Shell Status

Indicate by check mark whether the company is a shell company (as defined in Rule 405 of the Securities Act of 1933, Rule 12b-2 of the Exchange Act of 1934 and Rule 15c2-11 of the Exchange Act of 1934):

Yes: ☐ No: ☒

Indicate by check mark whether the company’s shell status has changed since the previous reporting period:

Yes: ☐ No: ☒

Change in Control

Indicate by check mark whether a Change in Control¹ of the company has occurred over this reporting period:

Yes: ☐ No: ☒

¹ “Change in Control” shall mean any events resulting in:

(i) Any “person” (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) becoming the “beneficial owner” (as defined in Rule 13d-3 of the Exchange Act), directly or indirectly, of securities of the Company representing fifty percent (50%) or more of the total voting power represented by the Company’s then outstanding voting securities;

(ii) The consummation of the sale or disposition by the Company of all or substantially all of the Company’s assets;

(iii) A change in the composition of the Board occurring within a two (2)-year period, as a result of which fewer than a majority of the directors are directors immediately prior to such change; or

(iv) The consummation of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or its parent) at least fifty percent (50%) of the total voting power represented by the voting securities of the Company or such surviving entity or its parent outstanding immediately after such merger or consolidation.

1) Name and address(es) of the issuer and its predecessors (if any)

In answering this item, provide the current name of the issuer any names used by predecessor entities, along with the dates of the name changes.

History. Canopus Biopharma, Inc., a Nevada corporation, was formed on April 8, 1986, as Travel Entertainment, a privately-held Nevada corporation. On January 29, 1987, our corporate name changed to Landmere Inc. On September 9, 2005, our corporate name changed to Drake Holding Corp. On June 14, 2007, our corporate name changed to Canopus Biopharma, Inc. The name of the Company was changed to CBIA, Inc. on August 2, 2021, in connection with a holding company reorganization, and then to Capstone Biotech, Inc. in connection with a redomicile to the State of Nevada. On February 28, 2022, our corporate name changed to Canopus BioPharma, Inc.

On May 1, 2023, our corporate name changed to Blue Heaven Coffee, Inc. The effective time, as it relates to the stock trading market, of this corporate action, which will include a change to our trading symbol, will depend on the date on which FINRA issues its approval of our related filing, which we expect to occur in January 2024. We are unable to predict the date on which FINRA will issue such approval.

Custodian. On July 30, 2021, G. Reed Petersen was appointed as Custodian of Canopus Biopharma, Inc. (Case No. A-21-832802-P by the Nevada District Court, in Clark County, Nevada. On October 19, 2022, the custodianship was terminated.

Recent Change-in-Control Transaction. Effective March 21, 2023, a change in control of our company occurred. On such date, (a) ML Squared, LLC sold 50% (500,000 shares) of the outstanding shares of Series A Preferred Stock and (b) PIPE QOF, Inc sold 50% (500,000 shares) of the 1,000,000 outstanding shares of Series A Preferred Stock to a single person, Justin De Four.

In connection with the change in control, Benjamin Oates resigned as the Sole Director and Justin De Four was appointed as the new Sole Director. Justin De Four now serves as the Chief Executive Officer, Chief Financial Officer and Secretary.

Following the change-in-control transaction, effective March 22, 2023, the Company acquired Blue Heaven Coffee, Inc., an Ontario, Canada, corporation (“BHC”), a provider of unattended and attended retail and digital advertising solutions.

Change in “Shell” Status. Effective March 22, 2023, the Company acquired Blue Heaven Coffee, Inc., an Ontario, Canada corporation (BHC), a leading provider of unattended and attended retail and digital advertising solutions.

Until our acquisition of BHC, our company identified itself as a “shell company.” Effective with our acquisition of BHC on March 22, 2023, our company ceased to be a “shell company.”

The state of incorporation or registration of the issuer and of each of its predecessors (if any) during the past five years; Please also include the issuer’s current standing in its state of incorporation (e.g. active, default, inactive):

The Company is a Nevada corporation and is Active and in Good Standing in the State of Nevada.

Describe any trading suspension orders issued by the SEC concerning the issuer or its predecessors since inception:

None.

List any stock split, stock dividend, recapitalization, merger, acquisition, spin-off, or reorganization either currently anticipated or that occurred within the past 12 months:

As a result of the previous one-for-two (1:2) reverse stock split for common shares not obtaining the necessary FINRA clearances, the Board of Directors has effected a two-for-one (2:1) common stock split effectively reversing the one-for-two (1:2) stock split. Unless otherwise noted, all information herein gives effect to the two-for-one (2:1) stock split.

Effective March 22, 2023, the Company acquired Blue Heaven Coffee, Inc., an Ontario, Canada, corporation (“Blue Heaven”), a leading provider of unattended and attended retail and digital advertising solutions.

Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

The holders of our common stock are entitled to one vote per share on all matters submitted to a vote of the shareholders, including the election of directors. Generally, all matters to be voted on by shareholders must be approved by a majority (or, in the case of election of directors, by a plurality) of the votes entitled to be cast by all shares of our common stock that are present in person or represented by proxy. Except as otherwise provided by law, amendments to our Articles of Incorporation generally must be approved by a majority of the votes entitled to be cast by all outstanding shares of our common stock. Our Article of Incorporation does not provide for cumulative voting in the election of directors. Holders of our common stock will be entitled to such cash dividends as may be declared from time to time by the Board from funds available. Holders of our common stock have no preemptive rights to purchase shares of our common stock. The issued and outstanding shares of our common stock are not subject to any redemption provisions and are not convertible into any other shares of our capital stock. Upon our liquidation, dissolution or winding up, the holders of our common stock will be entitled to receive pro rata all assets available for distribution to such holders.

We have never declared or paid any cash dividends on our common stock.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or Sinking fund provisions.

Series A Preferred Stock. Each share of Series A Preferred Stock has the right, in all matters requiring shareholder approval, to 200,000 votes. The Series A Preferred Stock, as a class, is entitled to receive dividends when, as and if declared by the Board of Directors. The company has no obligation to redeem the Series A Preferred Stock. Each share of Series A Preferred Stock shall be convertible at any time into 20,000 shares of the Company's common. The Series A Preferred Stock is not redeemable.

3. Describe any other material rights of common or preferred stockholders.

None.

4. Describe any material modifications to rights of holders of the company's securities that have occurred over The reporting period covered by this report.

There have been no material modifications to rights of holders of the company's securities that occurred over the reporting period covered by this report.

3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any changes to the total shares outstanding of any class of the issuer's securities **in the past two completed fiscal years and any subsequent interim period.**

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. Using the tabular format below, please describe these events.

Recent Change in Control

Effective March 21, 2023, a change in control of Canopus Biopharma, Inc. (CBIA) occurred. On such date, (a) ML Squared, LLC sold 50% (500,000 shares) of the outstanding shares of Series A Preferred Stock and (b) PIPE QOF, Inc sold 50% (500,000 shares) of the 1,000,000 outstanding shares of Series A Preferred Stock. to a single person, Justin De Four.

In connection with the change in control, Benjamin Oates resigned as the Sole Director and Justin De Four was appointed as the new Sole Director. Justin De Four now serves as the Chief Executive Officer and Secretary; Benjamin Oates now serves as Interim Chief Financial Officer.

Following the change-in-control transaction, effective March 22, 2023, the Company acquired Blue Heaven Coffee, Inc., an Ontario, Canada, corporation (“Blue Heaven”), a leading provider of unattended and attended retail and digital advertising solutions. (See “New Business Operations” below).

Change in “Shell” Status

Effective March 22, 2023, the Company acquired Blue Heaven Coffee, Inc., an Ontario, Canada, corporation (“Blue Heaven”), a leading provider of unattended and attended retail and digital advertising solutions.

Until our acquisition of Blue Heaven, our company identified itself as a “shell company.” Effective with our acquisition of Blue Heaven on March 22, 2023, our company ceased to be a “shell company.”

BLUE HEAVEN COFFEE, INC.
(formerly Canopus BioPharma, Inc.)
Notes to Unaudited Financial Statements
August 31, 2023

1. ORGANIZATION AND LINE OF BUSINESS

Organization

Blue Heaven Coffee, Inc., formerly Canopus Biopharma, Inc., a Nevada corporation incorporated on August 17, 2021 as the result of a redomicile of CBIA, Inc, an Oklahoma corporation organized on August 2, 2021.

At the close of business on March 21, 2023, there occurred a change in control of the Company, whereby Justin De Four purchased securities representing voting control of the Company from ML Squared, LLC and PIPE QOF, Inc. In conjunction with the change-in control transaction, the Company's former sole director, Benjamin Oates, resigned as director and Mr. De Four was appointed as the Company's current sole director. Mr. De Four now serves as CEO, CFO and Secretary of the Company.

Following the change-in-control transaction, and in light of the Company's failure to establish a viable business, the Board of Directors adopted a new business model for the Company, to wit: effective March 22, 2023, the Company acquired Blue Heaven Coffee, Inc., an Ontario, Canada, corporation ("Blue Heaven"), a leading provider of unattended and attended retail and digital advertising solutions. In the acquisition, the Company issued 450,000,000 shares of its common stock to the owner of Blue Heaven, Justin De Four, the Company's new Sole Director, CEO and CFO.

On the date of acquisition of Blue Heaven, the Company ceased being a "shell company." The Company, through Blue Heaven Coffee, Inc., d/b/a Blue Heaven Café (BHC), is one of North America's leading providers of unattended and attended retail and digital advertising solutions. BHC specializes in providing client tailored, profit-driven solutions backed by innovative technologies (powered in part by breakthrough Artificial Intelligence), state of the art equipment, and top-notch service and support.

Going Concern

The accompanying consolidated financial statements have been prepared on a going concern basis of accounting, which contemplates continuity of operations, realization of assets and liabilities and commitments in the normal course of business. The accompanying financial statements do not reflect any adjustments that might result if the Company is unable to continue as a going concern. The ability of the Company to continue as a going concern and appropriateness of using the going concern basis is dependent upon, among other things, an additional cash infusion and continued expansion of the Blue Heaven business.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Company is presented to assist in understanding the Company's Consolidated Financial Statements. The Consolidated Financial Statements and notes are representations of the Company's management, which is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the Consolidated Financial Statements.

Accounts Receivable

The Company has not yet extended credit to its customers. Accounts receivable are customer obligations due under normal trade terms. Once the Company resumes offering credit to its customers, we will perform continuing credit evaluations of our customers' financial condition. Management will review accounts receivable on a regular basis, based on contractual terms and how recently payments have been received to determine if any such amounts will potentially be uncollected. The Company will include any balances that are determined to be uncollectible in its allowance for doubtful accounts. After all attempts to collect a receivable have failed, the receivable would be written off. The balance of the allowance account at May 31, 2023 and August 31, 2022, were both zero.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions by management in determining the reported amounts of assets and liabilities, disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Since the Company has limited operations, estimates are primarily used in measuring liabilities, fair value assumptions in accounting for business combinations and analyzing goodwill, intangible assets, and long-lived asset impairments and adjustments.

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. As of August 31, 2023, the Company had a cash balance of \$888,851.

Property and Equipment

Property and equipment are stated at cost, and are depreciated or amortized using the straight-line method over the following estimated useful lives:

Furniture, fixtures & equipment	7 Years
Computer equipment	5 Years
Commerce server	5 Years
Computer software	3 - 5 Years
Leasehold improvements	Length of the lease

Revenue Recognition

The Company records revenue in accordance with ASC 606. The deferred revenue and customer deposits as of May 31, 2023, and August 31, 2022, were both zero.

Research and Development

Research and development costs are expensed as incurred. Total research and development costs were zero for the quarter ended August 31, 2023.

Advertising Costs

The Company expenses the cost of advertising and promotional materials when incurred. Total advertising cost was zero for the quarter ended August 31, 2023.

Fair value of financial instruments

Fair value is defined as the price to sell an asset or transfer a liability, between market participants at the measurement date. Fair value measurements assume that the asset or liability is (1) exchanged in an orderly manner, (2) the exchange is in the principal market for that asset or liability, and (3) the market participants are independent, knowledgeable, able and willing to transact an exchange. Fair value accounting and reporting establishes a framework for measuring fair value by creating a hierarchy for observable independent market inputs and unobservable market assumptions and expands disclosures about fair value measurements. Considerable judgment is required to interpret the market data used to develop fair value estimates. As such, the estimates presented herein are not necessarily indicative of the amounts that could be realized in a current exchange. The use of different market assumptions and/or estimation methods could have a material effect on the estimated fair value.

ASC Topic 820 established a nine-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). These tiers include:

- Level 1, defined as observable inputs such as quoted prices for identical instruments in active markets;
- Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and
- Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable

Stock-Based Compensation

As of August 31, 2023, the Company had no stock-based compensation arrangements. However, if issued, the Company will address the accounting for share-based payment transactions in which an enterprise receives employee services in exchange for either equity instruments of the enterprise or liabilities that are based on the fair value of the enterprise's equity instruments or that may be settled by the issuance of such equity instruments. The transactions will be accounted for using a fair-value-based method and recognized as expenses in our statement of operations.

Stock-based compensation expense recognized during the period will be based on the value of the portion of stock-based payment awards that is ultimately expected to vest. The stock-based compensation expense recognized in the consolidated statements of operations during the quarter ended August 31, 2023, was zero.

Basic and Diluted Net Income (Loss) per Share Calculations

Income (Loss) per Share dictates the calculation of basic earnings per share and diluted earnings per share. Basic earnings per share are computed by dividing income available to common shareholders by the weighted-average number of common shares available. Diluted earnings per share is computed similar to basic earnings per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive.

For the quarter ended August 31, 2023, the Company has excluded 1,000,000 shares of Series A Preferred stock convertible into 10,000,000,000 shares of common stock, because the impact on the loss per share is anti-dilutive. Dilutive per share amounts are computed using the weighted-average number of common shares outstanding and potentially dilutive securities, using the treasury stock method if their effect would be dilutive.

Recently Adopted Accounting Pronouncements

The Company does not elect to delay complying with any new or revised accounting standards, but intends to apply all standards required of public companies, according to those required application dates.

Management reviewed accounting pronouncements issued during the quarter ended August 31, 2023, and no pronouncements were adopted during the period.

Recently Issued Accounting Pronouncements Not Yet Adopted

In June 2016, the FASB issued Accounting Standards Update No. 2016-13 (ASU 2016-13) "Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments" which requires the measurement and recognition of expected credit losses for financial assets held at amortized cost. ASU 2016-13 replaces the existing incurred loss impairment model with an expected loss methodology, which will result in more timely recognition of credit losses. ASU 2016-13 is effective for annual reporting periods, and interim periods within those years, beginning after December 15, 2022. We are currently in the process of evaluating the impact of the adoption of ASU 2016-13 on our consolidated financial statements.

In January 2017, the FASB issued 2017-04, Intangibles - Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment. The amendments in this ASU simplify the subsequent measurement of goodwill by eliminating Step 2 from the goodwill impairment test and eliminating the requirement for a reporting unit with a zero or negative carrying amount to perform a qualitative assessment. Instead, under this pronouncement, an entity would perform its annual, or interim, goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount and would recognize an impairment change for the amount by which the carrying amount exceeds the reporting unit's fair value; however, the loss recognized is not to exceed the total amount of goodwill allocated to that reporting unit. In addition, income tax effects will be considered, if applicable. This ASU is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2022. Early adoption is permitted. The Company is currently evaluating the impact of this ASU on its consolidated financial statements and related disclosures.

Income Taxes

The Company uses the asset and liability method of accounting for income taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to financial statements carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry-forwards. The measurement of deferred tax assets and liabilities is based on provisions of applicable tax law. The measurement of deferred tax assets is reduced, if necessary, by a valuation allowance based on the amount of tax benefits that, based on available evidence, is not expected to be realized. ~~For the quarter ended May 31, 2023, we used the federal tax rate of 21% in our determination of the deferred tax assets and liabilities balances.~~

As of August 31, 2023, the Company had approximately \$500,000 in tax loss carryforwards that can be utilized in future periods to reduce taxable income through 2043.

3. REVENUE RECOGNITION

The Company recognizes revenue in accordance with ASU 2014-09 Revenue from Contracts with Customers and all subsequent amendments to the ASU (collectively, "ASC 606"). In accordance with ASC 606, revenues are recognized when control of the promised goods or services is transferred to our customers, in an amount that reflects the consideration we expect to be entitled to in exchange for those goods or services.

The core principles of revenue recognition under ASC 606 includes the following five criteria:

1. Identify the contract with the customer

Contract with our customers may be oral, written, or implied. A written and signed contract stating the terms and conditions is the preferred method and is consistent with most customers. The terms of a written contract may be contained within the body of an email, during which proposals are made and campaign plans are outlined, or it may be a stand-alone document signed by both parties. Contracts that are oral in nature are consummated in status and pitch meetings and may be later followed up with an email detailing the terms of the arrangement, along with a proposal document. No work is commenced without an understanding between the Company and our customers, that a valid contract exists.

2. Identify the performance obligations in the contract

Our sales and account management teams define the scope of services to be offered, to ensure all parties are in agreement and obligations are being delivered to the customer as promised. The performance obligation may not be fully identified in 4a mutually signed contract, but may be outlined in email correspondence, face-to-face meetings, additional proposals or scopes of work, or phone conversations.

3. Determine the transaction price

Pricing is discussed and identified by the operations team prior to submitting a proposal to the customer. Based on the obligation presented, third-party service pricing is established, and time and labor are estimated, to determine the most accurate transaction pricing for our customer. Price is subject to change upon agreed parties, and could be fixed or variable, milestone focused or time and materials.

4. Allocate the transaction price to the performance obligations in the contract

If a contract involves multiple obligations, the transaction pricing is allocated accordingly, during the performance obligation phase (criteria 2 above).

5. Recognize revenue when (or as) we satisfy a performance obligation

The Company will evaluate the performance obligations as revenue recognition materializes.

4. INTANGIBLE ASSETS

As of August 31, 2023, the Company had no goodwill or intangible assets.

5. CAPITAL STOCK

The Company's authorized stock consists of 7,000,000,000 shares of common stock, par value \$0.00001 per share, and 20,000,000 shares of preferred stock, par value of \$0.00001 per share. The rights, preferences and privileges of the holders of the preferred stock will be determined by the Board of Directors prior to issuance of such shares. The conversion of certain outstanding preferred stock could have a significant impact on our common stockholders.

Common Stock

As of August 31, 2023, there were 772,601,572 shares of common stock outstanding.

Preferred Stock

As of August 31, 2023, there were 1,000,000 shares of Series A Convertible Preferred Stock outstanding. The Series A Convertible Preferred Stock is convertible into 10,000,000,000 shares of Common Stock and have the voting rights of 100,000,000,000 shares.

6. STOCK OPTIONS AND WARRANTS

As of August 31, 2023, no stock options or warrants were outstanding.

7. RELATED PARTIES

At the close of business on March 21, 2023, there occurred a change in control of the Company, whereby Justin De Four purchased securities representing voting control of the Company from ML Squared, LLC and PIPE QOF, Inc. In conjunction with the change-in control transaction, the Company's former sole director, Benjamin Oates, resigned as director and Mr. De Four was appointed as the Company's current sole director. Mr. De Four now serves as CEO, CFO and Secretary of the Company.

Following the change-in-control transaction, and in light of the Company's failure to establish a viable business, the Board of Directors adopted a new business model for the Company, to wit: effective March 22, 2023, the Company acquired Blue Heaven Coffee, Inc., an Ontario, Canada, corporation ("Blue Heaven"), a leading provider of unattended and attended retail and digital advertising solutions. In the acquisition, the Company issued 450,000,000 shares of its common stock to the owner of Blue Heaven, Justin De Four, the Company's new Sole Director, CEO and CFO. During the most recent fiscal year, Mr. De Four loaned the company \$150,000.

8. COMMITMENTS AND CONTINGENCIES

Leases

In February 2016, the FASB issued ASU 2016-02, “Leases” Topic 842, which amends the guidance in former ASC Topic 840, Leases (“ASC 840”). The new standard increases transparency and comparability most significantly by requiring the recognition by lessees of right-of-use (“ROU”) assets and lease liabilities on the balance sheet for all leases longer than 12 months. Under the standard, disclosures are required to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases. For lessees, leases will be classified as finance or operating, with classification affecting the pattern and classification of expense recognition in the income statement, over the expected term on a straight-line basis. Operating leases are recognized on the balance sheet as right-of-use assets, current operating lease liabilities and non-current operating lease liabilities. We determine if an arrangement is a lease at inception. Operating leases are included in operating lease right-of-use (“ROU”) assets and operating lease liabilities on our consolidated balance sheets. Finance leases are included in property and equipment, current liabilities, and long-term liabilities on our consolidated balance sheets. When the Company initiates a lease, we will record the transaction in accordance with ASC 840.

Legal Matters

The Company may be involved in legal actions and claims arising in the ordinary course of business, from time to time, none of which at this time the Company considers to be material to the Company’s business or financial condition.

9. CHANGE IN CONTROL

At the close of business on March 21, 2023, there occurred a change in control of the Company, whereby Justin De Four purchased securities representing voting control of the Company from ML Squared, LLC and PIPE QOF, Inc.
