CYBERFUELS HOLDING COMPANY, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)
June 30, 2024 and 2023

Note 1. Organization and Significant Accounting Policies

Organization and Line of Business

CyberFuels Holding Company, Inc. (“the Company”) is a Delaware corporation organized March 2000. In July 2012, a new subsidiary of the Company was formed and incorporated in the state of Delaware by the name of Cyber Fuels, Inc. This subsidiary entered the Company into the alternative fuels and fuel additive markets. Effective June 18, 2024, the Company amended its Articles of Incorporation with the State of Delaware which included changing its name from Encountercare Solutions, Inc. to CyberFuels Holding Company, Inc. and effective August 20, 2024, the Company changed its trading symbol to CBRF.

Effective December 29, 2023, the Company, through three indirect subsidiaries, Tampa Bay Canal, LLC (formed in Florida 2022), CyberFuels Gateway Terminal, LLC (formed in Florida 2020), and Tampa Bay Dredging, LLC (formed in Florida 2022), acquired approximately 72 acres of land, waterways, equipment and associated businesses located at Port Tampa, Florida.

The Company also operates a healthcare company that provides high-tech home care services exclusively for children, including home infusion, home medical equipment, and ancillary services which was formed in 2000.

Liquidity and Management’s Plan

The Company has incurred recurring losses from operations for the year ended June 30, 2024. In response to these results, management has implemented the following steps to ensure the ongoing liquidity and viability of the Company: (1) the Company is expected to enter into a terminal related financial arrangement with a third party which could include some form of cost reimbursement for due diligence and transition costs and cost sharing for ongoing costs; (2) Significant shareholders have continued to invest in the company by purchasing common stock to fund continuing operations; and (3) Developed various revenue generation opportunities including increasing its additive sales and service revenues as well as revenues acquired from its business acquisition in December 2023. Management believes that the successful implementation of these initiatives will provide them with the necessary liquidity to continue as a going concern.

Investment in Joint Venture

In August 2015 the company entered into a joint venture. The joint venture was established to explore opportunities in advancing the company's medical division. For the years ended June 30, 2024 and 2023 the Company’s balance in investment in joint venture was \$595,900 and \$565,136 respectively.

Principles of Consolidation

The consolidated financial statements for the years ended June 30, 2024 and 2023 include the accounts of CyberFuels Holding Company, Inc. and its wholly owned subsidiaries; Cyber Fuels Inc. and Building Block Pediatric Home Health Services, Inc. as well as its indirect wholly-owned subsidiaries Tampa Bay Canal, LLC, Cyberfuels Gateway Terminal, LLC, and Tampa Bay Dredging LLC. Significant intercompany accounts and transactions have been eliminated in consolidation.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America includes the use of estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, the actual results could differ from those estimates. Significant estimates include the valuation allowance on deferred tax assets, the valuation of stock issued for services and the accrual, included in accounts payable and accrued expenses, necessary to satisfy the liability assumed from Seller (see note 2). Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and cash in banks. For purposes of the consolidated statements of cash flows, the Company considers all unrestricted highly liquid investments with maturities of three months or less to be cash equivalents. The Company’s cash balances totaled \$8,673 as of June 30, 2024 and \$65,280 as of June 30, 2023 which were under the applicable FDIC insurance limits.

CYBERFUELS HOLDING COMPANY, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)
June 30, 2024 and 2023

Note 1. Organization and Significant Accounting Policies- Cont.

Inventory

The Company's inventory is stated at the lower of cost or market using the FIFO costing method. There was no inventory on hand on June 30, 2024 and 2023. Inventory periodically exists of components and finished goods available and ready for sale in the CyberFuels, Inc. subsidiary.

Revenue Recognition

The Company recognizes revenue over the period the service is performed in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 605, Revenue Recognition in Financial Statements. In general, ASC Topic 605 requires that four basic criteria must be met before revenue can be recognized: (i) persuasive evidence of an arrangement exists, (ii) delivery has occurred or services rendered, (iii) the fee is fixed and determinable, and (iv) collectability is reasonably assured. The Company recognizes additive revenues when products are received by customers. Other revenues related to the terminal are recognized in the month the services are rendered while revenues from healthcare services are recognized when income is received. The Company's compliance with these revenue recognition policies resulted in the Company's deferral of income totaling \$82,008 at June 30, 2024. There were no deferred revenues as of June 30, 2023.

Property and Equipment

Property and equipment are stated at cost and depreciated on the straight-line method over the estimated useful life of the asset, which is 3 - 15 years.

Intangible Assets

In accordance with ASC Topic 350, Intangibles, Goodwill and Other, the Company requires that intangible assets with a finite life be amortized over their life and requires that goodwill and intangible assets be reviewed for impairment annually or more frequently if impairment indicators arise.

Included in the intangible assets of \$834,108 at June 30, 2024 are certain customer list intangible assets recorded in connection with the acquisition of certain businesses (see Note 2). The customer list intangible was calculated utilizing the discounted cash flows related to the canal water rights. The Company, utilizing the discounted income approach to determine fair value, allocated \$752,836 of the purchase price to the customer list intangible. The Company is amortizing the customer list intangible over its 10 year expected useful life. Amortization expense of \$37,642 has been recognized for the year ended June 30, 2024. Also, included in the intangible assets at June 30, 2024 and 2023 are \$118,914 of additive patents assigned to CyberFuels, Inc.

Shipping and Handling Costs

We expense all shipping and handling costs as incurred. We include these costs in general and administrative expenses or cost of goods sold, depending on whether such costs are related to customer transactions, in the accompanying financial statements.

Advertising

The costs incurred for producing and communicating advertising are charged to operations as incurred. Advertising expenses for the years ended June 30, 2024 and 2023 were \$5,208 and \$311, respectively.

Research and Development

The Company is not currently engaged in research and development activities. Research and development costs are charged as operating expense of the Company as incurred. For the years ended June 30, 2024 and 2023, the Company expensed \$0 towards research and development costs.

CYBERFUELS HOLDING COMPANY, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)
June 30, 2024 and 2023

Note 1. Organization and Significant Accounting Policies- Cont.

Lease Accounting

In February 2016, the Financial Accounting Standards Board (FASB) issued ASU No. 2016-02, Leases (Topic 842). This guidance requires lessees to recognize leases on the balance sheet and disclose key information about leasing arrangements. ASU 2016-02 establishes a right-of-use model (ROU) that requires a lessee to recognize an ROU asset and lease liability on the balance sheet for all leases with a term longer than 12 months. The Company adopted this standard effective July 1, 2022, as required. The Company elected the “package of practical expedients,” which permits the Company not to reassess, under ASU 2016-02, prior conclusions about lease identification, lease classification and initial direct costs. The new standard also provides practical expedients for an entity’s ongoing accounting. The Company elected to utilize the short-term lease recognition exemption for all leases that qualify. This means, for those short-term leases that qualify, the Company will not recognize ROU assets or lease liabilities. The Company elected to separate lease and non-lease components for facility leases.

Fair Value of Financial Instruments

The carrying amounts reported in the balance sheet for accounts receivable, accounts payable and accrued expenses, mortgage note payable, and related party notes payable is the approximate fair value based on the short-term maturity of these instruments.

Income Taxes

The Company accounts for income taxes under FASB Codification Topic 740-10-25 (“ASC 740-10-25”) Income Taxes. Under ASC 740-10-25, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under ASC 740-10-25, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

Recent Accounting Pronouncements

In June 2016, the FASB issued ASU 2016-13, Financial Instruments—Credit Losses (Topic 326), Measurement of Credit Losses on Financial Instruments. This standard update requires that certain financial assets be measured at amortized cost net of an allowance for estimated credit losses such that the net receivable represents the present value of expected cash collection. In addition, this standard update requires that certain financial assets be measured at amortized cost reflecting an allowance for estimated credit losses expected to occur over the life of the assets. The estimate of credit losses must be based on all relevant information including historical information, current conditions and reasonable and supportable forecasts that affect the collectability of the amounts. ASU 2016-13 is effective for fiscal years beginning after December 15, 2022. The Company estimates this guidance will have no impact on the Company. The Company implemented the guidance for the year ended June 30, 2024.

ASU 2023-09, Improvements to Income Tax Disclosures (Topic 740). In December 2023, the FASB issued a new accounting standard to enhance the transparency and decision usefulness of income tax disclosures. The new standard is effective for annual periods beginning after December 15, 2024, with retrospective application permitted. There will be no impact to our consolidated balance sheets or income statements; however, there will be changes to our consolidated financial statement disclosures, primarily related to the effective tax rate reconciliation and cash paid for income taxes.

All other recent accounting pronouncements issued by FASB (including the Emerging Issues Task Force) and the AICPA did not, or are not, believed by the Company’s management, to have a material impact on the Company’s present or future financial statements.

Reclassifications

Certain amounts from the June 30, 2023 consolidated balance sheet have been reclassified to conform with the June 30, 2024 balance sheet presentation. Such reclassifications are not considered material to the overall financial statement presentation.

CYBERFUELS HOLDING COMPANY, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)
June 30, 2024 and 2023

Basic and Diluted Net Loss per Common Share

Net Loss per Common Share is computed pursuant to ASC Topic 260, *Earnings per Share*. Basic net loss per share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during the period. Diluted net loss per share is computed by dividing net loss by the weighted average number of shares of common stock and potentially outstanding shares of common stock during each period.

Note 2. Acquisition

Effective December 29, 2023, the Company, through its indirect wholly owned subsidiaries, purchased 72 acres of land, waterways, equipment and existing businesses. The transaction was treated as an asset acquisition, and accordingly, assets were measured using the cost accumulation model with costs allocated to acquired assets on a relative fair value basis. In connection with the transaction, the Seller agreed to provide a mortgage, secured by the properties and the businesses, in the amount of \$26,800,000. The mortgage has a final maturity of December 29, 2025 with a partial payment of \$18,000,000 due on or before June 29, 2024. While the initial mortgage note payment is past due, the Seller has not called the note, nor has it begun foreclosure proceedings, as the Company is in the process of finalizing terms for its terminal joint venture with a third-party partner. In addition to the mortgage, the Company raised \$3.69 million in new equity from investors and issued 4,275,809 shares to the Seller with a fair value as of the effective date of \$2,775,000. In total, the Company acquired assets totaling \$35.83 million, including land and waterways with a cost of \$34.83 million, while also assuming \$2.5 million in liabilities of the Seller.

Expected federal income tax benefit at the statutory rate of 21%	\$499,539	\$408,714

Provision for income taxes	\$ -	\$ -

The valuation allowance was established to reduce the deferred tax asset to the amount that will more likely than not be realized. This is necessary due to the Company's continued operating losses and its uncertainty in its ability to utilize all the net operating loss carryforwards. The net operating loss carryforwards totaled \$16,668,614 at June 30, 2024 and \$14,524,053 at June 30, 2023.
