SUPPLEMENTAL INFORMATION  
July 19, 2023

Due to time deadlines and the ongoing complexities of audit processes, the Directors of Aqua Power Systems Inc. recently made the decision to voluntarily have the Company file a Form 15 thereby providing notification that the Company was suspending the Company's reporting requirements and duty to file reports under sections 13 and 15(d) of the Securities Exchange Act. Additionally, the Company voluntarily withdrew the Form S-1 registration statement that had previously been filed for the Company in February 2023.

The Company recently published unaudited financials of the Company's 2022 Annual Report and first quarter period ending March 31, 2023 Quarterly Report on OTCMarkets.com. At present, the Company continues to work on the process of satisfying audit requirements, however management believed that in the meantime that it would be in the best interest of the Company and stakeholders for the Company to report unaudited financials through an alternative reporting means.
