#### 4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations.  
(Please ensure that these descriptions are updated on the Company's Profile on [www.otcm Markets.com](http://www.otcm Markets.com)).

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

POA Group, Inc. formerly New Wave Holdings, Inc. is a Holding company that seeks to develop, acquire, partner, or otherwise participate in, companies and concepts in the development and launch of PAO Group alternative medicines focused on 'non-traditional' patient care solutions. The realm of treatment solutions includes biofeedback, and other solutions depending upon patient needs. The Company is pursuing Lifestyle Health as it's current business model.

Trending Lifestyle Health represents a new modality for prevention and management of different chronic diseases through lifestyle changes, such as diet, exercise, sleep, stress management, social support, and avoidance of harmful substances.

Lifestyle Medicine (LM) is a preventive healthcare approach that addresses disorders caused by lifestyle factors and preventable causes of death. It focuses on educating, motivating and giving individuals the therapeutic tools to improve their quality of life through healthier habits and behaviors, including a nutritious diet, regular exercise, restorative sleep, stress management, avoidance of risky substances, and positive social connections. LM aims to prevent chronic conditions like cardiovascular diseases, diabetes, metabolic syndrome, and obesity. This field also seek to focus on addressing the root causes of many chronic diseases and thus has

the potential to significantly reduce morbidity and mortality rates, as well as the financial burden associated with chronic disease management.

Studies have shown that lifestyle interventions can be effective in preventing and treating a wide range of chronic diseases, including obesity, diabetes, hypertension, cardiovascular disease, and some types of cancer. As chronic diseases continue to surge, it has become more crucial for healthcare providers to integrate lifestyle medicine into their clinical practice. Incorporating evidence-based lifestyle interventions into patient care with the aim of enhancing their health and managing chronic illnesses is the core of integrating lifestyle medicine into clinical practice. Describe any subsidiaries, parents, or affiliated companies, if applicable, and a description of their business contact information for the business, officers, directors, managers or control persons. Subsidiary information may be included by reference.

**B. Describe the issuers' principal products or services, and their markets**

PAOG acquired plans to further research on the development of the extraction process. PAOG management plans to engage a CRO to explore filing an IND with the FDA with the goal of first launching a Phase I COPD treatment clinical trial. Typically, these trials have an objective to confirm safety and determine proper dosage for a future trial.

The Company is likely to run a concurrent CRO path for COVID-19, given its favorable preclinical, 25-patient study. Thus, a CTAP application is forthcoming, with the aid of a CRO. Given the current pandemic, it is likely that such an application is fast-tracked for further studies. In our view, since the use of non-traditional methods to treat COVID-19 symptoms is novel, and a few companies with their own data to support the concept are moving forward as well, PAOG is in an enviable position. .

The Company is actively pursuing further acquisitions and expects to secure compatible businesses in the near future. Because of management expertise and business alliances the Company expects to succeed in its chosen fields of concentration.

The Company is currently based in Las Vegas, Nevada and is operated from an office located at 11424 Frances Street Omaha, NE 68144. The Company utilizes space provided by the CEO of the Company. **PAO GROUP, INC.**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE THREE MONTHS ENDED MARCH 31, 2024 & 2023**

**NOTE 1 – NATURE OF OPERATIONS**

**Nature of Operations**

The Company was incorporated in the state of Nevada in June 2003. The Company operates as a holding company organized with the goal of acquiring and managing a diversified portfolio of profitable companies.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation**

These financial statements are presented in United States Dollars and have been prepared in accordance with Generally Accepted Accounting Principles (GAAP) in the United States of America.

**B. BASIS OF ACCOUNTING**

The Company utilizes the accrual method of accounting, whereby revenue is recognized when earned and expenses when incurred. The unaudited financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information. As such, the financial statements do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included and these adjustments are of a normal recurring nature. The results of operations for the three months ending March 31, 2024, and 2023 are not necessarily indicative of the results for the fiscal year ending December 31, 2023.

**C. USE OF ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

**D. CASH AND CASH EQUIVALENTS** Cash and cash equivalents include cash on hand; cash in banks and any highly liquid investments with a maturity of three months or less at the time of purchase. The Company maintains cash and cash equivalent balances at several financial institutions, which are insured by the Federal Deposit Insurance Corporation up to \$250,000.

**E. FIXED ASSETS** Fixed assets are carried at cost. Depreciation is computed using the straight-line method of depreciation over the assets estimated useful lives. Maintenance and repairs are charged to expense as incurred; major renewals and improvements are capitalized. When items of fixed assets are sold or retired, the related cost and accumulated depreciation is removed from the accounts and any gain or loss is included in the income. In February 2019 the Company exchanges all assets used in the clinical operations for debt and shares in Rising Biosciences, Inc.

**F. COMPUTATION OF EARNINGS PER SHARE**

Net income per share is computed by dividing the net income by the weighted average number of common shares outstanding during the period.

**F. INCOME TAXES**

In February 1992, the Financial Accounting Standards Board issued Statement on Financial Accounting Standards 109 of "Accounting for Income Taxes." Under Statement 109, deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases.

**PAO GROUP, INC.**  
**NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE THREE MONTHS ENDED MARCH 31, 2024 & 2023**

**G. REVENUE RECOGNITION**

Revenue for license fees is recognized upon the execution and closing of the contract for the amount of the contract. Contract fees are generally due based upon various progress milestones. Revenue from contract payments is estimated and accrued as earned. Any adjustments between actual contract payments and estimates are made to current operations in the period they are determined.

**H. FAIR VALUE OF FINANCIAL INSTRUMENTS**

Statement of Financial Accounting Standards No. 107, "Disclosures about Fair Value of Financial Instruments", requires disclosures of information about the fair value of certain financial instruments for which it is practicable to estimate the value. For purpose of this disclosure, the fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced sale or liquidation. The carrying amounts reported in the balance sheet for cash, accounts receivable, inventory, accounts payable and accrued expenses, and loans payable approximate their fair market value based on the short-term maturity of these instruments.

**NOTE 2- INVESTMENT IN SUBSIDIARY**

The company has elected to conservatively add acquisition and continually review potential entity that will fit the Company's business model.

**NOTE 3 – STOCKHOLDERS' EQUITY**

The company's capitalization is: 5,000,000,000 Common Shares with a par value of \$.001 per share.

5,000,000 Preferred Class A shares with a par value of \$.001 per share.

5,000,000 Preferred Class B shares with a par value of \$.001 per share.

5,000,000 Preferred Class C shares with a par value of \$.001 per share.

**NOTE 4 – LONG-TERM DEBT**

As of March 31, 2023, the Company had long-term debt of \$816,050 for notes payable to private lenders. These Notes have been classified as current since they are due at this time. The Company currently has \$57,950 in Twelve one-year Convertible Promissory Notes to the Nuemark Group LLC. Nuemark chose to convert \$3,500 of debt to 70,000,000 shares of common stock during the quarter ended March 31, 2019. The Notes carry an interest rate of 8% and are convertible at the rate of \$.00005 per share. The Company entered into a financing agreement with CDN Associates LLC wherein \$586,000 was provided under a one-year Convertible Promissory Note carrying 16% interest annually. The Company has borrowed \$86,243 from Rising Biosciences formerly known as Rising India, Inc. a public company on a demand note at 8% interest annually. That note was exchanged for assets in 2018. During the year 2018 the Company made a series of small loans from a private company named Text Pro. The total amount outstanding is \$28,100 on demand notes carrying interest at 8%. The Text Pro note was settled on July 15, 2020, through a payment from a Third party. In the fourth quarter of 2021 the Company entered two notes with a third party totaling \$176,100. The notes had a term of one year and carry an annual interest rate of 6%. The notes were cancelled based upon a belief they were made by an unregistered dealer.

On July 14, 2020, the Company negotiated a forbearance of all the outstanding Notes Payable. Settlement of the Notes will occur in the Fourth Quarter thru the purchase by a third party. Notes payable in the amount of \$35,000 were converted during the second quarter of 2021. The Text Pro note was forgiven.
