NOTE 1 – BUSINESS ORGANIZATION

Business Organization

Trans American Aquaculture, Inc. formerly Gold River Productions, Inc. (GRP), (“the Company”) was incorporated in the State of Delaware on September 18, 2006, as Polythene Metro Corp before being acquired by Gold River Productions, Inc. on January 25, 2007. The Company was re-incorporated in the State of Colorado in July 2018. In February 2023, pursuant to shareholder and Board approval, the Company changed its name to Trans American Aquaculture, Inc., reflective of its new management and operations, and applied to the Financial Industry Regulatory Authority (“FINRA”) to change its ticker symbol from GRPS to TAAQ.

On August 28, 2022, Richard Goulding, executive and selling party of Gold River Productions, Inc. and Adam Thomas, purchaser, executed a Stock Purchase Agreement (“SPA”). Under the terms of the SPA, Mr. Goulding, agreed to sell to Adam Thomas, CEO of TAA, 9,078,000 shares of the Company’s Series A Preferred Stock, and to retain 640,000 shares for later conversion to the Company’s common stock. Each share of Series A Preferred Stock is convertible into 100 shares of the Company’s common stock. In addition, Mr. Thomas agreed to purchase all of the Company’s outstanding shares of Series B Preferred Stock from Mr. Goulding for a cash payment of \$5,000.

In further consideration for the sale of the shares of Series A and Series B Preferred Stock, Mr. Goulding agreed to:

1. Increase the authorized shares of the Company’s common stock to three billion (3,000,000,000) shares;
2. Convert his retained 640,000 shares of Series A Preferred Stock, to 64,000,000 shares of common stock;
3. Issue to various former employees and consultants of the Company an aggregate amount of 15,248,503 shares of the Company’s common stock; and
4. Complete the assignment of assets and assumption of liabilities as they existed immediately prior to the closing of the stock purchase agreement on August 29, 2022.

Following the purchase of the shares of Class A and Class B Preferred Stock, Mr. Thomas and TAA agreed to:

1. To have the Company issue shares of a Class C Preferred Stock to the former members of TAA, such shares to be convertible into 85% of the Company’s common stock, but limited as to this conversion for a minimum of 12 months from the date of issuance; and
2. To cancel and withdraw the shares of Series A Preferred Stock.

NOTE 1 – BUSINESS ORGANIZATION (CONTINUED)

On August 29, 2022, Gold River Productions, Inc. and Goulding executed an Assignment of Rights and Assumption of Liabilities Agreement whereby Gold River Productions, Inc. assigned all of its assets and liabilities to Mr. Richard Goulding (Mr. Goulding), Chairman of the Board and CEO of GRP, resulting in GRP becoming a public shell company without any assets or liabilities and became the accounting acquiree.

On September 13, 2022, Gold River Productions, Inc. and Trans American Aquaculture, LLC (“TAA”) executed a Definitive Equity Exchange Agreement in a transaction accounted for as a reverse acquisition, whereby TAA became the accounting acquiror. TAA operates a large land-based shrimp farming and technology company located in South Texas. The Company produces premium quality, farm-raised white shrimp, 100% free of antibiotics and hormones, and cultivated using safe and sustainable practices. Its principal markets consist of seafood distributors, restaurants, and grocery store chains in the United States. Using decades of experience in the shrimp aquaculture industry, products are grown with our superior technology and our proprietary genetics which results in a superior fresh product always grown in the United States.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying consolidated financial statements include the accounts of Trans American Aquaculture, Inc and its wholly-owned subsidiary Trans American Aquaculture, LLC, a Texas Limited Liability Company. All significant intercompany balances and transactions have been eliminated in consolidation. The accompanying financial statements have been prepared on the accrual basis of accounting.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments with an original maturity of three months or less to be cash equivalents.

Inventory

Inventory is valued at lower of cost or the net realizable value on a first-in, first-out basis.

The inventory at September 30, 2023 consists of broodstock shrimp and shrimp to be consumed. At that date, the broodstock shrimp had not been identified and segregated from the shrimp to be consumed. Collectively, the pre-harvest biomass in the ponds at September 30, 2023, was estimated to be 128,900 pounds at an average size of 17 grams. This weight would have yielded a net realizable value of \$1.25 per pound, or \$161,125. The harvest began in early November, whereupon the shrimp had grown and their price per pound increased commensurately. By harvest time, the biomass estimated to be available for sale was 150,000 pounds, and the price had increased to \$3.00 per pound. Not included in this biomass is approximately 22,000 broodstock shrimp selected for their enhanced genetics and segregated from the larger biomass for further development. Approximately 12,000 of this broodstock will be sold to foreign markets for between \$75 and \$80 per animal, while approximately 10,000 will be used to populate our next harvest.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventory (Continued)

During the three months ended September 30, 2023, management determined that broodstock inventory valued at \$125,040 held at June 30, 2023, had spoiled and was written off to cost of revenues. At September 30, 2023, management determined no allowance for inventory spoilage or obsolescence is required based on its assessment of the inventory's future value.

Property and Equipment

Property and equipment are stated at cost. Maintenance and repairs are expensed while expenditures for renewals which prolong the lives of the assets are capitalized. When items are disposed of, the cost and accumulated depreciation are eliminated from the accounts and any net gain or loss is included in the consolidated statement of income.

For financial reporting purposes, depreciation of property and equipment is provided for by using the straight-line method based on the estimated service lives of the property as follows:

Land improvements	40 years
Buildings and structures	40 years
Farm equipment	10 – 20 years
Autos and trucks	10 years

The Company reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If it is determined that an asset has been impaired, the amount of the impairment is charged to operations. No impairments were recognized for the periods ended September 30, 2023 and 2022.

Income Taxes

The Company uses an asset and liability approach to financial accounting and reporting for income taxes. The difference between the financial statement and tax basis of assets and liabilities is determined annually.

Deferred income tax assets and liabilities are computed for those differences that have future tax consequences using the currently enacted tax laws and rates that apply to the periods in which they are expected to affect taxable income. Valuation allowances are established, if necessary, to reduce the deferred tax asset to the amount that will more likely than not be realized. Income tax expense is the current tax payable or refundable for the period, plus or minus the net change in the deferred tax assets and liabilities.

The Company's income tax returns are subject to examination by the appropriate tax jurisdictions. As of July 31, 2023, the Company needs to file federal and state income tax returns for 2020, 2021 and 2022. During 2020, the Company had taxable income primarily as a result of a short-term capital gain of \$445,500 on the sale of a joint venture interest. This resulted in taxable income of \$155,200 and an unremitted federal income tax liability of \$33,180. With accrued penalties and interest through September 30, 2023, the total due the IRS is \$58,256. All liabilities, including federal taxes, were

indemnified by Goulding as part of the transaction and accordingly a receivable due from the previous owner of the Company has been recorded in other assets. The Company intends to file its 2020 federal tax return and pay the tax due, plus penalties in interest once it has sufficient cash to do so.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Revenue Recognition

The Company recognizes revenues according to the Financial Accounting Standard Board ("FASB") Accounting Standard Codification ("ASC 606") and Accounting Standard Update ASU 2014-09 "Revenues from Contracts with Customers." Under the 606, revenues is recognized when the customer obtains control of promised goods or services in amounts that reflect the consideration which the entity expected to receive in exchange of goods and service. The Company does not collect sales, value-add and other taxes collected on behalf of third parties. To determine revenue recognition, the Company performs the following five steps: (1) identify the contract with customer; (2) identify the performance obligations in contract; (3) determine the transaction price; (4) allocate the transaction price to the performance obligation in the contract; and (5) recognize revenues when (or as) the entity satisfies a performance obligation.

The Company recognizes revenue as a single performance obligation when it transfers its products to customers, being when the goods are shipped and transfers to a buyer and when performance obligation under contracted sales are completed.

Advertising and Promotion

All costs associated with advertising and promoting the Company's goods and services are expensed in the year incurred.

Concentrations of Credit Risk

The Company's financial instruments that are exposed to credit risk consist primarily of temporary cash investments and accounts receivable.

The Company maintains its cash balances at a large financial institution. At times such balances may exceed federally insured limits. The Company has not experienced any losses in an account. The Company believes it is not exposed to any significant credit risk on cash and had no balances in excess of the \$250,000 FDIC limit for the three months ended September 30, 2023 and December 31, 2022.

For the nine months ended September 30, 2022, one customer accounted for 100% of total revenues earned. As of September 30, 2022, there was no accounts receivable due from this customer. There was no customer concentration for the six months ended September 30, 2023.

The Company's sole source of expected future revenue consists of the sale of a single live product which requires substantial care. Production risks such as weather, disease and other factors could affect the Company's ability to realize revenue from its inventory stock.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through November 14, 2023, the date the financial statements were issued.

Net Loss Per Share

Basic net loss per share is calculated by dividing the net loss available to common stockholders by the weighted-average number of common shares outstanding during the period. Diluted net loss per share is calculated by using the weighted-average number of common shares outstanding during the period increased to include the number of additional shares of common stock that would have been outstanding if the dilutive potential shares of common stock had been issued. The dilutive effect of the Company's is reflected in diluted net loss per share by application of the treasury stock method. The dilutive securities are excluded from the computation of diluted net loss per share when net loss is recorded for the period as their effect would be anti-dilutive.

NOTE 3 – PROPERTY AND EQUIPMENT

As of September 30, 2023 and December 31, 2022, the Company had the following property and equipment.

	September 30, 2023	December 31, 2022

The amount of interest expense incurred was approximately \$121,551 and \$205,912 for the quarters ended September 30, 2023 and 2022, respectively.

On September 30, 2022 the Company was in default on the farm property note for the \$4,701,674 due to failure to remit timely monthly payments. The lender has not called the loan due and is actively involved with the company on a repayment plan.

NOTE 5 – RELATED PARTY NOTES PAYABLE

As of September 30, 2023, shareholders have loaned the Company approximately \$1,523,236 which accrues interest at 12% per annual and are due December 31, 2023. Accrued interest of \$373,717 and \$12,368 as of September 30, 2023 and September 30, 2022 respectively has been recorded in accrued interest expense on the balance sheet.

NOTE 6 – INCOME TAX

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the consolidated financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards.

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be covered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. An allowance of \$197,320 has been recorded as of September 30, 2023 due to uncertainty of the realization of deferred tax asset in future periods.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous years.

In accordance with FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes, included in ASC Topic 740, Income Taxes, the Company recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Recognized income tax positions are measured at the largest amount that is greater than 50% likely of being realized. Changes in recognition or measurement are reflected in the period in which the change in judgment occurs. There were no uncertain tax positions that required recognition by the Company. As of the date of these consolidated financial statements, the Company's federal and various state tax returns will generally remain open for the last three years.

The Company's provision for income taxes attributable to income before income taxes for the periods ended September 30, 2023 and 2022, consisted of the following:

NOTE 7 – EQUITY FINANCING AND SECURITIES PURCHASE AGREEMENT

Equity Financing Agreement

On January 20, 2023, the Company entered into an Equity Financing Agreement (“the EFA”) and Registration Rights Agreement (the “Registration Rights Agreement”) with GHS Investments, LLC, pursuant to which GHS agreed to purchase up to \$10,000,000 in shares of the Company common stock, from time to time over the course of 24 months after effectiveness of a registration statement on Form S-1 of the underlying shares of the Company’s common stock.

The EFA grants Trans America the right, to direct GHS to purchase shares of the Company’s common stock on any business day (a “Put”), provided that at least ten trading days (as defined in the EFA) have passed since the closing of the most recent Put. The purchase price of the shares of common stock contained in a Put shall be 80% of the lowest traded price of the Company common stock during the ten consecutive Trading Days preceding the date of the Put notice. In the event The Company up lists to Nasdaq or an equivalent national exchange, the purchase price will be 90%. No Put will be made in an amount less than \$10,000 or greater than \$500,000 and any single drawdown may not exceed 200% of the average daily trading dollar volume of Trans America’s common stock during the ten trading days preceding the Put. In no event is the Company entitled to make a Put or is GHS entitled to purchase and own cumulative shares greater than 4.99% of the Company’s shares of common stock outstanding on such date.

The EFA will terminate upon any of the following events: when GHS has purchased an aggregate of \$10,000,000 in the common stock of the Company pursuant to the EFA; or on the date that is 24 months from the date of the EFA.

Actual sales of shares of common stock to GHS under the EFA will depend on a variety of factors, including, the number of public shares the Company has available for trading on the open market (excluding closely held and restricted stock), market conditions, the trading price of the common stock, the number of shares outstanding, and the Company’s determinations as to the appropriate sources of funding for the

Company and its operations. The net proceeds under the EFA to us will depend on the frequency and prices at which we sell shares of our stock to GHS.

The Registration Rights Agreement provides that the Company shall (i) use its best efforts to file with the SEC the Registration Statement within 60 calendar days of the date of the Registration Rights Agreement; and (ii) have the Registration Statement declared effective by the SEC within 60 calendar days after the date the Registration Statement is filed with the SEC, but in no event more than calendar 120 days after the Registration Statement is filed.

The Company will use the proceeds from the Puts for general corporate and working capital purposes and acquisitions or assets, businesses, or operations or for purposes the Board of Directors deems to be in the best interests of the Company.

NOTE 8 – SUBSEQUENT EVENTS`

There were no significant events as of this report date.

NOTE 9 - GOING CONCERN

The Company follows FASB ASU 2014-10 – Development Stage Entities because its principal operations have commenced, but there has been no significant revenue therefrom. To date, the Company's activities since inception have consisted principally of acquiring property, equipment, and other operating assets, raising capital, starting up production, recruiting and training personnel and raising capital. The Company's ability to continue as a going concern is dependent on its ability to raise additional capital and implement its business plan as well as continuing to develop its brood stock in order to fulfill recently signed contracts. The financial statements do not include any adjustments that might be necessary if the business plan cannot be implemented or if additional capital cannot be raised, either of which could result in the Company not be able to continue as a going concern.

The Company is in the process of raising additional capital to support the completion of the developmental stage activities and ramp up ongoing full shrimp harvest cycles and establish its customer base. Therefore, the Company's activities are subject to significant risks and uncertainties, including failing to secure additional funding to operationalize the Company's current technology.
