NOTE 2 – GOING CONCERN

The Company currently has limited working capital and has not completed its efforts to establish a stabilized source of revenue sufficient to cover operating costs over an extended period of time. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

Management anticipates that the Company will be dependent, for the near future, on additional investment capital to fund operating expenses. The Company intends to position itself to raise additional funds through the capital markets. In light of management's efforts, there are no assurances that the Company will be successful in this or any of its endeavors to become financially viable. As reflected in the financial statements, the Company has some working capital for the period ended December 31, 2022, and a loss from operations. The

Company is working on raising significant capital that is non-dilutive to be able to execute its current business plan. The accompanying financial statements have been prepared by management assuming the Company will continue in its efforts.

NOTE 3 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles.

Use of Accounting Estimates

Management is required to make estimates and assumptions during the preparation of the financial statements and accompanying notes in conformity with accounting principles generally accepted in the United States of America. These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the dates of the financial statements. They also affect the reported amounts of net income. Actual results could differ materially from these estimates and assumptions.

Cash and Cash Equivalents

The Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Fixed Assets

Equipment is stated at cost, net of accumulated depreciation. The cost of equipment is depreciated using the straight-line method. We estimate that the useful life of equipment is 5 years. Expenditures for maintenance and repairs are charged to expense as incurred. Additions, major renewals, and replacements that increase the equipment's useful life are capitalized. Equipment sold or retired, together with the related accumulated depreciation is removed from the appropriated accounts and the resultant gain or loss is included in net income.

Digital Assets

Guidance on how to account for and audit digital assets under U.S. generally accepted accounting principles (GAAP) for nongovernmental entities and generally accepted auditing standards (GAAS), respectively. This guidance is intended for financial statement preparers and auditors with a fundamental knowledge of blockchain technology. For the purposes of this practice aid, digital assets are defined broadly as digital records that are made using cryptography for verification and security purposes, on a distributed ledger (referred to as a blockchain). The distributed ledger keeps a record of all transactions on a blockchain network. Digital assets, as defined herein, may be characterized by their ability to be used for a variety of purposes, including as a medium of exchange, as a representation to provide or access goods or services, or as a financing vehicle, such as a security, among other uses. The rights and obligations associated with digital assets vary significantly, as do the terms used to describe them. It is important to note that the accounting treatment for a digital asset will ultimately be driven by the specific terms, form, underlying rights, and obligations of the digital asset.

SUMCOIN IS DESCRIBED AS “THE WORLD’S FIRST CRYPTOGRAPHIC INDEX WHICH USES A PROOF-OF-WORK ALGORITHM TO UNLOCK COINS”. (MINEABLE... JUST LIKE BITCOIN) • THE INDEX •SUMCOIN, OR THE “SUM” OF COINS MEANS THAT IT TRACKS ALL COINS IN NEAR REAL TIME FROM OVER 600 DIFFERENT DATA POINTS. SUMCOIN IS CONTINUOUSLY AGGREGATING AND FINDS WHAT THE CURRENT TOP 100 COINS ARE BY GLOBAL MARKET CAP. •THE “SUM” PRICE IS GENERATED USING ALGORITHM BASED ON THE MARKET FLUCTUATIONS OF THE TOP 100 COINS. • NOTE: IF THE CRYPTO MARKET GROWS, THE VALUE OF SUM GROWS, IF IT DROPS, THE VALUE OF SUM DROPS. HOWEVER, BECAUSE OF THE NUMBER OF COINS IN THE INDEX CALCULATION, THE PRICE CHANGES OF SUM TEND TO BE LESS DRASTIC THAN THAT OF OTHER COINS – WHOSE PRICE IS DETERMINED BY THE MARKET OF SUPPLY AND DEMAND ALONE •SUMCOIN IS FOR THOSE WHO WANT TO GAIN MAXIMUM EXPOSURE TO THE DIGITAL ASSET SPACE... BUT MAY ONLY WANT TO HOLD ONE COIN FOR SIMPLICITY.

Goodwill and Other Intangible Assets

The Company accounts for goodwill and other intangible assets in accordance with ASC 350, “*Intangibles - Goodwill and Other*”. Intangible assets with an indefinite life, namely goodwill, are not amortized. Intangible assets with a definite life are amortized on a straight-line basis over their estimated useful lives of seventeen years. Intangible assets with indefinite lives will be tested for impairment annually and when an event occurs that would indicate that the carrying amount may be impaired.

Impairment of Assets

In accordance with ASC 350 “*Intangibles – Goodwill and Other*” and ASC 360 “*Property, Plant and Equipment*,” long-lived assets, such as property and equipment, and purchased intangibles subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. When factors indicate that the assets should be evaluated for possible impairment, the Company uses an estimate of related cash flows. A deficiency in these cash flows relative to the carrying amounts is an indication of the need for a write-down due to impairment. Losses on impairment are recognized by a charge to earnings.

Income Taxes

Income taxes are computed using the asset and liability method in accordance with ASC 740 “*Income Taxes*.”. Under the asset and liability method, deferred income tax assets and liabilities are determined based on the differences between the financial reporting and tax bases of assets and liabilities and are measured using the currently enacted tax rates and laws. A valuation allowance is provided for the amount of deferred tax assets that, based on available evidence, are not expected to be realized.

Fair Value of Financial Instruments

The Company, in estimating its fair value disclosures for financial instruments, uses the following methods and assumptions: The carrying amounts reported in the balance sheet for cash, accounts receivable, accounts payable and accrued expenses approximate their fair value due to their relatively short maturity.

Basic Income (Loss) Per Share

The Company computes income (loss) per share in accordance with FASB ASC 260 “Earnings per Share.” Basic loss per share is computed by dividing net income (loss) available to common shareholders by the weighted average number of outstanding common shares during the period. Diluted income (loss) per share gives effect to all dilutive potential common shares outstanding during the period. Dilutive loss per share excludes all potential common shares if their effect is antidilutive. There are potentially dilutive debt or equity instruments issued or outstanding as of December 31, 2022, upon conversion of preferred shares into common shares.

Recent Accounting Pronouncements

We have reviewed all the recently issued, but not yet effective, accounting pronouncements and we do not believe any of these pronouncements will have a material impact on the Company.

NOTE 4 – STOCKHOLDERS’ EQUITY

The Company has 500,000,000, \$0.001 par value shares of common stock authorized, and 202,356,178 common shares issued and outstanding as of December 31, 2022. During the period ended December 31, 2022, the Company has issued Series A preferred shares to certain shareholders for cash to be used as working capital. Additionally, the Company also issued 1,000 Series A preferred shares for \$40 Million dollars of Sumcoin Digital Assets (40,421 coin) that are reflected on the Company’s Balance Sheet as Digital Assets (currency). As of December 31, 2022, the issued and outstanding Series A preferred shares was 2,043,139 and 0 series B. Collectively as of December 31, 2022 the Company has 79,775 total digital currencies whose value at this date is \$79,059,965 based upon the Sumcoin closing price on December 31, 2021 of \$979.04 per coin. There are 10 million authorized preferred shares (par value .001)

including 5 million Series A, and 5 million Series B shares. Management has the authority to set the rights powers and privileges to these shares.

NOTE 5- RELATED PARTY TRANSACTIONS

The employment agreement for Anthony Miller, Chief Executive Officer, entered into on June 27, 2019, comprises the balance of the employment accrual – related party. Mr. Miller is entitled to compensation of \$120,000 per year for a period of five years. The balance owed to Mr. Miller as of December 31, 2021 was \$281,277. As of December 31, 2022, the balance is \$357,614

NOTE 6 – INCOME TAXES

The Company adopted the provisions of uncertain tax positions as addressed in ASC 740 “Income Taxes” (“ASC 740”). As a result of the implementation of ASC 740, the Company recognized no increase in the liability for unrecognized tax benefits. As of December 31, 2022, the Company had net operating loss carry forwards of approximately \$1,651,786 that may be available to reduce future years’ taxable income in varying amounts. Future tax benefits which may arise as a result of these losses have not been recognized in these financial statements, as their realization is determined not likely to occur and accordingly, the Company has recorded a valuation allowance for the deferred tax asset relating to these tax loss carryforwards.

As of December 31, 2022, the valuation allowance was approximately \$ \$257,196. In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all the deferred income tax assets will not be realized.

The ultimate realization of deferred income tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred income tax liabilities, projected future taxable income, and tax planning strategies in making this assessment. Based on consideration of these items, management has determined that enough uncertainty exists relative to the realization of the deferred income tax asset balances to warrant the application of a full valuation allowance as of December 31, 2021. All tax years since 2017 remain open for examination by taxing authorities.

The provision for Federal income tax consists of the following:

	December 31, 2021	December 31, 2022
Federal income tax benefit attributable to:		
Income tax benefit	\$ 23,030	23,030
Change in valuation allowance	(23,030)	(23,030)
Net provision for Federal income taxes	\$ -	-

The cumulative tax effect at the expected rate of 21% of significant items comprising our net deferred tax amount is as follows:

December 31, 2021	December 31, 2022

Deferred tax asset attributable to:

Net operating loss carryover	\$	255,025	231,995
Less: valuation allowance		(255,025)	(231,995)
Net deferred tax asset	\$	-	-

The related deferred tax benefit on the above unutilized tax losses has a full valuation allowance not recognized against it as there is no certainty of its realization. Management has evaluated tax positions in accordance with ASC 740 and has not identified any significant tax positions, other than those disclosed.

NOTE 7 – GAIN ON SETTLEMENT OF DEBT

During the year ended December 31, 2020, the Company had an outstanding balance of \$54,558 with its transfer agent. The Company negotiated a settlement with the transfer agent and paid \$10,000 and the remaining \$44,558 was forgiven by the transfer agent and recorded as a gain on settlement of debt.

NOTE 8 – SUBSEQUENT EVENTS

In accordance with ASC 855 “*Subsequent Events*,” the Company has analyzed its operations subsequent to December 31, 2021, through the date these financial statements were issued and has determined that it has no material subsequent events requiring disclosure.
