These statements, which may include terms such as “may,” “will,” “should,” “expects,” “intends,” “plans,” “anticipates,” “continues,” “estimates,” or similar language, reflect projections and expectations regarding future performance or operations of TeleMD.ai and its parent company, MedWell Ai.

Such statements involve inherent risks and uncertainties, including, but not limited to, general economic conditions, changes in healthcare regulations, market demand for virtual care and wellness services, technological advancements, competitive dynamics, and global geopolitical factors. Actual results may differ materially from those expressed or implied in these statements due to factors beyond the control of the company.

TeleMD.ai and MedWell Ai undertake no obligation to update any forward-looking statements contained herein.

WHO WE ARE

An AI-Powered Healthcare Platform Designed for Today's Employees

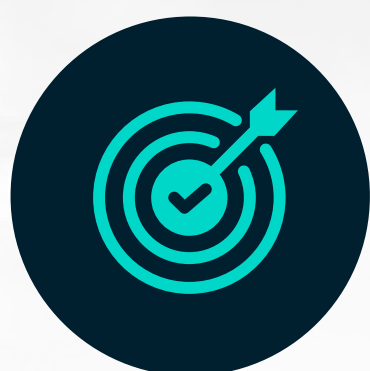

TeleMD.ai delivers round-the-clock medical and mental health access. It serves patients, providers, and employer partners with intelligent triage, seamless care coordination, and transparent subscription-based pricing making quality care more accessible, affordable, and scalable.

Guided by Purpose Driven by Impact

Vision

A world where healthcare is instantly accessible, intelligently personalized, and fully integrated into everyday life.

Mission

To remove barriers to care and empower individuals, providers, and employers through always-on, AI-enhanced virtual health services.

PROBLEM

Slow, Siloed, and Out of Sync

Disconnected Systems and Delayed Access in Today's Care Models

Millions of patients face long wait times, excessive costs, and fragmented care journeys. Traditional systems are slow, expensive, and disconnected—especially for those needing frequent access to both medical and mental health services.

Key Limitations in Today's Virtual Care

Disconnected
patient journeys
across providers

High out-of-pocket
costs and hidden
billing

Fragmented intake
processes and
inconsistent data
collection

Low engagement
and poor follow
through post-visit

SOLUTION

TeleMD.ai Next-Gen Virtual Health Powered by Advanced AI

TeleMD.ai enhances access, speed, and care outcomes with an intelligent platform that adapts to patient needs in real time. From intake to treatment, the experience is seamless, connected, and affordable.

The Tools Behind Seamless Virtual Healthcare

24/7 access to licensed medical and mental health providers

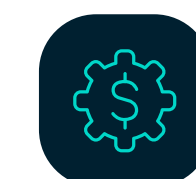

Instant prescription fulfillment with digital pharmacy integration

Unified portal for medical history, care plans, and follow-ups

Supports chronic care, mental health, wellness & urgent care

Clear billing across all services. Consistent subscription costs.

Scalable infrastructure for employer sponsored plans

PLATFORM FEATURES

Powerful Integrated Features Powering Modern Telehealth

TeleMD.ai combines intelligent automation, real-time access, and seamless integrations to deliver a modern, patient-first virtual care experience—built for flexibility, speed, and scale.

Unified Patient Portal

A secure, centralized experience for records, care history, and communication

Real-Time Provider Access

Integrated scheduling and instant consultations with licensed healthcare providers

EMR & Pharmacy Integration

Digital prescriptions sent directly to verified partner pharmacies for fast fulfillment.

Subscription Flexibility

Individuals, families, or employers can choose tailored plans with full pricing transparency.

Data Insights Dashboard

Employers and partners gain anonymized usage data and outcomes metrics

Wellness Support Built for the Modern Workforce

Bilingual

AI-Enhanced Virtual Primary Telemedicine Care 24/7/365

Employees get 24/7 access to board-certified physicians with bilingual coverage via secure video or phone. Our AI-powered intake triages symptoms and routes cases quickly, ensuring fast, intelligent care for any medical need improving outcomes, reducing delays, and enhancing the patient experience.

Mental Health

Comprehensive Mental Wellness Beyond Traditional EAPs

Licensed therapists and mental health professionals are available 24/7 by phone or secure messaging. We offer short-term therapy and long-term support with continuity, ensuring patients see the same therapist every session to build trust and improve outcomes.

TeleMD.ai Vitals

Wellness Insights Powered by Advanced Technology

No hardware required - just a selfie captures real-time vitals like heart rate, oxygen saturation, and stress levels with clinical-grade accuracy. Backed by FDA-registered tech and 95% trial accuracy, it enables seamless wellness monitoring in your employee health experience.

Everyday Savings

Preventative Health with Everyday Discounts

Every TeleMD.ai plan includes wellness savings—up to 80% off prescriptions, lab tests, and nationwide deals on vision, dental, and hearing. Members also save on gyms, groceries, wellness apps, supplements, vitamins, and more to stay healthy daily.

Wellness & Beyond

Teletherapy Plus Everyday Expert Support for Life's Challenges

Teletherapy

Short-term mental health therapy with no copays or consultation fees

Smoking Cessation

Structured support to help employees quit smoking successfully

Legal Consultations

Free legal advice plus 25% discounts on additional attorney services

In-the-Moment Support

Immediate access to help between scheduled therapy sessions

Life Coaching

Guidance to help employees achieve personal and professional goals

Nutritional Counseling

Expert advice for healthy eating habits and wellness plans

Medical Advocacy

Help navigating bills, coverage, and claims to lower healthcare costs

Medical Diagnosis Support

Expert insight and guidance on a range of medical conditions

Financial Consultations

Certified financial planners assist with budgeting, taxes, debt, and more

TeleMD.ai for Pets

24/7 Virtual Vet Support When Your Pets Need It Most

TeleMD.ai now offers on-demand access to licensed veterinarians, giving employees peace of mind for their furry family members. Whether it's a late-night concern or a routine question, pet owners can speak directly with a professional anytime, from anywhere.

24/7 Pet Telehealth

Video or phone consults with licensed veterinarians for urgent or routine care

Multi-Pet Coverage

One subscription covers all household pets, no surprise fees

Common Pet Needs

Allergies, diet, behavior issues, general health, and more

No Copays, No Stress

Unlimited consults, no consultation fees, and always available when needed

Simplified Virtual Healthcare That Works for Everyone You Employ

Inclusive Coverage for All

Whether your workforce is full-time, part-time, 1099, remote, traveling, or seasonal TeleMD.ai provides flexible coverage that extends to employees, spouses, and dependents.

Better Health, Higher Efficiency

Our always-on virtual care reduces downtime by giving employees fast, reliable access to care. Less time off for appointments means greater continuity and performance at work.

Instant Activation, No Waiting

Unlike traditional insurance plans, TeleMD.ai is live the moment you need it. No enrollment windows or delays, just immediate access to care and support.

Mental Health Access

We go beyond standard EAPs with unlimited, on-demand access to licensed therapists, coaches, and wellness experts supporting the whole employee, company-wide.

Reduced Healthcare Spend

By diverting non-emergency care away from costly ER or urgent care visits, TeleMD.ai helps companies lower health insurance premiums while improving employee health outcomes.

High Engagement, Real Usage

With no surprise fees, copays, or per-visit charges, employees actually use TeleMD.ai. That means better health results and more value for your benefit dollars.
