455 total) have either expired (and not pursued for relicensing), or have been discontinued for mutual consent or lack of value to the company. The new library report includes the improved valuations for higher-end titles (including WILDFIRE and THE LAST DAYS OF BELLE STARR), and significant adjustments on catalog titles to diminish prior forecasts for DVD and BluRay sales in favor of the growing revenues enjoyed from Video-On-Demand streaming outlets. Most of the titles in the Hannover House Film & Television Library are represented by the Company under sales agency agreements, which do not allow the sales rights to be sold, transferred or otherwise disposed of by Company or successors; a majority of the titles additionally include provisions allowing for the termination of sales rights in the event that Hannover House ceases to operate or that Eric Parkinson (as “key man”) ceases to perform his duties as principal executive of Hannover House. These are customary protections that independent producers usually require when engaging independent distributors for the representation of their title assets. The new library valuation report shows an increase of \$1,029,405 during the next seven-year licensing cycle, which improvement in asset value is represented on the company’s assets balance sheet.
- (5) The Company continues to reduce the balance of the Shuttlewoods settlement;
- (6) Notes Payable – although the Company did enter into new loans during Q4 totaling \$67,120.77 (*total new loans received less payments made on prior notes*) - the additional sums listed are after reconciliation of all prior notes and activities and allocation to the proper line-item description.
- (7) The Company has listed the amount of total cash payments to be made in the Uptone settlement;

Some of the legal fees paid during Q4, 2022 include payments made to Hinds Law Group, formerly known as Hinds-Shankman, for application to prior legal fees incurred prior to the reporting period.

**EXHIBIT “1-A” – KEY PROJECTS FOR COMPANY  
(AND IMAGES / GRAPHICS)**

**1). WILDFIRE: THE LEGEND OF THE CHEROKEE GHOST HORSE** – As of the date of this filing, edit assembly of this feature film production venture is completed and the film is now in final post-production sound and music mixing. The Company intends to screen the full feature as a “World Premiere” event at the Cannes Film Festival (*screening to occur on or about May 21, 2023, subject to venue availabilities*), with distribution occurring in Summer, 2023 (USA theatrical and premium streaming). HHSE is entitled to a distribution fee plus recoupment of costs and production loans provided for the benefit of this project.

**2). THE LAST DAYS OF BELLE STARR** – As of the date of this filing, approximately half of the film (*seasonal specific sequences*) have been shot, with about two weeks of filming still remaining. Company intends to show a “*promo reel*” at the Cannes Festival, as inducement for obtaining international sales licenses. In priority payment position, HHSE will earn an overhead fee, a distribution fee and recoupment of prior funds expended for the benefit of this production. Three major stars will appear in this film.

**3). MODERN ANTIQUITIES** – Film is planned for production in summer of 2023. As of the date of this filing, approx. half of this film’s production costs have been arranged through confirmed incentives; company hopes to secure international sales at the Cannes Film Festival that will provide the remaining funding commitment required. Two major stars will appear in this film.

**4). MYFLIX** – Consumer website is under construction (off-line) with a placeholder site published at [www.MyFlix.com](http://www.MyFlix.com) (*temporary site was published in order to qualify for the recently granted TRADEMARK approval for the “MyFlix” business name*). Activation of the consumer site (*which is the official “launch” of the service*) is timed to occur on or about the same time as the forthcoming HHSE Form 10-(12)g registration filing.

**5). INTERNATIONAL SALES & LICENSING** – Company will be taking a slate of existing (catalog) titles, as well as four new feature titles, to the Cannes Film Festival (*May 16-27, 2023*) to solicit international sales and licensing deals. Details of the new titles and completed properties will be published in early May.

## IMAGES FROM HHSE-FACILITATED FEATURE PRODUCTIONS

As of the date of this filing, the HHSE Facilitated production of “**WILDFIRE**” is nearing final mix and delivery, which is expected to generate a significant revenue item for the Company during Q2 (2023) and Q3 (2023). Hannover House has made a strategic investment in the production of this film, and will benefit from it’s off-the-top distribution fees (*applicable for all media*), plus recoupment of the production loans and ongoing profit participation.

Actor ROBERT RUSLER poses in front of the actual Judge Isaac Parker Courthouse in Fort Smith, Arkansas – location for many of the key scenes in the HHSE Facilitated production of **“THE LAST DAYS OF BELLE STARR.”** This important, historic film tells the true story of the corruption behind the Dawes Act Addendum of 1889, which resulted in a dissolution of the Indian Territory in violation of the 1835 Treaty of New Echota.

Belle Starr had been branded as a Bandit Queen and Outlaw – a reputation that the *“authorities”* promoted because it diminished her credibility as an outspoken advocate for the Cherokee Nation and for the Five Civilized Tribes. After presenting a powerful and convincing speech against the Dawes Act, Belle Starr was murdered just days later. Her murder was never investigated, and was later attributed to absurd possible causes, to distract attention away from her opposition to taking away the Indian Territory lands from the tribes.
