C. Describe the issuers' principal products or services

Rafex Gold Corp. primarily engages in mineral exploration activities, with a focus on exploring and developing various mineral resources. The Company's two primary assets are the Mt Bute Project and the Hume Dam Project.

Mt Bute Project

Mt Bute Project is considered conceptually prospective for gold mineralization and is located in the Lachlan Orogeny, an area known to host gold mineralization. The project's value is subject to periodic impairment testing based on the results of exploration activities and may be affected by factors such as changes in commodity prices, mineral reserves, and resources estimates, and any legal or regulatory changes that could impact the company's ability to explore and develop the mineral resources in the area. The company intends to continue exploration and development activities on the Mt Bute Project, with a future work program largely based on modern geophysical methods. However, there is no assurance that the project will generate future revenues or profits for the company.

### Hume Dam Project

Hume Dam Project, located on the Hume River in Australia, is considered conceptually prospective for gold mineralization. The value of the project is subject to periodic impairment testing, contingent on the outcomes of exploration activities and external factors such as commodity price fluctuations, mineral reserves and resources estimates, and changes in legal or regulatory conditions that may impact the company's ability to explore and develop the mineral resources in the area. However, there is no certainty that the Hume Dam Project will generate future revenues or profits for the company. As with any exploration endeavor, the project carries inherent risks and uncertainties.

# RAFEX GOLD CORP.

Notes to Consolidated Financial Statements September 30, 2023 (Unaudited)

### NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

Rafex Gold Corp. (the "Company") was originally incorporated in Nevada on January 28, 2000, under the name Sakha Enterprises Corp. On August 17, 2018, the Company changed its domicile to Wyoming, and on September 23, 2022, the Company changed its name to Rafex Gold Corp., its current name.

The Company primarily engages in mineral exploration activities, with a focus on exploring and developing various mineral resources. The Company recently completed a tax-free merger with Rafex Gold Acquisition Corp. and Triple Twenty Pty, Ltd, with Triple Twenty Pty, Ltd. becoming a wholly-owned subsidiary of Rafex Gold Corp., see Note 2 for details of the merger.

The Company has two primary assets, the Mt Bute Project and the Hume Dam Project. See Note 8.

# Principles of consolidation

These consolidated financial statements include 100% of the assets, liabilities, revenues, expenses, and cash flows of Rafex Gold Corp. and its wholly-owned subsidiary Rafex Gold Acquisition Corp., which now includes the assets and liabilities acquired in the merger with Triple Twenty Pty, Ltd. All intercompany accounts and transactions have been eliminated in consolidation.

### NOTE 2 – AGREEMENT AND PLAN OF MERGER

On March 10, 2023, the Company entered into an Agreement and Plan of Merger ("Merger Agreement") with Rafex Gold Acquisition Corp. and Triple Twenty Pty, Ltd. The Merger Agreement stipulated a tax-free merger of Rafex Gold Acquisition Corp. with and into Triple Twenty in reorganization pursuant to Section 368(a)(1)(A) of the Internal Revenue Code. As part of the merger, the shareholder of Triple Twenty received Common Stock in Rafex Gold Corp. in exchange for shares of Triple Twenty Pty, Ltd., making Triple Twenty Pty, Ltd. a subsidiary of Rafex Gold Corp. The Merger was subject to certain conditions precedent, including the approval of the shareholders of Triple Twenty Pty, Ltd. and other customary closing conditions. The Merger was completed during the quarter ended March 31, 2023. Pursuant to the terms of the Merger Agreement, 41,136,780 shares of Rafex Gold Corp. with a value of \$.10 per share were issued to exchange for the 3,000 shares of Triple Twenty Pty, Ltd. These shares are included in the financial statements, which are consolidated based on the agreement. Triple Twenty Pty, Ltd. became a wholly-owned subsidiary of Rafex Gold Corp, and the financial statements were adjusted to reflect the assets and liabilities acquired in the Merger, as well as any resulting changes in Rafex Gold Corp.'s capital structure.

# Amended Agreement and Plan of Merger

On July 31, 2023, the Company entered into an Amended Agreement and Plan of Merger ("Amended Merger Agreement"). As a result of the Amended Merger Agreement, the number of shares issued for the exchange was adjusted from 41,136,780 to 26,725,951 shares of Rafex Gold Corp. Common Stock. 14,410,829 shares were returned to Rafex Gold Corp.'s treasury on October 6, 2023. This Amended Merger Agreement did not alter the structure and conditions established in the original Merger Agreement.

The accompanying unaudited consolidated financial statements have been prepared assuming that the Company will continue as a going concern, even though the Company has incurred material operating losses, continued operating cash flow deficiencies, and a working capital deficit as of September 30, 2023. These factors raise substantial doubt about the Company's ability to continue as a going concern. Nonetheless, the Company believes that the share exchange agreement with Triple Twenty Pty, Ltd. will be successful and result in the Company achieving profitability in the short term. Still, there is no guarantee that Triple Twenty Pty,

Ltd.'s operations will prove profitable. The accompanying unaudited consolidated financial statements do not include any adjustments that might result from this uncertainty.

### NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Presentation

The Company's unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP).

# *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

# Concentration of credit risk

Financial instruments which potentially subject the Company to concentration of credit risk consist of cash deposits and customer receivables. The Company maintains cash with various major financial institutions. The Company performs periodic evaluations of the relative credit standing of these institutions. To reduce risk, the Company performs credit evaluations of its customers and maintains reserves when necessary for potential credit losses.

### *Cash and cash equivalents*

We consider all highly liquid securities with original maturities of three months or less when acquired to be cash equivalents. There were no cash equivalents as of September 30, 2023 and December 31, 2022.

# Recent Accounting Pronouncements

The Company has implemented all applicable accounting pronouncements that are in effect. These pronouncements did not have any material impact on the financial statements unless otherwise disclosed, and the Company does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

# **Translation Adjustment**

For the nine-month period ended September 30, 2023, the accounts of the Subsidiary Company were maintained, and its financial statements were expressed, in AUD. Such financial statements were translated into USD in accordance with the Foreign Currency Matters Topic of the Codification (ASC 830), with the AUD as the functional currency. According to the Codification, all assets and liabilities were translated at the current exchange rate at respective balance sheets dates, stockholders' equity are translated at the historical rates, and income statement items are translated at the average exchange rate for the period. The resulting translation adjustments are reported under other comprehensive income in accordance with the Comprehensive Income Topic of the Codification (ASC 220), as a component of members' capital. Transaction gains and losses are reflected in the income statement.

# Comprehensive Income/(Loss)

The Company uses SFAS 130 "Reporting Comprehensive Income" (ASC Topic 220). Comprehensive income is comprised of net income and all changes to the statements of stockholders' equity, except those due to investments by stockholders, changes in paid-in capital and distributions to stockholders. Comprehensive loss for the period ended September 30, 2023, is included in the statement of operations as a foreign currency translation adjustment.

# **NOTE 4 - GOING CONCERN**

The accompanying unaudited consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company has no revenue and has accumulated a deficit as of September 30, 2023 of \$1,460,552. The Company requires capital for its contemplated operational and marketing activities. The Company's ability to raise additional capital through the future issuances of common stock is unknown. The obtainment of additional financing, the successful development of the Company's contemplated plan of operations, and its transition, ultimately, to the attainment of profitable operations are necessary for the Company to continue operations. These conditions and the ability to successfully resolve these factors raise substantial doubt about the Company's ability to continue as a going concern. The consolidated financial statements of the Company do not include any adjustments that may result from the outcome of these uncertainties.
