

## **Hiru Corporation Clarifies 13G Filing by Truist Financial Corp.**

**Toronto, ON – October 24, 2024** – Hiru Corporation (OTCPINK: HIRU), a growing player in the mining and resources sector, today issued a statement regarding a recent 13G filing by Truist Financial Corp. The filing reported Truist's acquisition of 123,990,767 shares of Hiru Corporation, which was stated as constituting 10.6% of the company's total shares.

Hiru Corporation's management team has received feedback from concerned shareholders regarding this filing and has undertaken a thorough review. After careful examination, it has been determined that the reported percentage ownership was not properly calculated. In fact, Truist Financial Corp.'s current stake is below 10%, standing at 3.19% of the total company's outstanding shares.

Hiru Corporation has already reached out to Truist Financial Corp. and has been informed that they have not yet reached their threshold. We are actively working to ensure the amendment of the 13G filing to accurately reflect the correct ownership percentage.

The company's Management said "We take shareholder concerns very seriously and are committed to maintaining transparency and accuracy in all of our filings and we are confident that the amended filing will address this discrepancy and provide clarity to our shareholders."

Hiru Corporation will continue to provide updates as necessary and remains focused on delivering long-term value to its shareholders.
